

### CENTENARY FETE OF METHODISTS TO BE ELABORATE

Exhibition Grounds at Philadelphia Cover Nearly 200,000 Square Feet Floor Space.

Philadelphia, June 7.—A world's fair of missionary activities with special features in music, pageantry, exhibits and speakers is what the Methodist Centenary celebration will present to the public, in Columbus, O., June 20 to July 13, according to H. B. Dickson of Philadelphia, organizing secretary, who with more than 10 years' experience in handling large religious assemblies, freely predicts this the biggest gathering of its type in the history of America or the world.

The exhibitions alone occupy eight large buildings, with a total floor space of nearly 200,000 square feet. Separate buildings will house the exhibits of China, India, Africa, the islands of the sea the home mission field and Europe and Latin America. Native Christians from all these areas will be brought to assist the corps of 15,000 workers who are prepared to explain the missionary activities in all sections of the world to visitors.

Dr. E. H. Richards of Oberlin is director of the African building and associated with him are Prof. Frederick Starr of the University of Chicago, and Dr. J. T. C. Blackburn of Algeria. Episodes from the life of Dr. David Livingstone and of Theodore Roosevelt's trip through Africa will be reproduced. A small section of China has been transported to Columbus, walls and all Chinese farm, Chinese restaurant, Chinese village, Confucian temple and Methodist mission, all will be reproduced. Dr. John Gowdy of Fuchan, and Y. C. Yung of the Chinese legation at Washington, are directing this work.

For the Japanese section Dr. C.

S. Davison, formerly of Tokyo, is furnishing supervision. Dr. Harry Farmer has prepared the exhibition of the Philippines. Dr. J. R. Denyes of Pittsburgh has charge of the exhibit of Malaysia. Dr. W. G. Cram of Nashville directs the Korean section.

The ruined cathedral capable of holding 500 persons will be used for lectures on devastated France and Belgium. This exhibit has been arranged by Dr. E. M. Tipple. Dr. L. E. Linnell, formerly of India has devised the entire scheme of the India exhibits which includes Hindu temples, bazaars and village life of India.

Dr. Ralph E. Diffendorfer of New York has assembled the exhibitions of home missions, which occupy two large buildings. The American Indian section here is in charge of R. T. Blackburn of Oklahoma City and E. E. Higley of Des Moines has specialized on Alaskan Indians and Eskimos. Prof. C. H. Trowbridge of Brevard, N. C. and Rev. E. A. Bishop of Sevierville, Tenn., are building the exhibits of the American mountaineers. The Oriental phase of American mission work is demonstrated by Dr. H. B. Johnson of Berkeley, Cal., Prof. C. H. Tobias of Washington, D. C., is in charge of the negro section. New Mexico and the southwest are being reproduced under direction of Rev. V. M. McCombs of Los Angeles and Rev. J. A. Phillips of Roswell, N. M.

### Where should I buy my Piano?

More than 130,000 Steinway Pianos have been sold for use in American homes. More than 40,000 Steinways have been sold in foreign countries. More than 90 per cent of the foremost music schools and conservatories are equipped with them. More than 95 per cent of the world's greatest pianists use them. More money has been paid for them than for any other piano. More years of service and satisfaction are gotten from them than from any other piano. Do you wonder that—all over the world—the Steinway is known as "The Best Piano?"

Uprights, \$1,050 and Up.  
Other Instruments Taken in Exchange.

### The Value of Teeth in Dollars and Cents

There is general recognition among large employers of the money value of teeth. They find good teeth increase the workable efficiency of the men and reduce the time lost through sickness and disease.

It's a money proposition that no ambitious man or woman can afford to overlook.

See us today about your teeth.
