**THIN, FRAIL FOLKS NEED PHOSPHATE**

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known as bitro-phosphate, which is inexpensive and is sold by Sherman & McConnell in Omaha and most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing.

This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright, and pale cheeks glow with the bloom of perfect health.

**CAUTION**—Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its remarkable flesh-growing properties, be used by anyone who does not desire to put on flesh.—Adv.

**CHILD KILLED BY TRUCK; MOTHER IS FATALLY HURT**

**Driver of Machine Held Without Bail by South Side Police; Run Down In Street.**

Albert, jr., 3 years old, was instantly killed at 6 o'clock Tuesday evening, and his mother, Mrs. Albert Kostal, Fifth and P streets, lies at the point of death at the St. Joseph hospital as the result of being struck by a grocery truck, driven by Joe Snyder, at the intersection of Fifth and Q streets.

Snyder is being held without bail by South Side police officials pending an investigation into the accident by Deputy County Attorney Paul S. Steinwenter. Snyder is an employe of the Milder Grocery company, Twenty-fourth and N streets, and was operating their truck at the time of the accident. He lives at 1527 Drexel street.

**Boy Instantly Killed.**  
Police rushed the injured woman and her son to the hospital, where Dr. Edward Chalupka attended them. The boy was found to have been instantly killed. Besides a fractured shoulder and a broken leg the mother is thought to be suffering from internal injuries. Hospital authorities refused to divulge the full extent of the mother's injuries.

According to Snyder, who is but 18 years old, and who was taken into custody immediately after the accident occurred, the injured woman stepped directly in front of the machine. He stated that he was proceeding at a minimum rate of speed when she was struck.

Mrs. Kostal, whose husband is employed at the Ford Motor company,

was returning from the central portion of town, where she had made several purchases.

As she stepped from the Ralston interurban car one of her three children suddenly broke away. The mother, fearing for its safety, began to pursue the child. Snyder stated that it was at this time that the accident occurred. The mother was so engrossed in her child she failed to notice the approaching machine. Before he could apply the brakes he had struck both mother and child.

The boy was instantly killed, his head being crushed.

**BOYS OF 89TH TO PARADE IN CITY EARLY NEXT WEEK**

**Men Who Have Carried Glory of Nebraska to French Soil to Arrive In New York Thursday.**

Omaha and Nebraska soldiers of the 89th division will parade on Farnam street early next week, according to a telegram received from Senator Norris of Nebraska at the Chamber of Commerce yesterday morning.

Two Nebraska units, the 356th infantry and the 341st Machine Gun battalion of the 89th division, composed predominately of Omaha men, will stop off here and at Lincoln while on their way from the east coast to Camp Funston to be demobilized. They will stay here for three hours.

**Will Land Today.**

The 89th lands at New York today.

Governor McKelvie telephoned the local Chamber of Commerce yesterday asking that preparations to welcome the boys will be made at once. The men will be interned in the New York district to be demobilized for at least one day. They will then proceed at once with their commanders to Camp Funston, the two Nebraska contingents stopping off on the way.

Gould Dietz and Lysle I. Abbott of Omaha, in the absence of Robert Manly, commissioner of the Chamber of Commerce, said that elaborate preparations will be made at once.

**Governor Leaves for New York.**

**Former Detective Is Badly Beaten Up By 3 Unidentified Men**

John Unger, a former Omaha city detective, now a farmer living near Benson, was badly beaten up late Tuesday afternoon by three unidentified occupants of a car with which he collided while on his way home from Omaha.

The three men escaped, coming towards Omaha.

Unger's car collided with the strangers' machine on the Keystone park road at 3:30 o'clock. An argument followed in which one of the men accused the former detective with stealing "his whisky." Unger denied the accusation and a fight started. One of the four drew a gun and held off D. C. Rotchford, Benson farmer, who was with Unger, while the others did the fighting.

Unger reported the affair to Omaha police.

**Bull Comes Out Second Best In Charge On Auto**

Medora, Ill., May 21.—Turn up the lights and play a tune from Carmen's "Il Travatore," for this is a tale of a bull who wanted to die to make a Spanish holiday. He saw the red light on an automobile driven at night by a party of Mexicans and forthwith charged. Head down, his horns collided with the side of the car and nearly upset the frightened occupants. They escaped injury, however, and the bull with a badly battered bumper snoringly decamped into a field after it found its adversary was made of tin and not human flesh.

**Two Boys Fined On Charge Of Conspiring to Seal Cars**

James O'Neill was fined \$200 and Fay Hatfield \$100 by District Judge Redick on their pleas of guilty to

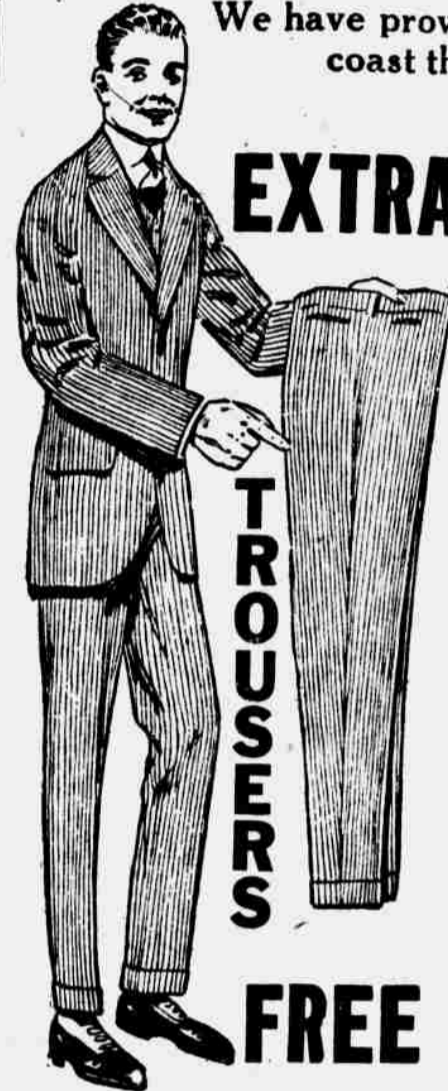

the charge of conspiring to steal automobiles. The boys were arrested while trying to start a car in front of the Brandeis theater the night of April 4, 1919.

Hatfield was the principal witness at the trial of William Swan last

week in Judge Redick's court. Swan was charged with being the third conspirator. The jury disagreed in his case. Hatfield has already served enough time in jail to pay for his \$100 fine and was set at liberty.
