## FIND SPECIAL **GERMAN SCHOOL NEAR HENDERSON**

Offers Course of Six Weeks' Instruction; Will Probably Furnish Test Case Under New Law.

Aurora, Neb., June 19 .- (Special Telegram.)-Complaint has been made to County Attorney Edgerton that a private school has been organized on the county line, just north of Henderson, for struction in German, contrary to the provisions of the law passed by the last legislature. Mr. Edgerton and County Superintendent Nelson have investigated and found a condition which will probably be used as a test for the law.

The school has been running for about a month, the contemplated course being six weeks. It is in charge of Miss Mary J. Regler, who receives \$2 each from 58 pupils for teaching them their Sunday school lessons and songs in German. The patrons are German-Russian Mennonites, who maintain a large church and parochial school in the vicinity, and who have been insistent upon maintaining old country standards. Henry Kliewer, a brother of one of the preachers who ministered to this congregation, recently was denied citizen-ship in the district court of Hamil-

## Extraordinary Maple **Rocker Sale Takes** Place Saturday at Union Outfitting Co.

Sale Comes Just at a Time When You Are Getting Out on Porch or Lawn

Rockers Were Made in New **England From Sturdy New** Hampshire Maples.

This unusual money-saving sale of Maple Rockers, for Porch, Lawn and Indoor use, which takes place at the Union Outfitting Company next Saturday, was made possible by weeks of searching among prominent furniture manufacturers over the country for high grade rockers that could be bought at prices that would mean out-of-the-ordinary values.

post construction; are rigidly braced and have double rattan seat and backs or comfortable slat backs.

The sale demonstrates the fact that the Union Outfitting Company is lowering the cost of furnishing Omaha Homes because of its great purchasing power and its location out of the High Rent Distrct, where, as always, you make your own terms.

# THIN PEOPLE . SHOULD TAKE

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently housands of men and women who keenly feel their excessive thinness.

Thinness and weakness are often due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by Sherman & McConnell in Omaha and most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate should produce a welcome transformation in the appearance; the increase in weight frequently being astonibling.

Increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany recessive thinness, should soon disappear, full eyes ought to brighten and pale cheeks flow with the bloom of perfect health.

CAUTION:—Although bitro-phosphate is maurpassed for relieving nervousness, ileeplessness and general weakness, it should not, owing to its tendency to increase weight, be used by anyone who lose not desire to put on fiesh.—Adv.

ton county because he refused to take the oath of allegiance binding him to perform military service. Peter Dirksen and George Klippenstein, two young men of the same community, were among the 133 conscientious objectors released from Fort Leavenworth by order of Secretary of War Baker. Sen. Perry Reed, one of the authors of the law, lives near Henderson, and his familiarity with these conditions was largely responsible for the pas-

sage of the bill. It is understood that the defense in case of prosecution, will be that instruction is confined to religious subjects, and that the legislature n making an exception in favor of church services in another foreign language law, justified teaching the children their Sunday school lessons, justifies much preparation. The local authorities take the view, how-ever, that the exception referred to was for the special benefit of elderly people upon whom rigid restriction would work a hardship, and that it was not intended to encourage chil dren in the continued use of an offensive tongue by organizing special schools for their instruction

therein. The law explicitly states that "no person, individually or as a teacher, shall in any private, de-nominational, parochial or public school, teach any subject to any person in any other language than the English language," and provides a penalty of from \$25 to \$100 or a jail sentence of not more than 30 days for each offense.

Woman, With Assistance of Judge Slabaugh, Carries Off Honors in Horse Shoe Tournament.

The annual field day of the Omaha bar association, held yesterday afternoon and evening, is pronounced the most successful ever

held in Omaha. Over 150 attorneys and judges participated in the festivities, which led from the Chamber of Commerce at noon to the Happy Hollow and Field clubs and Elmwood park and ended with a banquet and speeches at the Happy Hollow club last night. With the exception of seven judges of the state supreme court, nearly all were local men. For the first time in history, a woman was present. She was in-

troduced as City Attorney Buell, of Ashland, Neb., and not only gave a rousing speech at the banquet last night, but, with the assistance of Judge W. W. Slabaugh, carried off onors in a horse-shoe tournament held at Elmwood park yesterday afternoon. Prominent members of the bar declared that she contributed greatly to the success of the day. Judge W. B. J. Larkin Wants to Put on Fourth of July Stunts Like Those Pulled Off in the Old Days.

Is there enough home spirit in South Omaha to give a big "blow out" of the kind that used to be pulled off in the old days before annexation with Omaha, on Fourth of

July.

B. J. Larkin wants to know. Larkin, formerly coroner, says he will give \$100 if the "old gang" will get together on a distinctly "South Omaha doin's" July 4.

"The time is slipping by," Larkin said yesterday, "but if these business men who used to be organized would get together and donate a little along with the co-operation of the packers we could make it the best Indeendence Day since 1776."

Biggest in History. "It should be the biggest celebra-

tion in history," the South Side un-dertaker continued. "There ought to be cans of oll burning all along Twenty-fourth street. The high school grounds at J street should e covered with stands giving away -yes giving away-stuff to the peo-

"There ought to be barrels of lemonade, pop, root beer, and even 'near eer' ready to be handed out. There ought to be couple of roasted steers and hogs and sheep, too. I'd give \$100 myself if the rest of the bunch would show up with a little o-operation."

The packers, Larkin says, will donate the steers, hogs, lambs, etc., certain well known "soft drink parlors" will supply the drinks and maybe the church people will stir the lemonade. Besides, orators are plentiful, many South Omahans havng graduated from Creighton-Pat Barrett for one.

Let's have some suggestions.

## PACKING HOUSES BAD, SAYS UNION

Secretary of Meat Cutters and Butchers Says Report of Welfare Worker "Farce."

Charging that working conditions in South Side packing houses and business agent for the Amalga-mated Meat Gutters and Butcher has not been any discrimination as against the Omaha plant. In the hearing, Mr. Lane will not hand mated Meat Gutters and Butcher Workmen's union yesterday an-neunced that the union would hold an executive session Friday night to make plans for the publishing of a weekly newspaper to tell conditions as the union sees them.

"The report of Mrs. E. B. Towl public welfare worker, is a farce," he said. "Every packing house worker knows that conditions for women workers are not the best they could be. I have seen women working in the hog killing floors, wading in streams of blood. Other things might be said that would tend to show up the real problem of the woman workers.

"At the Swift & Co. plant, where conditions are supposed to be the best in the city, the dressing room for men, used by both colored and white workers, is so crowded that if a man leans over to lace his shoes while dressing he finds his face in

the feet of another workman.
"Mrs. Towl may be truthful enough in her report, but she probably was not shown all there is to be seen in the killing floors and elsewhere." He discredited the good faith of the packers in giving a bonus to women for overtime, etc., declaring that "they wouldn't have done it had they not been com-

Railroad officials took the position that rates here have been kept in line with those applied at other packing house centers and that there down a decision.
