

J. H. BRADLEY, FORMER BLUFFS RESIDENT, DEAD

Was Prominent in Business, Banking and Social Affairs of Chicago for Many Years.

Telegraph advice was received Monday from Chicago by Bradley, Merriam & Smith that J. Harley Bradley died Sunday in that city.

Bradley was one of the founders and president of David Bradley & Co. when they located in Council Bluffs, in 1882, who were later succeeded by Bradley, Merriam & Smith, and Merriam and Smith were associated in business with him for many years.

He was president of the David Bradley Manufacturing company of Chicago and Bradley, Ill.; was prominent in business, banking and social affairs, and a member of the Chicago and other prominent clubs. Mr. Bradley is survived by three daughters.

E. H. Merriam and Robert F. Smith have left for Chicago to attend the services, and out of respect to Mr. Bradley, the offices and warehouse of Bradley, Merriam & Smith and the General Mercantile Co. will be closed Wednesday afternoon, the day of the funeral.

The Labour newspapers of Riga are hardly able to conceal their indignation on seeing the bolsheviks give balls and festivities in the halls of the Baltic nobility, while the bourgeoisie are dying from starvation.

COULDN'T EVEN DRINK GLASS OF MILK, SHE SAYS

Kansas City Woman Gains Fifteen Pounds by Taking Tanlac—Can Eat Anything Now.

"I can recommend Tanlac because, since taking it, I feel better than I have in years and I believe it helps me it will help others," said Mrs. Flossie Ruck, who lives at 917 Argentine Boulevard, Kansas City, Mo., while talking to a Tanlac representative the other day. "When I commenced taking Tanlac," continued Mrs. Ruck, "I had tried about every other medicine that I had heard recommended for the kind of troubles I was suffering from, and instead of getting any relief, I had gradually gotten worse all the time. My stomach was in such bad condition that even a glass of milk would cause me to suffer agonies after drinking it. For more than a year I had not been able to eat any substantial food, and this, together with all the suffering I underwent, had gotten me in such a weak, run-down condition that I just had to stay in bed nearly all the time. I suffered a lot from headaches, too, and had a dull, heavy pain in the small of my back all the time. Would often get so dizzy that I couldn't stand on my feet. My entire stomach was badly run-down, and my blood got so thin that my feet and hands were cold in the hottest kind of weather. I finally got so bad off that I had to be under constant treatment, and even then I didn't get any better. That was the condition I was in when I began taking Tanlac, and I had almost given up hope of ever being a well woman again. After taking Tanlac for about a week, I could see that I was improving, and my family noticed it, too. My appetite picked up right along, and in a short time I commenced to eat things that I wouldn't think of eating before I took Tanlac, and I didn't have any trouble from it afterwards. Well, I just kept on taking Tanlac until I have now used seven bottles, and am enjoying as good health as I ever did. Why, I have actually gained fifteen pounds already, and am so well and strong that I can do all my housework by myself, and look after my four children, and it doesn't hurt me at all. My stomach seems to be in perfect condition, and I now eat just anything, and best of the family cats, and I don't know what it is to have indigestion or sour stomach like I did before I took this wonderful medicine. I sleep like a child every night, and in fact, Tanlac has completely over-come my troubles and I am a well, happy woman once more."

Tanlac is sold in Omaha by all Sherman & McConnell Drug Company's stores, Harvard Pharmacy and West End Pharmacy. Also Forest and Meany Drug Company in South Omaha and the leading drug-gist in each city and town throughout the state of Nebraska.—Adv.

Robert Cowell, Well Known Omaha Merchant, Retires

Head of Thomas Kilpatrick & Co. Store Quits Business After 50 Years of Active Life—Has Spent 32 Years In This City.

"I have a surprise for you, declared Robert Cowell yesterday. 'I have retired from business, I have prepared this little statement to announce the fact.'

"Starting in business at an age when most boys are still engaged with marbles and hoops, I have just completed 50 years of active life. Forty years of this time have been spent in this country and 32 of them in this city. It is no light thing to sever a connection which has been in effect for a generation, nor is it easy to part from those with whom I have been associated through storm and sunshine—sharing in hard times incident to crop failure, panic and tornado, I take pride in having some little share in Omaha's marvelous development and prosperity. We leave soon for the east to welcome home our daughter, and then look forward to a period of rest—and play together. To all of the employees I take this means of saying good bye; for I could not trust myself to say this to you in person. Our life was like a family and I like to feel that we were always interested in each other as we grew older together. I want to thank you all for cheerful and loyal service, and will ever be concerned in your welfare and happiness. During the years it has also been my privilege to make hundreds of friends among the customers who made our store their trading home. I will not say good bye to these for after a season of rest and recreation we all hope to come back and spend some portion at least of each year in our home city.

"I have re-read the period in my life when I find that only real joy comes from service, helpfulness toward others, and in my remaining years, whether they be many or few, I intend to take an interest in whatever may be for the public good. To all of my business acquaintances and friends, I wish to express the most kindly feeling. I know what it is to be misunderstood and even maligned—I can truthfully say, however, that I lay down my cares and responsibilities without any bitterness toward any living soul. GENERAL STRIKE OF TEAMSTERS IS CALLED BY UNION

Ice Men Alone Excepted In New Strike Order; Union Officials Say 2,000 Will Be Affected.

A general strike of all union teamsters and truck drivers in Omaha was called yesterday by the Teamsters' and Truck Drivers local No. 211. Only ice men will be excepted, it was said. Men who returned to work following concessions made by their employers will be called out again, union officials declared.

The strikers say 2,000 men will be affected by the new order. Union officials say employers have refused to meet with a committee of the strikers.

Five strikers were arrested yesterday morning by police following an affray Monday in which more than 20 striking boilermakers and alleged strikebreakers were engaged. Two of the men arrested are striking teamsters, charged with interfering with a truck driver. The remaining three are boilermakers, charged with assault to do great bodily harm.

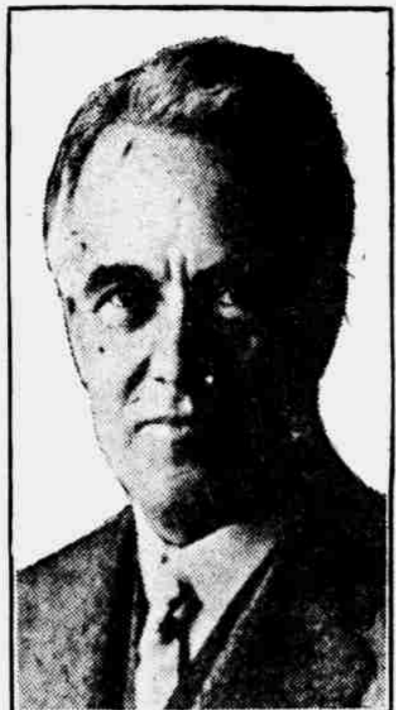

Their cases were continued until Friday in police court yesterday. Eight warrants were promptly sworn out by the strikers to be served on six strikebreakers, names unknown, and Arthur and Louis Johnson of the C. G. Johnson Boiler Co. Milk Wagon Overturned.

Officials of the teamsters' union declare that sympathizers and not strikers overturned the Alamito Dairy Co. wagon at Thirty-second and Dodge streets early yesterday a. m. Strikers have been emphatically warned against such acts after a similar occurrence last week, they said.

Five men approached the wagon while the driver, C. I. Fredrickson, a discharged soldier, was away making a delivery. The men followed exactly the same procedure as last week, when an Alamito wagon was overturned at Twenty-fourth and Paul streets. The horse was unhitched and the vehicle pushed over on its side. Nearly all of its contents were destroyed. The wagon was also damaged.

Approximately 40 painters were out yesterday following the refusal of a few of the smaller companies to grant them a wage increase of from \$6 to \$7 a day.

Four strikers arrested. Four striking teamsters and truck drivers were arrested last night at Union station for an alleged attempt to interfere with an Omaha taxicab driver. They are accused of threatening the driver of the cab.

and consideration of those, whose friendship I have appreciated so much, and for so long a time. During recent years some of my oldest and dearest friends have passed away. Each time it meant a sore heart tug, I am not sure, however, but that nature is kind in this in lessening the number, we have to leave when our times come.

"Our business will be continued by Mr. Cowell's business associates," said William F. Baxter, speaking for the Thomas Kilpatrick & Co. store, "and by his associates I mean to include the large number of old and loyal employees as well as those who were active in the business with Mr. Kilpatrick."

"We appreciate keenly the parting, as we all—customers, too—will miss the cheerful helpfulness of Mr. Cowell's presence, always an inspiration and encouragement. We recognize his wish to retire from business cares as a legitimate and proper one and are glad our business is in such a prosperous and satisfactory condition that this was a very simple matter."

local denied that a sympathetic strike with the teamsters and truck drivers was pending. No special meeting has been called, Gus Jensen, business agent for the union, declared last night.

Approximately 500 members of the Brotherhood of Railway Clerks, consisting of office clerks, stenographers and freight handlers employed in the various railroads, were addressed by Robert Vaughn, chairman of the teamsters' conference committee, at Crouse hall last night.

It is said at teamsters' and truck drivers' headquarters early this morning that more than 50 men had left the headquarters at midnight to scour South Side for two cautions of negro strike-breakers reported to have been brought here yesterday by the Business Men's association.

South Side police said positively that no such persons had arrived and that "everything was serene."

SAYS U. S. ENTRY INTO MEXICO WAS UNWARRANTED

Carranza's Confidential Ambassador in Washington Issues Statement Regarding Late Fight With Villa.

Washington, June 17.—General Candido Aguilar, President Carranza's confidential ambassador to the United States, has issued a formal statement declaring "the government and people of Mexico consider as a violation of Mexican sovereignty the crossing of United States soldiers into Mexican territory," and expressing the hope "that the situation created by the latest occurrences in Juarez will be satisfactorily adjusted between the two countries."

A copy of the statement was sent to the State department, but officials said they did not regard it in the nature of a formal protest and that no reply would be made. They added no other communication has been received from the Mexican government regarding the entry of American troops into Mexico.

It was learned that President Carranza never had assented to the agreement proposing that where bandits bands committed depredations in either country the armed force of that country would follow "a hot trail" across the international line.

U. S. Casualties 12. El Paso, June 17.—One American soldier was killed, another died from wounds, and 10 were wounded during the fighting Sunday night and Monday, according to official reports made to military headquarters.

Maj. Gen. De Rosey C. Cabell, commander of the southern department, left here for his headquarters in San Antonio. Before his departure he announced that no more troops would be ordered here under present conditions.

Five of the 12 De Haviland airplanes that have been ordered to Fort Bliss to be used for patrolling the border for Villa raiders arrived here late today.

To Protect Foreigners. Juarez, Mexico, June 17.—Full protection to foreigners in Juarez was guaranteed by Mayor J. Trinidad Romero.

"Juarez is rapidly recovering from the wounds inflicted on her during the clash with Villa forces Sunday," said Romero. "All our public offices are now open and business is being resumed throughout the city."

"I have just come from a trip to Zaragosa, 12 miles southeast of here. I find conditions normal all along the line."

The street cars are not running, the telephone lines are out of commission from artillery fire and few Americans are seen on the streets.

Won't Bother Russia Now About Money Owed U. S. Washington, June 17.—Owing to present unsettled conditions in Russia, the United States government will make no representations at this time with reference to the default in payment of the \$50,000,000 three-year loan made by American bankers to the Russian government in 1916 and due June 18 and July 19, it was announced by Acting Secretary of State Polk.

Jeffers Has Naming of Youth for Army and Navy Academies

Washington, June 17.—(Special Telegram.)—Representative Jeffers has been advised by both Navy and War departments that he will have the right to nominate candidates for admission to Annapolis and West Point, and in view of these vacancies that will occur by reason of graduation in both academies he invites suggestions from the citizens of the Second district as to the fitness of young men desiring to make the army or navy their profession.

Representative McLaughlin has two appointees to name to Annapolis. Today he nominated as principal one of these appointments, Frank A. Beloušek of O'Dell, Gage county, who is highly recommended by the citizens of that section. Mr. McLaughlin will appoint the alternates in a week or so.

Czech Forces March Against Hungarian Reds Geneva, June 17.—Czech forces under General Henocque of the French army, have begun a counter offensive against the Hungarian soviet troops and have captured several villages after 10 hours of fighting, according to a Prague dispatch.

The war minister of Czechoslovakia has decided to increase the army to 14,000 officers and 243,000 men.

HIGH TRIBUTES PAID HEROES OF OCEANIC FLIGHT

Parade and Demonstration in London in Honor of Airmen Witnessed by Thousands.

London, June 17.—London paid tribute Tuesday to Capt. John Alcock and Lt. A. W. Brown, during a formal procession in honor of the two aviators, who completed Sunday the first nonstop transatlantic aerial flight.

The aviators were carried on soldiers' shoulders from the Euston railway station to automobiles. The parade proceeded from the station through great crowds lining Portland street and Regent street.

A band led the way playing "See The Conquering Hero Comes" and "Rule Britannia." Officers of the Royal Air Force and members of the Aero club rode in flag-bedtopped automobiles.

The journey of the airmen from Dublin to London was one long series of ovations, beginning with a hearty sendoff at Dublin. At the few stopping places large crowds assembled and ceremonies more or less formal were staged.

Peace Conference Takes Up Problem of Future of Turk Reign

Paris, June 17.—The council of 10 of the peace conference received the Turkish mission in the Clock room of the Quai d'Orsay this morning. The Turkish delegation, headed by Damad Ferid Pasha, the grand vizier, motored from Vauvresson, accompanied by French officers.

The Ottoman representatives are here purely in the capacity of experts, and today's meeting was for the purpose of setting forth the Turkish situation to the conference. The meeting, which was a secret one, lasted an hour. At its close the Turkish representatives returned to Vauvresson under escort.

The enemy status of the mission was emphasized by its entering through and departing by different doors from the members of the council.

German Envoys Stoned as They Start for Home Paris, June 17.—Dr. Theodor Melchior, one of the five principal delegates, and Frau Doribusch, one of the secretaries to the German peace delegation, were struck on the head with stones during a demonstration against the German delegates when they departed from Versailles last night.
