

DEPORTATION OF WINNIPEG STRIKE LEADERS, PLAN

Proceeding Looking to This End Will Be Started by Special Board of Inquiry Sent From Ottawa.

Winnipeg, June 18.—Deportation proceedings will be started Thursday against the 10 strike leaders arrested Tuesday and whisked off to Stony Mountain penitentiary. Their trial will be by a special board of inquiry appointed under the immigration act. The board is now on its way from Ottawa.

"Under the amended order in council, the board will have power to deport the accused men immediately," said A. J. Andrews, crown prosecutor. "If they do not come under this amendment, they can be dealt with under the criminal code." For the first time in nearly five weeks, a limited street car service was in operation Wednesday. Regular employees of the company, who returned to work after a long ultimatum issued by Manager A. W. McLimont, manned 13 cars.

Settlement Is Urged

Striking railway car men have sent a formal communication to the central strike committee, urging settlement of the sympathetic strike.

The car men indicated their intention to "take such action as they deem advisable," if the sympathetic strike continues.

Canadian Pacific special excursion trains to the pleasure resort of Winnipeg Beach have resumed operation. No more firemen, engine men or switchmen have left their posts and railway officials declare traffic is nearly normal.

Speakers at a Victoria park labor-meeting intimated efforts would be made to organize a Dominion-wide strike with a view to forcing the release of the imprisoned leaders.

Returned soldier-constables were on duty Wednesday for the first time since the serious riots of last week.

Would Exclude German Periodicals From U. S.

Washington, June 18.—Bills proposing that periodicals in German or other foreign languages be barred from the mails were introduced by Senator Myers, democrat, of Montana. He also presented a bill to prohibit all immigration for 20 years and that from Germany, Austria-Hungary, Bulgaria and Turkey for 50 years.

FLASHES from FILMLAND

MARY MACLAREN has at last the role which gives her opportunity of being really Mary. The "Unpainted Woman," which opens a three-day engagement at the Brandeis today, Miss MacLaren, in the character of Gudrun Trygavson, portrays a wholesome, normal, healthy girl—with brains—and the typical American woman's resourcefulness to take care of herself under the most difficult circumstances.

The scene of "The Unpainted Woman" is laid in a small town and the action centers about so-called smalltown aristocracy and its bitter class barriers.

A man's fight with himself for mastery and control of his arch-enemy, drink, is one of the strong punches in the story.

Thurston Hall supports Miss MacLaren as leading man. Little Mickey Moore is in the kiddie role. Others in the cast are David Butler, Laura Lavarrie, Fritzie Ridgeway, Willard Louis, Carl Stockdale and Lydia Yeaman Titus.

A circus, a canal and a canal boat form the settings for Marguerite Clark's beauty and talent in "Still Waters," which will be shown at the Muse theater Thursday.

"Still Waters," which is a rare combination of pastoral romance, rural comedy and thrilling drama, was written especially for Miss Clark by Edith Barnard Delano, the well-known novelist. In it the diminutive star has abundant opportunities for the display of her remarkable versatility.

High prices for stars is not the only thing entering into the cost of the making of "Daddy Longlegs," the Mary Pickford picture now at the Strand. Miss Pickford has a canceled check for \$40,000, the price she paid for the picture rights to the story.

Some time ago Evelyn Nesbit, observing the trouble directors experienced in getting the proper kind of furniture for certain sets, took up the study of period furniture so she could aid in this matter. As a result, most of the period furniture used in "My Little Sister," now at the Sun theater, was chosen by Miss Nesbit.

POSTAL COMPANY MAKES MOVE TO END KEY STRIKE

Striking Employees Informed They Can Return to Work Without Losing Their Service Record.

Chicago, June 18.—The Postal Telegraph company with a view to ending the telegraphers' strike, so far as that company is concerned, today sent a notice throughout the country that strikers would be permitted to return "with continuity of service" up to and including June 20.

The order was prepared by New York officials of the company and distributed over the signatures of district superintendents.

"We feel that many of the old employees merely have been misled and we want to treat them with the utmost fairness by permitting them to return and resume work with their former standing," said E. W. Collins, general superintendent of the company in Chicago.

After a conference union officials stated that the action of the Postal Telegraph company will have no bearing on the strike.

"We are fighting for the right of collective bargaining, the same right that the postmaster general extended to electrical workers," said S. J. Koenekamp, president of the Telegraphers' union. He added latest reports showed more workers were idle than at any time since the strike started.

Telegraph company officials asserted that business was not being delayed noticeably in any district.

Adair Wins Over Metrie.—Des Moines, Ia., June 18.—Barney Adair of New York won a newspaper verdict over Charlie Metrie of Milwaukee in 12 rounds tonight.

SOCIETY FOR THE FRIENDLESS TO ASK NEW LAWS

Report Shows Total of 362 Persons Were Given Clothing; Judge Frost Is Elected President.

Recommendations were made, the annual report read and officers elected at the meeting of the Society for the Friendless held yesterday afternoon. Judge Lincoln Frost was elected president, E. A. Benson vice president, E. L. Perkins treasurer and H. T. Dobbins and E. P. Siveley secretaries.

Several important humane measures introduced by the society were passed by the last state legislature, chief among which was the custodial farm for women. This institution, it is believed, will mark the beginning of a new era in penal legislation.

The proposed new city jail came in for a share of attention, and Supt. J. A. Lenit, who was asked to make a report on the plans, finds two serious drawbacks, the first of which is the lack of ventilation, and the second the absence of any assembly room where the prisoners may be allowed to gather for companionship or instruction.

It was decided by the society to start a move for a home for epileptics, as at the present time there is no suitable place for this class of unfortunate. It was also decided to ask the next legislature for one

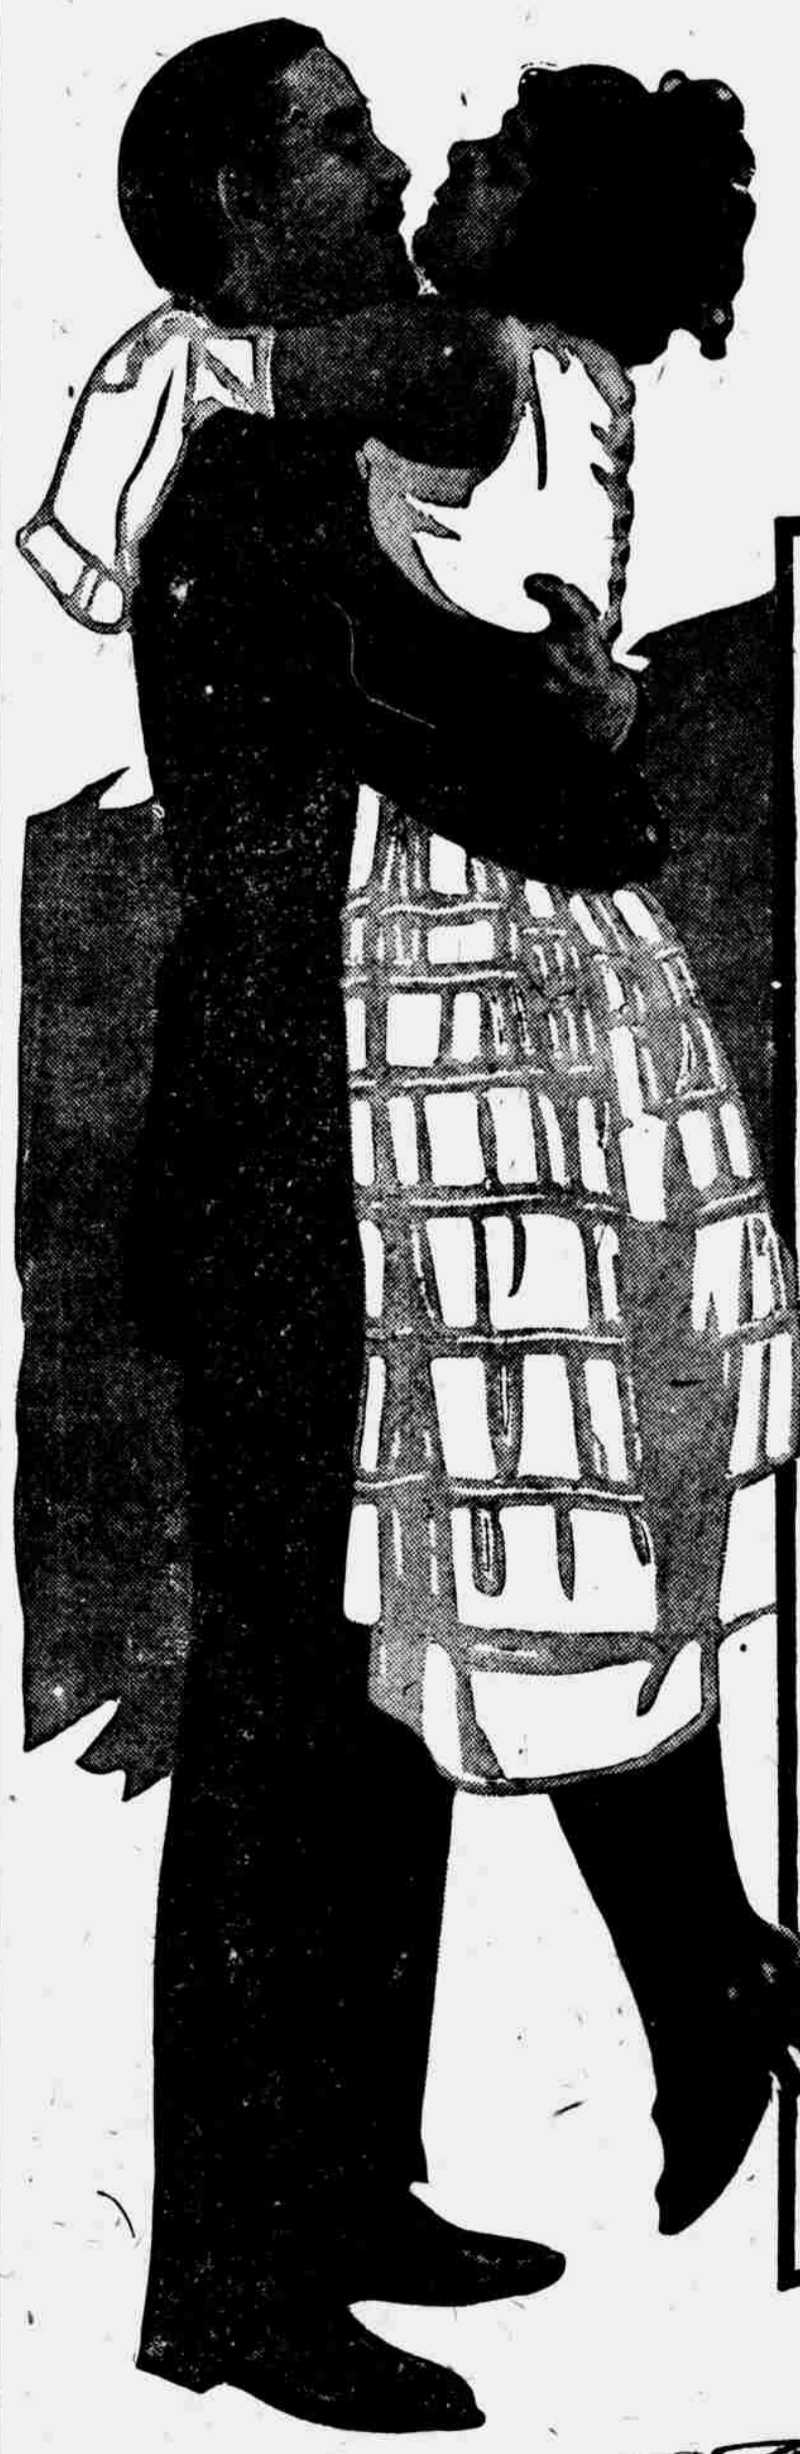

or more juvenile officers for the 90 counties of the state not already provided for. This action was taken in view of the increasing number of juvenile delinquents and the present way of dealing with them.

NUXATED IRON
POWER HEALTH VITALITY
ENERGY STRENGTH ENDURANCE
Nuxated Iron increases strength and endurance of delicate, nervous, run-down people in two weeks' time in many instances. It has been used and endorsed by such men as former United States Senator and Vice-Presidential Nominee, Charles A. Towne; U. S. Commissioner of Immigration Hon. Anthony Caminetti; also United States Judge G. W. Atkinson of the Court of Claims of Washington, and others. Ask your doctor or druggist about it.

D.W. GRIFFITH'S

"The Girl Who Stayed at Home"

An ARTCRAFT Picture

What Did SHE Do

IN FRANCE? — Can the Parisienne, famed for her frivolity, face her poilu when he comes back with a story of what SHE did that will bring joy to his heart?

IN AMERICA? — What sort of a story will Cutie Beautiful, the cabaret girl, tell HIM to make him love her more than the day he left?

D. W. Griffith's great story of the home-coming tells it all. It takes you through trenches defended by women's souls and answers the question of the moment, "Did they win the great fight against temptation while HE was gone?"
