MONEY TO LOAN.

You are interested in an Agency that will increase the available collateral of the state of Nebraska One Hundred Million Dollars. We are that Agency, and hereby extend greetings and welcome you to Omaha, the Convention City.

We are filling a long felt want - something that you need in your everyday business, something that you need daily. We are ready to do business and we know that you will truly find our work of much value to you. With the Insurance Board of the state of Nebraska auditing and safeguarding our investments, our proposition is absolutely sound.

We will not try to see how cheaply we can do business, but how safely and soundly, and promptly, we can handle our losses and claims. Therefore, we are going to charge such a premium as will enable us to do the above promptly.

Within a very few months we have made the remarkable record of organizing and financing the largest Live Stock Insurance Company in the country, and are completely prepared to accept applications for hog insurance.

We will greatly appreciate a call from you at our office, 706 World-Herald Building, Omaha - or if you will call either the President or the Secretary at Douglas 4743, our time will be at your disposal.

Great Dome

The companies above, none of whom are over a year old, have paid over \$7,000,000 in dividends to stockholders in the last few months. Now, stop and figure this out to your own satisfaction. The only people who made any money out of these companies are the ones who bought their stock. The people who stayed out, who were afraid, did not make any money.

## DO NOT CONDEMN WITHOUT INVESTIGATION

The average man thinks that everything that is offered him is no good or it would not be offered to him, and that is just why he is an average man. He fills his mind so full of thoughts of failure and loss that he can not see real opportunity. The successful man, the man who is making money today, is the one who can decide. He sees an opportunity, considers it, investigates it and if it looks good to him he goes into it. He backs his judgment and 99 times out of a hundred he wins, because he has based his investment upon sound logic, upon fundamentals. Now, here. The Standard Oil Company of Indiana paid a stock dividend of 2,900% in 1912. \$1,000 invested drew \$29,000 in new stock, that makes \$30,000. That stock today is worth \$805 per \$100 share on the New York market, a total of \$241,500.

OUR HOLDINGS - We control over 6,000 acres of leases in valuable oil land. located in Kansas, Texas and Wyoming, the three most important oil states in the union, with producing wells, pipe lines, storage tanks and other equipment. Every share participates in all of the properties.

## **8% Participating Preferred**

Stock offered by the Omaha Oil & Refining Company is not a speculation. We have passed the experimental stage. Our preferred stock is preferred in the matter of dividends; shares in everything over 8% is forever non-assessable and is sold for the following reasons: To further develop the leases we own, to erect refineries, to build pipe lines, to buy tank cars and put in operation a chain of co-operative filling stations and to become a self-contained, producing, refining and marketing organization. An oil company organized along these lines has a monopoly. Investigate this offering now; tomorrow never comes. Mail the coupon TODAY. Price today \$10 per share; may advance any day; right reserved to refund your money.
