Life! the symphony whose harmony would languish into death
If it never knew the discord which brings out its sweeter breath.

Be still, and heart! and cease repining:
Behind the clouds is the sun still shining.

SOCIETY

Interested Guest at Peace Luncheon

An interested guest at the peace luncheon which will be held Saturday at the Fontenelle will be Mrs. John Dempster of Omaha. The luncheon holds more than one thrill for Mrs. Dempster, and it is not only the joy of peace that makes her one of the guests, but a strong personal interest coming from the fact that Susan B. Anthony and Mrs. Dempster's grandmother attended school together.

Dr. Shaw being Mrs. Anthony's successor for the cause holds many personal remembrances and items of interest in the life of her leader. These are greatly of interest to Mrs. Dempster and a personal interview with Dr. Shaw will be a great pleasure in store for Mrs. Dempster.

War Camp Community

The Chamber of Commerce placed Harry Morrison of the War Camp Community Service in charge of all singing during the parade when the '89' are in town. There will be singing squads at intervals all along the line of march. The Camp Fire Girls will form one squad, the students from Creighton university will form another, all the girls from the Patriotic League club, Y. W. C. A. clubs, Jewish Welfare clubs and all other girls wishing to show the returning men a royal singing welcome are invited to join the squad. The organized chorus of the colored churches will also form another squad. Each squad will be furnished with paper caps and song sheets and may also wear the signa of their own clubs. Each chorus will have a song leader to head them. The trains will not all arrive at the same time, so the same amount of pep must be reserved for each troop as they come, so to this end everyone is asked to clip out these songs and take them to the parade and sing them with the singing squads. The first two songs were used on the recent trade trip made by the Chamber of Commerce. The second one was written by a man who just returned and was sung by all the men on the boat returning. The last one every one knows.

Will all the above groups watch tomorrow's papers for the announcement when and where their particular squad will meet and under which squad leader.

I Like a Town Like Omaha.

(Chorus—'I Want a Girl')
I like a town like the town
We all call Omaha.
Where perfect health and boundless wealth
From the rich land of the West
But I like green Nebraska plains for mine.
Grand place to strike, that's why I like
A town like Omaha.

Omaha.

(Chorus—'Tummy')
Omaha, Omaha, city of the great big west,
But your life is the best.
Omaha, Omaha, the only place on earth
To live.

Omaha, Omaha, it's the center of the earth.

There you get your money's worth,
Omaha, Omaha, come and buy your goods
From us.
In Omaha.

TURN HAIR DARK WITH SAGE TEA

Grandma kept her locks dark, glossy and youthful with a simple mixture of Sage Tea and Sulphur.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive.—Adv.

THIN, FRAIL FOLKS NEED PHOSPHATE

Nothing Like Plain Bipro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which continually are advertised for the purpose of making thin people fleshy, developing arms, necks and bust, and restoring gray hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are usually due to general impoverishment in the health. Phosphorus is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by Sherman & Metzger in Omaha and most all good druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing.

This increase in weight also carries with it general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright, and pale cheeks glow with the color of perfect health.

CAUTION—Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not be used by anyone who does not desire to put on flesh.—Adv.

Cocoanut Oil Makes A Splendid Shampoo

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Multisified cocoanut oil shampoo (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get Multisified cocoanut oil shampoo at most any drug store. It is very cheap and a few ounces is enough to last everyone in the family for months.—Adv.

Anderson Tells of Change in Wife's Condition

Was So Nervous She Couldn't Hold Cup of Coffee Without Spilling It.

Anderson Tells of Change in Wife's Condition

"My wife's wonderful improvement is the talk of all our neighbors," said G. Anderson, who lives at 2550 Norton Ave., Kansas City, Missouri, in conversation with a Tanlac representative a few days ago.

"When she began taking Tanlac," he continued, "she only weighed one hundred and ten pounds and hardly ever enjoyed a well day, but now she weighs one hundred and forty-seven and is enjoying better health than she has in ten years. For years her stomach had been in such a bad condition that she couldn't eat without bloating all up with gas and suffering terribly with pain and palpitation of the heart. She was badly constipated and had headaches and pains in the back every day. Her appetite was very poor and what she did eat seemed to do her no good as she was losing weight and strength. She also had an attack of the 'flu' and this left her in a much worse condition than ever.

"She had tried every kind of stomach medicine we heard of, but she kept getting worse until a lady friend of hers, who had gotten well by taking Tanlac, persuaded her to try it. Before she had finished the first bottle she had a good appetite and was able to digest her food better. Now she can eat just anything and says she never feels a sign of gas, bloating or pain afterwards. She was so nervous before taking Tanlac that she couldn't carry a cup of coffee without spilling it and would sometimes drop the cup. But now her nerves are in good shape and she sleeps every night just like a child. Her headaches and backache have left her and her housework seems to be easy for her. If anybody had told me Tanlac could do so much for my wife I wouldn't have believed them. It certainly is the finest medicine made and I am glad of the opportunity to tell the public about it."

Tanlac is sold in Omaha by all Sherman & McConnell Drug Company's stores, Harvard Pharmacy and West End Pharmacy. Also Fort and Henry Drug Company in South Omaha and the leading drug-gists in each city and town throughout the state of Nebraska.—Adv.
