

MAN SHOULD NOT LIVE ABOVE HIS KIND, SAYS DEAN

Companion of Fools Will Be Made to Smart for it, Dean J. A. Tarcock Tells Congregation.

"He that walketh with wise men shall be wise," was the thought which Dean J. A. Tarcock emphasized in his sermon Sunday morning in Trinity cathedral. "Man was intended to be a social being, and if he is not a social being, then he becomes a selfish thing," said the dean. "Man is not an angel to live above his kind; he should receive and exert influence. In society persons are being acted upon by others as some planets are influenced by other planets. The wise man knows how to choose or reject these influences. This power of choice is one of the most serious and solemn things of human life. This power of choice sets up a habit. The wise man tells you to be careful what influences you place yourself under, lest you cannot escape. The companion of fools will be made to smart for it. Such associations tend to inevitable destruction of the higher and nobler things of life.

Must Be in Sympathy.

"You must be in sympathy with the wise in spirit, as well as to walk with them in body, to enjoy their blessings. Sinners have walked with saints without becoming saintly.

"If you would be wise and skillful you should be in the company of those who excel in those things and you must catch their tone. Force yourself to read the best books and let your reading be wise. Read the history of your own country. Be well-informed Christians." The dean urged all to appreciate that subtle thing known as influence. He said the wise man selects the best influences and rejects destructive influences. He also explained how every person expects some influence for good or bad. Continual association with good influences grows into a habit and the individual in turn bestows this good influence upon others.

"Was papa the first man who ever proposed to you, mamma?" "Yes, but why do you ask?" "I was just thinking that you might have done better if you had shopped around a little more."—Louisville Courier-Journal

Clites Arrested on Daughter's Complaint for Beating His Wife

William Clites, 42, was arrested last night on complaint of his stepdaughter, Miss Ruby Davis, who told the police that he had locked her mother, Mrs. Florence Clites, in a room at her home, 115 South Twenty-fourth street, yesterday afternoon and beat her for 20 minutes. Mrs. Clites was under a doctor's care last night. Though her condition is serious it is not critical.

Mr. and Mrs. Clites have been married three years. "There were no men in the house this afternoon when he locked my mother in a room upstairs and started to beat her," said Miss Davis. "I wasn't here and the other women in the house didn't want to call the police until they saw me. When I came I found my mother in a pitiful condition. He had choked her almost into insensibility. After beating her for 20 minutes until she was exhausted, he left the house. When he came back tonight I called the police and had him arrested."

Miss Davis and four other women in the house say they will appear against Clites in police court this morning.

Mrs. Clites asked the police not to allow Clites to return home during the night, even if he was released on bond. He was held without bond.

Social Consequences of Prohibition Discussed

Atlantic City, N. J., June 8.—Prohibition with its social consequences was the subject of discussion at Sunday's session of the national conference of social work. Wayne B. Wheeler of Washington, general counsel for the Anti-Saloon League of America, said the great issue before this country now is, "Shall the constitution be sustained and shall the law be enforced?" "If we fail at this point, the government itself is in jeopardy," he declared. "If the brewers can nullify the eighteenth amendment by any other group of people may set aside any other policy of law or the constitution which is obnoxious to them, and anarchy will rule."

Thirteen-Year-Old Boy Held for Stealing Bicycle

Bruno Krantz, 13 years old, 2857 Oak street, cried piteously last night when he told Desk Sergeant Rose how, after he had planned all spring for a bicycle and his father had finally refused to buy him one, he had stolen a nice brightly-painted one he had seen near his school. Krantz was arrested Sunday afternoon by Detective Knudson and turned over to juvenile authorities. He said he wanted to go to work this summer on his wheel. "Don't tell papa I stole one, he'll whip me," he cried.

Paris Strike Situation Improved, Officials Say

Paris, June 8.—Announcement that the strike situation here was much improved was made after a short meeting at the war office, at which Premier Clemenceau presided. It was announced that a great number of strikers had returned to work and that about 100 subway trains again were running.

REYNOLDS PAIRED WITH S. STICKNEY AT GOLF TOURNEY

200 of the Best Players in the Middle West Begin Fighting it Out in the Trans-Mississippi Meet.

St. Louis, Mo., June 8.—(Special to Omaha Daily Bee).—With two hundred of the best golfers in the middle west starting from the initial tee this morning, the nineteenth annual trans-Mississippi tournament was under way promptly at 8 o'clock. Frank Sebree of the Blue Hills club, Kansas City, and Edward Moore of the St. Louis Country club, were the first pair to start. At five minute intervals throughout the day the others paired off and started on their rounds of the links.

Harry Legg, of Minneapolis, five times winner of the title, is paired with Clarence Wolff of St. Louis, state and city champion. This pair leaves the tee at 3:20 this afternoon. Sam Reynolds of Omaha, winner of the title in 1917, is paired with Karl Book of the Sunset club of St. Louis. Stuart Stickney, champion in 1913, is paired with Nelson Whitney of New Orleans. R. W. Hodge, Kansas City, is paired with Alden Swift of St. Joseph, former trans-Mississippi champion, who lost the title to Legg in 1916.

Ray Oumet, brother of the famous Francis Oumet, is here from Kansas City and negotiated the course yesterday afternoon in 72. Oumet is not eligible for participation in the tournament but will play in the professionals' match to be staged here this week. There is little attempt to pick favorites, so many dark horses are entered, but a bit of betting on the links before the start this morning picked Legg, Hodge, Piepho, the latter of Des Moines, Wolff, Swift and Reynolds as certainities in the qualifying rounds.

The Country club course was in splendid condition today and the visiting golfers were immensely pleased with the possibilities afforded for record scores. Alden Swift who registers from the St. Joseph Country club is a resident of Chicago and did not compete last year because of being in the military service. He is a member of the Swift family of packing company fame.

Pass Up Speeding Auto to Arrest Bee Truck Driver

That the police passed up a car going faster than his own; is the assertion of Abe Zalcheck, 2621 Burdette street, driver of a Bee delivery truck, arrested for speeding early Sunday morning while delivering the Sunday Bee along Douglas street. "I don't see how the officer could have picked me up and passed the taxicab by," Zalcheck said at the police station. He was released by Captain Heitfeld under a \$25 bond to appear in court today. Patrolman J. J. Hughes, who made the arrest, said that Zalcheck was going 30 miles an hour at the time.

Firemen and Enginemen in Denver for Meeting

Denver, Colo., June 8.—President W. S. Carter, Acting President Timothy Shea and all the grand officers of the Brotherhood of Locomotive Firemen and Enginemen are in Denver preparatory to the opening of the annual convention of the order here Monday. The railroad men will be in session for about a month. The 1919 convention is expected to deal with the wage question, government ownership or control of railroads and legislation concerning this subject. The sessions of the convention will be executive, the public to be informed of the convention's action through a press representative.

Noted Painter Sent Back to Asylum Released From

New York, June 8.—Ralph Albert Blacklock, noted painter, who was released from the state hospital for the insane at Middletown, N. Y., in September, 1916, after spending 17 years in the institution, has been returned to the hospital. Mr. Blacklock had been released in the hope that his reason would return completely so that he might enjoy the distinction which his works had brought him after his confinement. It is stated, however, that hopes of a complete recovery have been abandoned and that he probably never will paint again with his old time touch.

No Street Cars for Tiffin

Tiffin, O.—This is a city of 20,000 people and it has had city street car service for 25 years. The cars have stopped running and the officials of the company say they will not resume. Tracks will be torn up and all activity on the city line suspended. Reason given by the company is that it has lost an average of \$400 a month for a year.

Chilean Steamer Sinks

Lima, Peru, June 8.—The Chilean mail steamer Limari sank after running ashore 40 miles north of Eten, northern Peru. The passengers and crew, it is reported, were rescued by the Peruvian Line steamer Mantaro. The Limari was south-bound from Panama for Callao and Valparaiso.

Schuyler Defeats Fremont.

Schuyler, Neb., June 8.—(Special Telegram).—Schuyler Puritans defeated Fremont's best base ball team 10 to 1. Batteries: Schuyler, Tomlinson, and Snyder, were resented by the Puritan Line steamer Mantaro. The Puritans play David City Tuesday.

Garage Owner Injured in Automobile Collision

P. W. Winslow, owner of the Crosstown garage, 315 South Twenty-fourth street, was bruised about the left arm and leg when the automobile in which he was riding turned over in a collision with another car driven by Leo Futter, chauffeur, 2030 Harney streets, at 3:30 o'clock Sunday afternoon at Twentieth and Harney streets. Futter was arrested and charged with "fast and reckless driving." Winslow told police he was driving south on Twentieth street, when Futter suddenly drove into his machine coming east on Harney. He said that Futter was driving 50 miles an hour.

With Each Payment of Legacy He Buys Bonds

Chicago.—The other morning Albert Stenberg bought \$5,000 worth of Victory bonds. That afternoon he received a draft for \$5,000, the first payment of a legacy from Sweden. He bought another \$5,000 lot of bonds. A week later he received another \$5,000 draft from the estate in Sweden. Same bond salesman got the second \$5,000. Stenberg's bond holding jumped to \$15,000. Recently another draft of \$5,000 arrived, the last of the legacy. "Uncle Sam got this \$5,000 when I'd like to have more of both bonds and drafts," commented Stenberg.

Rupture Kills 7,000 Annually

Seven thousand persons each year are laid away—the burial certificate being marked "Rupture." Why? Because the unfortunate ones had neglected themselves or had been merely taking care of the sign (swelling) of the affliction and paying no attention to the cause. What are you doing? Are you neglecting yourself by wearing a truss, appliance, or whatever name you choose to call it? At best, the truss is only a makeshift—a false prop against a collapsing wall—and cannot be expected to hold up the truss. Mechanical support. The binding pressure retards blood circulation, thus robbing the weakened muscles that which they need most—nourishment. But science has found a way, and every truss sufferer in the land is invited to make a FREE test right in the privacy of their own home. The PLAPAO method is unquestionably the most scientific, logical and successful self-treatment for rupture the world has ever known. The PLAPAO PAD when adhering closely to the body cannot possibly slip or shift out of place, therefore, cannot chafe or pinch. Soft as velvet—easy to apply—inexpensive. To be used whilst you work and whilst you sleep. No straps, buckles or springs attached. Learn how to close the hernial opening as nature intended so the rupture CAN'T come down. Send your name today to PLAPAO CO., Box 219, St. Louis, Mo., for FREE trial Plapao and the information necessary.

YOUNG PEOPLE TAKE PART IN CHURCH SERVICE

Boy Scouts in Omaha Pulpits Call Attention to Their Drive Starting This Week.

Yesterday was young folks day in Omaha churches, for two reasons. First, it was the regular Sunday observed each year as Children's day; second, it was specially designated this year to call attention to the drive which the Boy Scouts will make this week. Many of the ministers spoke of the Boy Scout movement and urged their members to contribute toward the fund that will be raised for this work during the week. In some of the churches members of the Boy Scouts made short talks and in others short addresses were made by scoutmasters. At Plymouth Congregational church last night there was a Boy Scout rally at which Frank Holbrook, a former scoutmaster of Troop 6, back from France, made an address. Scout pictures were shown. The Children's day program in the churches consisted of special sermons by the pastors, and in some churches by programs, participated in by the little folks, including readings, child songs, dialogues, etc. An elaborate musical program was given at Cross Lutheran church last night in dedication of the new pipe organ, installed as a gift to the church by several members of the congregation. The singing was by the choir, a children's chorus and Prof. K. Haase, Seward, Neb. Capt. Newell Jones spoke at Dundee Presbyterian church in the evening on his experiences while overseas with the medical corps. At Wheeler Memorial Presbyterian church, Serat-Maj. Charles F. Mahl delivered an address in the morning on his experiences overseas. Rev. Titus Lowe preached the baccalaureate sermon to the students of Central High school.

THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force. Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness. Thinness and weakness are often due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is intensive and is sold by Sherman & McConnell in Omaha and most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphate, the bitro-phosphate should produce a welcome transformation in the appearance; the increase in weight, freeness of breathing, and increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, should soon disappear, dull eyes ought to brighten and pale cheeks glow with the bloom of perfect health. CAUTION—Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not be used in any tendency to increase weight, to be used by anyone who does not desire to put on flesh.
