The wedding of Miss Alice Brady, daughter of Mrs. W. H. Davidson of Springfield, Neb., is one of the eight canteen workers of the American Red Cross in London who have been singularly honored by the American marine corps in recognition of their work for the Red Cross canteen for marines in London.

They have been made life associates members of the marine corps and presented with brooches of gold and silver, the design being an exact reproduction of the official marine corps device worn on the cap of each member of the organization.

Maj. Charles P. Gilchrist, commanding officer of the marines in London, made the presentations at the naval headquarters. He also gave to each canteen worker a letter including the following message: "You have nightly spent hours at this arduous work and your invariable cheerfulness and comradeship have done much to reconcile us to our lot of serving behind the fighting front. The British hospitality has been untiring, out it has been our privilege to receive at your hands that genuine American touch which kept fresh our realization of the

charm and sacredness of the best type of our country's womanhood, which you so splendidly typify."

#### Alice Brady

When Miss Alice Brady recently became the bride of Dr. Frank Crane's actor son, two prominent families were united and linked two very opposite walks of life—the theatrical world and the pulpit. Dr. Crane, for many years, has believed in uplifting the theatrical profession instead of scorning it and his writings have done much toward this end.

## Get Back Your Grip On Health

Physician Gives Practical Advice On What to Do to Help Build Up Your Strength, Power and Endurance—Explains

How Organic Iron—Nuxated Iron—Helps Put Renewed Vim and Energy Into the Veins of the Weak, Nervous and Run-down—

Thousands of men and women are impairing their constitutions laying themselves open to illness and literally losing their grip on health simply because their blood is thinning out and possibly starving through lack of iron.

To possess the power, energy and endurance that win the blood should be rich in strength-giving iron. For this purpose physicians below explain why they prescribe organic iron—Nuxated Iron—which by enriching the blood and creating thousands of new red blood cells often quickly transform the flabby flesh, toneless tissues and pallid cheeks of weak, anemic men and women into a glow of health. It increases the strength of delicate, nervous, run-down folks in two weeks' time in many instances.

In explaining why he regards iron as absolutely essential to the greatest development of physical and mental power, and discussing the probability of building up a stronger race of people by increasing the supply of iron in their blood, Dr. George H. Baker, formerly Physician and Surgeon, Monmouth Memorial Hospital of New Jersey, says:

"Iron is absolutely necessary to change food into living tissue, muscle and brain. Refined foods and modern methods of cooking have robbed us of much of the iron which Nature intended we should receive, and for supplying this deficiency and increasing the red blood corpuscles I know of nothing more effective than organic iron—Nuxated Iron. From a careful examination of the formula and my own test of preparation which any physician can take himself or prescribe for his patients with the utmost confidence of obtaining highly beneficial and satisfactory results. The fact that Nuxated Iron is today being used by over three million people annually as a tonic, strength and blood-builder, is in itself an evidence of tremendous public confidence and I am convinced, that if others would take Nuxated Iron when they feel weak and run-down it would help make a nation of stronger, healthier men and women."

Commenting on the use of Nuxated Iron as a tonic, strength and blood-builder, Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, said:

"Thousands are held back in life for want of sufficient iron in the blood. A weak body means a weakened will power, and like the race horse beaten by a nose, many a capable man or woman falls just short of winning because they don't back up their mentality with the physical strength and energy which come from having plenty of iron in the blood. That irritable twitch, that fit of despondency, that drowsy, fearful feeling—these are the sort of signals nature gives to tired, listless folks when the blood is clamoring for strength-giving iron—more iron to restore the health by enriching the blood and creating thousands of new red blood cells."

Nuxated Iron in its original packages and see that this particular name (Nuxated Iron) appears on the package.

If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next, take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. Numbers of nervous, run-down people who were ailing all the while have most astonishingly increased their strength and endurance simply by taking iron in the proper form. And this after they had, in some cases, been doctoring for months without obtaining any benefit.

MANUFACTURER'S NOTE: Nuxated Iron recommended above is not a secret remedy but one which is well known to druggists everywhere. Unlike the old iron tonic, it is easily assimilated, does not injure the stomach, make the tongue or the stomach. The manufacturer guarantees successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed in this city by Five Shuman & McConnell Drug Stores and all other druggists—Adv.
