it too late.

at the Fontenelle and at a box party at the Brandeis Monday evening for the members of the Smails-Allen

wedding party.

Reuben Melcher will be the at-tendants, while Miss Frances Melcher will carry the ring.

Weinert-King Nuptials.

A quiet wedding ceremony took place Wednesday, June 11, at St. Mary Magdelen's church, when Miss will take a short trip to Kansas City and Excelsior Springs and will make their home in Omaha.

Mrs. Nash to Entertain. One of the delightful affairs of the week will be the dancing party given by Mrs. E. W. Nash in honor of Miss Virginia Crofoot and Mr. Nash Cartan of San Francisco. The affair will ge given Wednesdty evening at the Country club and the guests will include the members of

the school set. Mr. Cartan will ar-

west to visit his grandmother for

Alkali in Shampoos Bad for Washing Hair

several weeks.

Most soaps and prepared shampoos contain too much alkali, which is very inurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Mulsified cocoanut oil shampoo, for this is placed hundreds of Hoover Electric pure and entirely greaseless. It's Sweepers in Omaha homes and thus very cheap and beats anything else drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a tea-spoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and tage at Seymour Lake Friday everasy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.—Adv.

#### Personals

#### Lovelorn BY BEATRICE FAIRFAX.

Dough Faces.

Dear Miss Fairfax, Omaha Bee: We are two chums, 14 and 18 years. We read your "Lovelorn" column every day and find it very interesting. We are very popular and every time we go any place the boys run after us. What can we do to stop this?

We need powder for our faces and can not afford to buy it. Would flour be just as good? We hope to see this in print CORRINE AND CORRINE.

Using flour you may develop into veritable "dough faces" provided your development isn't already complete. If it rains you might find paste. Write some of your gay gallants letters such as this, and I'm sure you will not be bothered further with their attentions.

About Movie Actresses. Dear Miss Fairfax, Omaha Bee: Will you please tell me Billie Burke's real name? Has she any children? What is her age and address?

Which actress receives the highest salary Is June Caprice married?

Please answer in Omaha Bee so as possible. Thanking you, I am, A MOVIE FAN. Billie Burke is Mrs. Florenz Zeig

feld, jr., and has one child, Patricia Burke Ziegfeld. I cannot tell you which one of the movie actresses receive the highest salary-there are so many stories in circulation. June Caprice is not married—she is 20 years old.

Louie and Jane-Poor timid girls. Your letter belies your disposition, I am sure. Yes, I advise you to act natural around the boys. You know they are only human after all, and f you momentarily gain their attention by feigning what you are not, what a terrible awakening for them in the future, or else what a pitiable time you will have keeping up the However, you might cultivate some characteristics until they are natural. Omaha affords many positions, but the wages—they depend upon the efficiency of the girl. Not knowing your particular type of beauty, I should hesitate recom-mending nose pinchers or shellrimmed glasses. Let the mirror deide such a weighty question.

A Reader-I know of no one in these days who would pay from \$500 to \$600, for a Paisley shawl, however beautiful, for they can be obtained for so much less. We accept no commissions, for we make no

Kitten-There is but one thing or you to do, if you have found the nan you wish to marry, and that is o tell your other friend. You know that, sad as it is, you can't marry both. If you were not engaged to him, I see no reason why he should consider it strange. However, if you are not positive, it would be far better to wait a little and be certain.

#### Heart Beats By A. K.

When the world says That the man With the money is great-

That the dreamer Of dreams Is a worthless Reprobate-We cannot agree. When the masses proclaim

That the one who has same Alone Is worthwhile-We glance right Around us And smile as we see Unrecognized traits

Handed down by The gods To which mere man Is blind and dumb. We're all here for something-One thing or another And each has His own mission To fill-He may be a dreamer Of beautiful dreams Or a dreamer of Wild reckless schemes-What's the difference? So long as he's HE. Let the banker bank

And the carpenter build And the writer Scribble away-Let the teacher teach What little he knows That the learner May get what he can. We should not judge By money alone Or glittering fame

Or what other folks say For we may discover If our eyes are open and our senses alert-That the best in the world Is unnoticed-unseen.

In the greatest There is smallness-In the smallest There is greatness If we only

Know/how to discover ---Then sift what we find. In the biggest nuggets Of gold

There is alloy-In the greatest of men There is sham and a lie-But the smallest of folks Have some lovable traits Worthwhile. Ir. judging humanity

Think for yourself Don't accept The verdict of others For whether a person Is thought great or small In this chaotic Workaday world

The main point at issue: Does he play fair In the game he selects For his own? If the banker plays fair And the dreamer is true And the writer

Writes from his heart Who shall say which is best Or most precious to life In judging it is:

"Which does his best?" ' ' SELAH!

# Happy Hollow

Miss Helen Parrish will entertain a party of 54 guests Monday evening at the club. Mrs. Roy A. Ralph entertained 12 guests at luncheon, Monday. Mrs. George Rasmussen had 10 guests at luncheon, Monday.

Pointed Advice.

#### Miniature Town to Be Model Place

Children of Springfield Work On Tiny Houses -"Build Now" Idea.

Tiny Town a Lillipution city with all the latest ideas in architecture. the grouping of houses and land-scape gardening, is to be built in

been let. The wholesale construc-tion project is in charge of the students of the city manual training school, and they are now working hard to complete model churches, schools, and beautiful residences.

Tiny Town is an enterprise under taken as part of Springfield's "Build Now" campaign. "The plan is to interest the community heme-owning through the school children," says the report sent to the United States Department of Labor by the chamber of commerce. We intend to build a miniature city with everything complete and have it installed in our convention hall with real grass growing in the yards and parkways. The build now committee of the chamber of commerce is furnishing all the material for the construction of Tiny Town and is providing prizes in money that will aggregate at least \$600."

The scale of Tiny Town is half an inch to the foot. Each boy will receive an assignment of a tract of ground to suit the improvements that he agrees to undertake and building permits will specify the ma-terials to be used. Some of the pupils will erect churches and schools. A power plant, a street car system and other public utilities will be installed. But interest focuses in the homes. Sixth and seventh grade pupils are vying with high school students in the planning and buil-

ing of bungalows and garages.
One of the contests arranged for the art classes interested in building Tiny Town will center in the working out of floor plans, interior decorations, color schemes, floor coverings, and furnishing. Each room will be illustrated by showing four walls in chart form drawn to a scale. Wall paper, window draperies, and tapes-tries will be suggested in colors. A chart of the floors will show furniture arrangement with samples of upholstering in fabrics that carry out the ideas expressed in the color scheme and treatment of the room. girls, who will make estimates of the costs involved in furnishing each

Landscape gardening will oc-cupy much attention, the idea being strength to the entire system, into illustrate the possibilities of uni-fied treatment. The expense involv-ed in building each home will be worked out on the normal cost basis.

This same well known authority in describing the physiological ac-tion of still another of the ingreso that by reference to block and lot numbers marked on each improvement the exact outlay necessary may be ascertained. Prospective builders who desire to copy any house in Tiny Town may thus learn the probable cost of a full-sized

structure. The miniature city will cover ten blocks, and, except for a corner grocery or drug store, business structures will not be included.

Conservation. Jimmy is a 10-year-old and very health. In He reckons time from a bagful of illgotten marbles and has reduced the use of soap and water to a fine point. The other morning he was, as usual, late at breakfast, Finally his father mounted the stairs, only to come on Jimmy in the bathroom door looking complacently into his mother's hand

"What are you doing with that mirror?" his father asked brusquely "Trying to see which part of my ace to wash," he answered.-Indianapolis News.

Wedding of the Week.

Miss Margaret Logsdon and M Harry Becker will be married Wed nesday morning at the Holy Angels church. The young couple will live in Omaha. Mr. Becker but recentserved for several months in the quartermaster's department.

Many Facts of Interest Are Now Given to the Public Regarding

In a recent issue of this paper announcement was made that Tanlac now has the largest sale of any medirine of its kind in the world, and that more than twelve million bottles had been sold during the past four years.

These are unusual figures, and the question naturally arises in the mind of the reader why this phenomenal success and why has this preparation so far out-stripped all other medicines of its kind. It is only natural therefore, that the manufacturers should offer some explanation to satisfy public inter-

In the first place, Tanlac is manufactured in one of the largest and most modernly equipped laboratories in this country. Its formula is purely ethical and complies with all national and state pure food and drug laws. Altogether there are ten ingredients in Tanlac, each of which

is of recognized therapeutic value.

Many of these ingredients have been individually known and used since civilization first began, and some of them have been used and prescribed by leading physicians everywhere, but until they were brought together in proper proportion and association as in the Tanlac formula, humanity had not heretofore realized their full value and effect.

In referring to one of the more important ingredients of Tanlac, the Encyclopedia Britanica says: "It has long been the source of the most valuable tonic medicines that have This interior decoration branch of ever been discovered." In referring the project will be intrusted to the to others of the general tonic drugs contained in Tanlac the 13th edition of Potter's Therapeutics, a standard medical text book, states that-

> dients of Tanlac which is of value in treating what is commonly known as a run-down condition." uses the following expression: "It is highly esteemed in loss of appetite during

> convalescense from acute diseases. There are certain other elements Tanlac which because of their influence upon the appetite, digestion, assimilation and elimination improve the nutrition and vital activity of all the tissues and organs of the body, and produce that state of general tonicity which is called

In In discussing another ingredient the Encyclopedia Britanica says: "It is one of the most efficient of that class of substances which act upon the stomach so as to invigorate digestion and thereby increase the general nutrition. It is used in dyspepsia, chlorosis, anemia and various other diseases in which the tone of the stomach and alimentary canal is deficient." Concerning still another ngredient this same standard authority says: "It causes dilation of the gastric blood vessels, increases secretion of the gastric juice, and causes greater activity in the movements of the muscular layers in the walls of the stomach. It also tends to lessens the sensibility of the stom-

The United States Dispensary makes the following comment regarding another ingredient: "It may be used in all cases of pure debility of the digestive organs or where a general tonic impression is required. Dyspepsia, atonic gout hysteria, and intermittent fever are among the many affections in which it has proven useful."

ach, and so may relieve gastric

There are certain other ingredients described in the Dispensatory and in other standard medical text books as having a beneficial action upon the organs of secretion, whose proper functioning results in the purification of the blood streams passing through them. In this manner objectionable and poisonous ingredients of the blood are removed, and the entire system is invigorated and vitalized.

Tanlac was designed primarily for the correction of disorders of the stomach, liver and bowels. At the same time, however, it is a pow-erful reconstructive tonic and body builder, for it naturally follows that any medicine that brings about proper assimilation of the food and the thorough elimination of the waste product must therefore have far-reaching and most beneficial effect upon the entire system.

Although Tanlac's claims for supremacy are abundantly supported by the world's leading authorities, it is the people themselves who have really made Tanlac what it is. Millions upon millions have used it, and have told other millions what it has done for them. That is why Tanlac has become the real sensation of the drug trade in this country, and that is also why it is the most widely talked-of medicine in the world to-

Tanlac is sold in Omaha by all Sherman & McConnell Drug Company's stores, Harvard Pharmacy and West End Pharmacy. Also Forrest and Meany Drug Company in South Omaha and the leading druggist in each city and town throughout the state of Nebraska.—Adv.
