Mr. and Mrs. Wilber W. Annes visited in Omaha en route from Beaver City, where Mr. Annes delivered the Decoration day address. Beaver City is Mr. Annes' old home town, and he was enthusiastic in telling of its growth since he last visited

He edited a column of paragraphs of the Walt Mason style while working on the Beaver City Times-Trib-une, which was established by his father. He gives credit for the success of the paper to the editorial brilliancy of the present owner, F. N. Merwin.

Wide streets capable of parking automobiles three deep was one of the interesting features Mr. Annes noticed during his visit. He says Beaver City is one of the most prosperous and thriving cities in south east Nebraska, with beautiful homes, churches, banks and business blocks This prosperous city of 2,000 people is situated in the heart of a fine farm ing community with land increasing

viewed old times with the follower of Grant and Sherman.

Mr. Majors was greatly interested in the airplane being used by Dr. Brewster and inquired of Mr. Annes, who is now a druggist, if he filled any prescriptions in the new plane. Mr. Annes admitted making a flight He predicts that airplanes will soon in common use by physicians, but be in common use by physicians, but objects to his doctor friend taking the risk required of a pioneer.

BOY SCOUT DRIVE FOR \$27,000 TO

(Continued From Page One.)

week as set forth in President Wilson's proclamation are as follows: Public recognition of what Boy

Scouts did to help win the war: Stirring up each community to conditions affecting its boyhood. Education of community on how the Boy Scout program meets local

Organization of Boy Scout troops stitutions which have a point of contact with boy life, and by commun-

Enlistment of suitable men, especially returning soldiers and sailors, as volunteer leaders in local Boy Scout work.

Organization of Councils, Organization of local councils of the Boy Scouts of America to super-

vise the work locally.

Enrollment of 1,000 associate members of the National Council of the Boy Scouts of America, men and women, paying \$1 or more each for such membership, to enable the organization to extend its work to the greatest possible number of

boys.

Enrollment of at least 1,000,000 more scouts by February 20, 1920, the tenth anniversary of the founding of the movement in America. Associate memberships in the Boy Scouts will cost a minimum of \$1 each and are open to men and women. Larger amounts are desired, of course, from those who can afford it, and are sufficiently interested to pay more.

Each person who becomes a member will receive a certificate signed by the officers of the Boy Scouts of America and the chairman of the National Citizens' committee, W. G.

Campaigns will be opened today in churches of the city, talks being made on the merits of scouting in helping the boyhood of the community. In some instances Boy Scouts will make four-minute addresses and will otherwise participate in the program. Tomorrow meetings will be held in most cities and towns to give committees on survey opportunity to present their reports on the conditions affecting boy life in their communities.

Four-Day Drive.

The membership and financial campaign will run through four days, Tuesday, Wednesday, Thursday and Friday. Saturday, June 14, will be Flag day, and Scout organi zation ceremonies will be held in most communities.

Interest in the campaign will be aroused by various plans. Besides services in the churches, there will be public meetings, community barbecues, receptions to scouts and scout officials, scout banquets, field days and excursions and picnics. The survey committees, by virtue of their careful investigations of boy life in various communities, will put into the hands of scout officials and civic authorities the latest and best information available regarding the boyhood of the country. The ques-tions of working conditions among boys, idleness, truancy, juvenile de-linquency, reform and correction, gangs and clubs, demoralizing shows, are among the negative influences to be reported upon. Among the positive and constructive influences will be the work of Sunday schools, institutions and organizations with constructive programs for leisure time of boys, boys not reached by the scouts, opportunities for scout troops and available scout

To Hold Demonstrations.

Demonstrations will be held throughout the country in communities where scout troops exist, in orscouts. This will include life sawing, safety first, cleaning up and good health campaigns and various other activities for which the Boy

Scouts are noted. The outstanding purpose of this campaign is to reach more of the

Essex Popularity Grows

Note Their Increasing Number On the Streets and Ask Their Owners Sells at \$1395 f. o. b. Detroit

Hailed as a New Leader

All who have seen the Essex will understand how difficult it is to appear temperate in our claims for it.

People are saying the most enthusiastic things about it. They like its light weight and the way in which it combines the economy of the cheap car with the quality, endurance, comfort and performance of the large costly automobile. Motorists in every section are praising the Essex. Tens of thousands have ridden in it. A million have seen the Essex. All hail it a new leader.

"It Is THE Light Car"

That in a sentence expresses a view of practically everyone.

It describes their feelings as to its type, its value and its distinctive performance. Motorists have long talked of the car that would be enduring and comfortable to ride in and of great performance ability and still that would be neither heavy nor costly to

They describe the Essex as being "the car" that fills that field.

And they have long wanted a light car that they would not have to apologize for because of its appearance. So their expression, "That is THE Light Car," describes their feelings concerning the Essex.

When Can I Get an Essex? That is the question all are asking.

Thousands of course have already been shipped. They are going out from the factory in increasing numbers every day. But orders are also piling up and from the first we have had waiting lists.

It is not a question of selling the Essex during the next several months. The question will be "Who will get them?" If you are to be an Essex owner you must not delay ordering.

Everyone who knows the Essex is enthusiastic for it. All are talking about it. You can understand something of Essex popularity if you will listen to what motorists are saying. Ask any owner. If you haven't ridden in an Essex there is a pleasant experience in store for you.
