Daintily Corseted

How can you be daintily dressed when you wear the same corset all the time?

You wear no other garment so continuously.

Why not have several pairs of corsets for then you have a chance to have them laundered?

Warner Corsets

do not lose their shape nor does the boning rust by laundering.

We realize the importance of the corset as the foundation for the outer apparel. We do not urge you to buy a corset because of its price, but because it suits your requirements. There are

Many Good Features

about Warner's corsets. We could talk on indefinitely, but we will name just two—the shape and the guaranty. Warner's corsets are accurately designed and guaranteed not to break, tear or rust.
