

### APPEAL FOR AID IN CAMPAIGN TO FEED ARMENIA

**E. A. Benson Addresses Large  
Audience In Boyd Theater  
On Behalf of Starving  
Children.**

E. A. Benson made an appeal Friday on behalf of the Armenian sufferers, at the "Auction of Souls," at the Boyd theater. Mr. Benson, in part said:

"The screen shows but one ten thousandth part of the suffering that stretched from the Black Sea to the Persian Gulf, and from Palestine to the Caucasian mountains. Many of the experiences are altogether too awful to put upon the screen and so outrageous as to seem like the fantastic imaginings of a fevered brain."

"The 2,000,000 survivors are so depleted in health and strength and so racked with disease and starvation that their numbers dwindle at a terrible rate. Four hundred thousand orphaned children are a part of the sufferers—more children than in all the state of Nebraska and I want you to know that these too, would be dead and their bones whitening in the desert but for the heroic band of American doctors and missionaries who make their rendezvous with death and pestilence that they may administer the money the American nation is sending."

"Men and women, if one hundred children were prostrate outside this theater, naked and starving and as ready in the Bible lands are, too weak to raise a hand, you people would fight among yourselves to get to them and succor them, but these people of the Bible lands are near to you and whatever you give is cable direct to the sufferers without expense, not even postage is taken out to diminish your offering."

### Council In Vain Tries To Find Solution for Garbage Odor Removal

Mayor Smith and city commissioners discussed yesterday odors emanating from a hog feeding yard at Sixth and Grace streets, and which disturb the home life of Kountze park residents.

Commissioner Ringer, whose jurisdiction includes garbage removal, told the commissioners that Henry Pollock has a garbage contract with the city, and that the contract specifically states that the garbage must be disposed of in a sanitary manner.

Mr. Ringer, however, told the council that he was unable to find a solution for the situation. He added that he visited the scene of the stench and discovered that the trouble was caused by the contractor having an excess of garbage which is dumped upon the ground where it rots.

Residents as far west as Twenty-second street complained Friday night of the effects of the stench-laden breeze.

No formal action was taken by the council.

### Railroads Will Be Taxed to Capacity All Next Month

Director General Hines of the railroad administration, through the offices of the different railroads, is informing the public that during the latter part of June and all of July travelers will most likely have to put up with considerable inconvenience in the matter of train service and equipment.

Mr. Hines makes the prediction that during the period mentioned the movement of soldiers from Europe will reach its maximum and that consequently in order to handle the business from the Atlantic ports the roads will be taxed to their capacity.

### Children May Spend 6 Months Each With Mother and Father

Lillian Lewis, in a petition for a divorce from George, filed in district court, asks that their two children spend six months with her and that her husband have them the other six months of each year. She also wants her husband to be ordered to pay her \$50 a month during the six months when the children are with her. She charges her husband with non-support. They were married in 1912.

### Two Men Are Arrested On Worthless Check Charge

J. E. Holt, a farmer of Kimball, Neb., was arrested by police yesterday charged with passing a number of worthless checks on Omaha merchants.

Sullivan, held for investigation, is said by the police to have passed a number of worthless checks on Omaha hotels. Sullivan denies the charge and says it is a case of mistaken identity.

### Wife Says Husband Gave Her Only 40 Cents Since Marriage

Percy May Jackson was granted a divorce from Andrew Jackson by Judge Troup, sitting in divorce court. She testified that her husband gave her only 40 cents during their whole married life. Judge Troup gave her the custody of the child and ordered Andrew to pay \$50 a month alimony.
