THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are often due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by Sherman & McConnell in Omaha and makes all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate should produce a welcome transformation in the appearance of those who are frequently being astonished.

Increase in weight also carries with it general improvement in health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, should soon disappear, dull eyes ought to brighten and pale cheeks glow with the bloom of perfect health.

Heal Skin Diseases

It is unnecessary for you to suffer with eczema, blotches, ringworm, rashes and similar skin troubles. It cleanses and soothes the skin and heals quickly and effectively most skin diseases.

Zemo is a wonderful, penetrating, disappearing liquid and is soothing to the most delicate skin. It is not greasy, is easily applied and costs little. Get it today and save all further distress.

For Constipation Carter's Little Liver Pills will set you right over night. Purely Vegetable.

MERCHANTS OF OMAHA ENDORSE GRAND OPERA

Associated Retailers Give Out Statement Correcting Wrong Impressions; Guarantors Being Signed Up.

In a statement given out yesterday the retail merchants of Omaha made it very plain that the association heartily endorsed grand opera in Omaha at least once a year.

Upon request of the Chicago Grand Opera association, and instructions from President Charles B. Black of the Associated Retailers of Omaha, we address this letter to all who should be interested, for the purpose of clearing up what seems to be a misunderstanding.

The Associated Retailers of Omaha for three years took upon themselves the work entailed to bring this superior organization to Omaha, and through the efforts of the association membership, Omaha received some very valuable publicity.

This year we were again approached, to get behind such a proposition, and after mature discussion and consideration, it was decided that the association had asked its membership about all the time they could expect them to give to assist Omaha in getting to the front as a musical center, and therefore the association declined to stand sponsor for the opera series.

The association, in declining, went on record as endorsing strongly the idea of having grand opera in Omaha at least once a year, and the question being asked, members were informed that it would not be any violation of any rules and acts of the association should an individual member or firm go upon the guaranty to bring this much desired organization to our city.

Yours truly, ASSOCIATED RETAILERS OF OMAHA.

JAS. W. METCALFE. The impression that has been worked against bringing the Chicago Grand Opera Company to Omaha, but since it has been corrected guarantors are readily being signed up and no further trouble is anticipated in securing the amount necessary to assume the success of the local opera season.

An Artist at Court. Painting by Otto Erdman.

OCASIONS such as the one pictured above were once the exclusive privilege of royalty. An invitation to hear some famous musician at court was the event of a lifetime. But the enjoyment of good music ought to be, and today is, a universal possession. Nowhere in the world is music appreciated more keenly than in America. It has remained for American mechanical ability and musical genius to produce an instrument that is without a peer.

The Chickering Ampico Reproducing Piano brings to your home a score or more of the world's greatest living pianists. Hundreds of the world's finest musical selections are here, and we shall take great pleasure in playing them to you. Come in, today.

PERMIT GRANTED THOMAS FRISH TO SELL SOFT DRINKS

Zimman Protests, But Is Outvoted by Other Members of the City Commission.

City Commissioners Zimman and Ringer engaged in a battle royal of emphatic language on the floor of the city council chamber yesterday. Police Commissioner Ringer offered a resolution to revoke the soft drink permit of Thomas Frish, 202 N. street, on the grounds that Frish had been convicted in police court of illegal possession of intoxicating liquors.

Frish told the council that he was roughly handled by Detectives Anton Francl and R. A. Heller at the time of his arrest, and that he was held in a cell for two hours notwithstanding that he had the required bond money. He admitted having two pints of whisky in his pockets, but denied intentions of selling.

The Frish permit was revoked by a vote of four to one, Mr. Zimman being in the minority.
