Chienge May 21.—Big receipts turned the corn market downward today and did much to relieve traders from misgivings that there would be a month-end sque-ze of shorts. Selling, however, was not aspecially. Many dealers were absent in the country getting a personal opinion of crop conditions. Opening prices, which raised from the to 15ge flower, with July \$1.64 to \$1.64½ and September \$1.55½ to 21.26, were followed by moderate railies.

Cats were easy with corn. After opening &e to 15ge forf, including July at 67½c, the market recovered somewhat.

Provisions sympathized with the weak-less of grain. Most of the trading was in lard.
