Cattle—Cattle receipts were liberal again today, about 7,400 head, and the three days, supply has been fully 2,000 heavier than for the first half of last week and 10,000 heavier than for the same three days ago. Trade was very slow in opening and bids and sales on early rounds were fully 25c lower than Tuesday or 50@75c lower for the three days. This applied to both heef steers and cow stuff and the yearlings appeared to suffer fully as much as the heavier cattle. Advices from eastern beef market were very bearish and tone to the tade was weak throughout. In stockers and feeders there was not much doing but prices for all except choice kinds averaged around half dollar lower than last week.
