

DISCIPLINE IS OBSERVED WHEN MEN MARCH AWAY

Nebraska Soldiers Return to Trains After Few Hours of Reunion; Go to Capitol City.

Military discipline was observed during the march of the soldiers to the high school grounds and on the return march to the trains at Union depot.

If any member of the 355th or the 341st did not get his "little tummy" filled while at the high school grounds, it was his own fault, because there was enough and to spare.

Thousands remained downtown until the men marched back to the depot and there were more cheers and more noise during the return march.

The leave-taking of mothers and wives at the high school grounds was tender, after the few hours of reunion with the boys, they have been waiting for during these long days.

The first of the three trains was moved out of the Union station at 11:45 with the machine gun battalion, bound for Lincoln, where a welcome celebration will be held.

The two trains bearing the 255th infantry followed the gunners within an hour.

From Lincoln the men of the 89th will proceed to Camp Funston, where they will be discharged within the next few days, and then they will all return to civil life.

The 355th was organized at Camp Funston in September, 1917. Most of the men of this regiment were from Nebraska during its entire overseas service and it was known as the "Nebraska Regiment."

MANY ROBBERIES AND BURGLARIES THURSDAY NIGHT

Board of Education and Minister's Home Visited by Burglars; Man Robbed of \$320.

James Didler of Mission, S. D., got aboard a Farnam car at Sixteenth and Farnam streets Thursday afternoon. He was taking his wife to St. Joseph's hospital. In his pocket was a purse containing two \$100 bills, two \$50 bills and \$20 in notes of lesser denomination. When he got off he was minus the sum.

John Martin, 4622 South Twenty-third street, couldn't find the \$13 he had placed in his pocket when he left home after he got downtown last night. He remembers being jostled on a street car, he told police.

William Sneckenberger's gold watch was neatly picked from his

pocket at Twenty-fourth and Sprague streets Thursday night.

Pickpockets were not the only rogues busy in Omaha Thursday. Auto thieves had a good day and burglars made some neat hauls.

The Nebraska Service garage, 218 South Nineteenth street, was entered Thursday night and three watches and \$10 in cash stolen. The thieves had been frightened off before securing all their loot as yesterday morning a car filled with new tires was found just inside the door.

The Rev. R. A. Laipply, 818 North Eighteenth street, is minus some dresses, or at least his wife is, owing to a visit from porch climbers Thursday night. The thieves broke into the minister's home while the family was away. Eight dresses, some carpets, a horse blanket and other peccates are missing.

The Board of Education was not passed by. Five gallons of varnish, 10 gallons of linseed oil and 300 pounds of white lead were stolen from its rooms in the city hall Thursday night.

Checks Show Relief Funds Paid by Ford to Soldiers' Families

Mt. Clemens, Mich., May 30.—Counsel for the plaintiff in the \$1,000,000 libel suit of Henry Ford against the Chicago Daily Tribune yesterday produced in Judge Tucker's court cancelled checks showing that the company had actually paid relief funds to dependents of employees who went with the national guard to the Mexican border in June, 1916.

Elliott G. Stevenson, of counsel for the defendant, argued that the rules of the department showing, among other things, how dependents were cared for were inadmissible and contended that testimony should concern only what the department actually did in the specific cases of the dependents of employees absent on military duty.

Attorney Alfred J. Murphy, of counsel for Mr. Ford, argued the right to show a continuous policy of Mr. Ford in caring for his employees and seeking to better their condition. The cancelled checks showed that payments from \$10 to \$15 a week to 14 families were made. They began July 26, a month after the guard was called out, and continued for varying periods, some until February, 1917.

San Francisco Man Held at Kansas City For Misuse of Mails

San Francisco, May 30.—Douglas H. Riker, president of the Associated Swine Breeders, Inc., of this city is under arrest in Kansas City, Mo., on telegraphic warrant to face federal charges of misappropriating \$30,000 it was announced at federal offices here today.

Charges of destroying books of a corporation were preferred against Riker by the federal trade commission and charges of using the mails to defraud preferred by the Postoffice department. For two months federal agents have been searching the continent for him.

Riker was formerly an oil operator at St. Louis and in addition to the swine association project recently operated the ranch loan and finance company with offices in Salt Lake and Los Angeles.

Federal officers also charge Riker issued checks against banks here and in Los Angeles, in which he had no funds. Arrangements for his extradition to this city for trial were being made today.

Decorate Graves of Americans Buried In United Kingdom

London, May 30.—The graves of 1,562 United States soldiers and sailors were decorated today in many parts of the United Kingdom. American flags were placed above them by army and navy officials, and on each was placed a wreath by representatives of the Knights of Columbus.

In each cemetery there were impressive ceremonies conducted by the local clergy, large numbers of the townspeople turning out to pay tribute to the Americans.

A special train, bearing American Ambassador John W. Davis and many other prominent Americans, left here this morning for Brentwood cemetery, where short services were conducted.
