Total6,998 10.794 7,557 Cattle—the week opens out with a rather moderate run of cattle, about 5,800 head, but the quality of the offering was rather inferior. Demand lacked urgency and bearish reports from eastern beef and cattle markets created a very weak feeling in the trade so that it was late in the forenoon before much business had been done. Bids and sales on early round were anywhere from steady to 25c lower than last week for both beef steers and cow stuff and feeling on all sides was decidedly weak. There was a fair call for what few stockers and feeders were offered and prices were generally stead for anything at useful in this line.

BEEF STEERS. Receipts of both prairie hay and nifalfa good, but on account of the poor demand the market is weak and lower on both prairie hay and alfalfa. Straw is also lower on account of the demand being quiet.

Frederick McConnell Back: Was Prisoner of Germans

Frederick McConnell, son of Mr. and Mrs. F. R. McConnell, 1014 Park avenue, has returned home after spending a year in France. For five months prior to the signing of the armistice, Private McConnell was a prisoner in the hands of the Huns. He was released December 10.

The unit of which McConnell was a member was surrounded and overcome by the enemy near Chateau Thierry on July 15. McConnell and his fellow prisoners were forced to work on a railroad while continually exposed to allied shell fire. The returned veteran stated that the work of the Red Cross had saved the lives of many American boys imprisoned by the Germans.
