GIRLS, TAKE NOTICE! VILLA IS WITHOUT COOK.

El Paso, Tex., June 20.—Villa is without a cook. Pasqual Casaretti, an Italian, who has been with Villa since he started his present campaign, crossed the border Monday and Friday was arraigned before a United States commission, charged with violating the passport law.

Casaretti said he was with Villa when American artillery first fired into Mexico last Sunday night.

"We were under a tree about a mile from the racetrack," he said. "The single cannon in Fort Hidalgo had just fired a solid shot which hit in the field nearby. We all laughed at this. The cannon only said 'boom' and hurt nobody."

"Then we heard something down near the American border go 'boom' and there was a long 'sw-i-i-i-sh,' ending with a 'bang' right close by."

"Los Americanos," Villa shouted, and galloped away toward the mountains."

SAYS SILVER WILL NOT GO BELOW \$1 AN OUNCE.

Reno, Nev., June 20.—That the price of silver will not fall below \$1 an ounce in less than seven years, and probably for several years later than that, is the statement made here by Raymond T. Baker, director of the United States mint, who is en route to San Francisco for the annual accounting of the mint at that place. Baker says that the probability of a congressional recalling the Pittman silver bill is very remote.

"If the government were to purchase the entire silver production of the United States for the next five years," said Baker, "the silver to be melted and sold to the allies of the United States under the terms of the Pittman bill would not be replaced. It would be impossible to purchase the entire output of the mines of the United States, hence it will be a somewhat longer period than five years before the replacement would be completed."

"The government has melted, under the Pittman bill, 270,000,000 ounces of silver and 200,000,000 ounces have been sent abroad. The silver production of the United States last year was 77,000,000 ounces."

CREW MAROONED ON BARREN ISLAND.

The captain of the barkentine Alta, which arrived at San Francisco May 17 from the South Pacific, was signalled by fire from Flint Island, but because of heavy seas and strong winds was unable to put boats ashore. GERMAN CABINET RESIGNS

DEBATE ON COVENANT BRINGS UP NEW ISSUE

Opponents Charge Majority of Members Might Bring World Under Dominion of Vatican.

Washington, June 20.—While the senate was thrashing over issues of the league of nations controversy in four hours of running debate, league opponents started a revival of sentiment for some definite action on the subject.

The debate, which several times turned into bitter passages, turned up a new issue when it was charged that the league would have a majority of members who might be influenced to bring the whole civilized world under the domination of the Vatican.

The discussion outside the senate chamber regarding the course of league opponents developed considerable difference of opinion among the leaders and failed to produce any definite plan of action.

Rec't Takes Central Part. In these discussions Elihu Root, former secretary of state, was a central figure, talking over the situation with Senator Knox, republican, Pennsylvania, and other opposition leaders.

Some senators thought the opposition would bring its plan to the point of action Saturday so the senate could go on record before the peace negotiations end at Versailles Monday.

It was Senator Sherman, republican, Illinois, who introduced the religious feature. Recalling the traditional papal claims to temporal power, he warned that the 24 delegates representing Catholic nations in the league assembly would hold in the hands a dangerous power to reunite church and state.

R-34 Sails Over Berlin, Low Enough to Give View of Capacity for Doing Damage; Crew of Men, Dogs and Cat Go Through Hair-Raising Experience When Heavy Fog Makes Landing Impossible.

By ROBERT WELLES RITCHIE, (Special Cable Dispatch).

London, June 20.—The R-34 returned Thursday afternoon from what is semi-officially described as an "interesting mission, successfully accomplished."

Though the admiralty is silent the story will not down that the big dirigible circled over Berlin. It is admitted that it touched Balbe ports on its "interesting mission."

On its visit to Germany, it carried no bombs, adhering strictly to the terms of the armistice, the story goes. It appeared just as an innocent sky voyager, "just happening to pass that way."

Followed Armistice Terms. On its visit to Germany, it carried no bombs, adhering strictly to the terms of the armistice, the story goes. It appeared just as an innocent sky voyager, "just happening to pass that way."

Landing Impossible. The R-34 winged her way daintily to a spot over her destination, only to find that a heavy fog between the ship and the landing ground made a descent practically impossible.

YALE OARSMEN BEAT HARVARD BY HALF LENGTH

Four-Mile Varsity Race One of Bitterest Struggles Ever Staged on Historic Waterway.

New London, Conn., June 20.—Rowing a beautifully timed race, Yale defeated Harvard in the four-mile varsity event on the Thames today by a scant half length of open water after one of the bitterest struggles ever staged on this historic waterway.

It was not until the two-mile posts were reached that the blue blades could drive the bow of their shell even a few feet ahead of that of the crimson. The Cambridge crew made a desperate attempt to turn defeat into victory half a mile from the finish and for a moment picked up a trifle of the distance, but Yale answered with a spurt which slowly drew them away as the crimson oarsmen, exhausted by their efforts, rolled on their slides and slowly lost headway with the finish posts almost within their reach.

NOSKE OR MUELLER EXPECTED TO HEAD NEW GOVERNMENT

President Ebert Decides to Retire With Chancellor Scheidemann; American Delegation at Paris Inter-jects Change in Administration as Indication That Germany Will Sign Peace Treaty.

Berlin, June 20.—The cabinet resigned at 2 o'clock this morning. President Ebert will retain his office temporarily. It was stated on good authority today that President Ebert had decided to stand or fall with Chancellor Scheidemann, because he felt that he must resign rather than sign the peace treaty.

May Take Place of Premier Vacated by Scheidemann Between Herr Noske, the minister of defense, and Dr. Mueller, under-secretary of the war food bureau, the race for the premiership seems to be a strong one, although Mueller seems to have the advantage on account of his greater adaptability in meeting the desires of the independents.

Gustav Noske

An independent leader told the correspondent today it was a matter of indifference to the independents who was chosen, as neither man was liked, but that Noske was least liked because he would antagonize hundreds of thousands of persons who regard him as a "blood-hound and oppressor."

Ebert to Remain Temporarily President Ebert will remain in office pending the formation of a cabinet, which is a difficult task, because nobody or any party wants to shoulder the responsibility of signing the peace treaty.
