

HOLD MEETING TO BOOST BONDS FOR GOOD ROADS

Citizens of Florence Precinct Pledge Support at Special Election Next Tuesday.

Paved roads and the paving bonds, to be voted on Tuesday, June 24, were given a boost in the Florence precinct Saturday when a mass meeting held at the Ponca school house, unanimously endorsed the bond issue and pledged those present to work for the proposition on election day.

The resolution, offered by a committee consisting of William Benna, T. C. Vogel and John Burschat, followed: "Resolved, That we are earnestly in favor of promoting the best interests of Omaha and our state by encouraging the construction, at the earliest possible time, of permanent paved roads leading through Douglas county to the city of Omaha, and from the city to the western boundary of Douglas county where the greatest good will result to the greatest number, that the value of all farm and city property in the county will be greatly enhanced, and that the proposition to authorize \$3,000,000 road bonds to be submitted to the voters of Douglas county next Tuesday, is a start in the right direction to make Omaha one of the greatest cities in our country;

"Resolved, Further that we pledge our best efforts to advise all our voters of the importance of voting for such bond proposition, and further pledge ourselves to sacrifice our time to vote, and to get all other electors out to vote for said proposition next Tuesday."

Southern Atmosphere at Lakeview Dancing Palace

A frivolous, frolicsome festival of fun accurately describes Plantation Days, the add-on attraction now at the Lakeview Palace. Real southern atmosphere obtained by the presence of con shouters, singers, dancers and instrumentalists, with appropriate decorations of imitation sugar cane lend appreciable dignity to the event.

The management anticipates that this attraction will prove to be the most popular cards yet this season.

The old-time melodies during the period of "the south before the war" as well as the latest and most popular jazz numbers will be sung at different intervals throughout the evening by Omaha's Own Southern quartet, composed of Bates, Munsey, Bell and Daugherty. Hard and soft shoe dancing with a buck and wing contest is also on tap.

Hotels Responsible for Guest's Stolen Property

San Francisco.—Hotel proprietors or corporations are responsible to guests for personal property stolen during the absence of guests, according to a decision here by Superior Judge John H. Healy. The ruling, a pioneer one, was made in the case of Verne Samples, manufacturer's agent, who sued the Lankershim hotel to recover the value of wearing apparel stolen from his room there. Samples was awarded judgment for \$150.

Employees to Share Savings by New System

North Adams, Mass.—Representatives of the employees and the management of the Windsor Print works in this city have voted favorably upon the adoption of a so-called "man to man system" whereby employees will share equally with the employer in savings resulting from the adoption of new methods for lessening the cost of production. The new system is to be given a three-months' trial at the local factory.

Foreign Buyers Invade Coast Butter Market

Portland, Ore.—For the first time in the history of the butter market on the Pacific coast an invasion of foreign buyers has been made. Ten carloads of butter are now on their way to England from the coast via New York.

Shells Made in U. S. Bombard Yanks

Lowell, Mass.—Lowell boys in the 104th infantry were jarred to find in the Toul sector that they were being bombarded with shells made in their own country. Capt. Walter W. Austin of the 104th, now back at his home explains that the shells made in Lowell had been shipped to the Russians, captured by the Germans, sent over to our soldiers.

Rheims as It Was Before The War and as It Is Now

Before the war the French city of Rheims, famous for its cathedral, had a population of 115,000. The present population is 8,400; 4,000 of whom are men, with 3,200 women and 1,200 children. This gives some idea of the terrible devastation in northern France.

Among the numerous worries of women a sallow or muddy complexion is by no means the least, and to try to cover it up with face powder only makes a bad matter worse. You must get at the root of the evil. It is caused by a sluggish liver, constipation and errors in diet. Take a few doses of Chamberlain's Tablets, adopt a diet of cereals, vegetables and fruit, and take plenty of outdoor exercise. Walk at least five miles a day and the trouble will gradually disappear. Try it.

FLASHES from FILMLAND PHOTO-PLAY OFFERINGS FOR TODAY

A Rothapfel Unit program characterizing six distinct features had its initial showing at the Rialto theater yesterday. Music, effects, magazine, novelty prelude, dramatic features and comedy are shown all under the personal supervision of Samuel Rothapfel and each bearing the artistic touch of this man who has been recognized as the greatest exhibitor of the country and in this program he makes his initial bow as a producer. The feature drama of the program is "False Gods," a strong photodrama of the battle love over ambition with Grace Darling, Harry Mestayer, Hugh Thompson, Alfred Hickman, Ida Darling and Florence Billings in the cast. A comedy without slapstick effects and the usual chase is shown in "Wild Flowers." It tells of the life of two New York "chicks."

"The Woman Thou Gavest Me," a magnificent picturization of Hall Caine's famous novel is showing at the Strand theater. The picture was produced by Hugh Ford, one of the most experienced stage and screen producers. The picture was taken in California, with a powerful cast, including Katherine MacDonald, Milton Sills, Theodore Roberts, Jack Holtz, Fritz Brunette, and Katherine Griffith. The novel was first produced on the stage in 1917 by Derwent Hall Caine, son of the author. As a novel it outdid all of the author's books. The picture is one of the screen's greatest triumphs. The tremendous story of Mary's struggles after being sacrificed upon the altar of wedlock to a man she hates is unforgettable. The story covers a wide field including Egypt, Africa, India, England and the South Polar regions. The picture is not only powerfully dramatic, but colorful and fascinating in every way.

Priscilla Dean, star portrayer of underworld roles, is the feature play in "Pretty Smooth," which is the attraction at the Brandeis. "Pretty Smooth" was especially written for Miss Dean by Bayard Veiller, the famous writer of plays with a criminal atmosphere.

Miss Dean has the part of Gertie Jones, thief, and her associate as "The Chatterbox" because she talks to herself when excited. Gertie has the faculty of impersonating French maids and thus obtaining employment in wealthy homes. When Gertie leaves, a goodly portion of the family jewels leaves with her. She tries to open the safe during the absence of her mistress, but scratches it so badly by her unskilled methods that she has to contrive an alibi.

IMPORTANCE OF THRIFT POINTED OUT BY PASTORS

Urge People to Continue Buying War Savings Stamps; Holy Angeles Catholic Church Dedicated.

The importance of thrift was emphasized by the pastors of many Omaha churches in brief talks, aside from their sermons, at the regular services. This was done at the request of Harold Braddock, director of the savings division of the United States treasury. Letters from Secretary of the Treasury Glass were read by many pastors and the members of the congregations and the children were urged to continue to purchase thrift and war savings stamps in a systematic and aggressive manner. The handsome new edifice of Holy Angels' Catholic church at Twenty-seventh street and Fowler avenue was dedicated yesterday morning with elaborate ceremonies. Archbishop Harty preached the dedicatory sermon.

Young People Form Club

A Young People's Sunday Evening club was organized at the First Central Congregational church last evening. A constitution was adopted and a plan for work was made. Programs will be held every Sunday evening, combining religious with entertainment features. Yesterday was a day of jubilee at Grace Methodist church, Twenty-fifth and E streets. The church was freed of debt. The mortgage-burning service was held in the morning. Rev. J. W. Kirkpatrick of Holdrege, Neb., who was pastor of the church when the present edifice was erected, preached the sermon and gave reminiscences of the early days.

Miss Lucy Drake, Omaha School Teacher, Dies

Miss Lucy J. Drake, age 27 years, died at the home of her mother, Mrs. Harriett Howe Drake, 1131 South Thirty-second street, Sunday. Miss Drake was a teacher in the Long school, and was survived by her mother, one sister, Miss Harriett Drake, a teacher at Central High school, and one brother, James Drake. Funeral services will be held at Brewer's chapel, South Side, Tuesday afternoon at 2 o'clock. The body will be taken to Chicago for burial.

At Neighborhood Houses Apollo-19th and Leavenworth—A NETTIE KELLERMAN in "DAUGHTER OF THE GODS," DIAMOND-24th and Lake—BENJ BENNETT in "THE MOTHER IN-LAW," ORPHEUM—South Side, 24th and M—MARION DAVISON in "THE BURDEN OF PROOF," HAMILTON—49th and Hamilton—GLORIA SWANSON in "STATION CONCERT," MARIE WALCAMP in "THE RED GLOVE," No. 14, SUBURBAN—24th and Ames—MARY PICKFORD in "DADDY LONG-LEGS," GRAND-14th and Blaney—ELSIE FERSON in "HIS PARISIAN WIFE," LOTHROP—24th and Lothrop—EDITH STONEY in "AS THE SUN WENT DOWN," SENNETT COMEDY, "HER FIRST MISTAKE."

The denouement of the story has been adroitly effected by Mr. Veiller, whose masterpiece is enhanced by the work of Rollin Sturgeon, as director, and a well-balanced cast of players.

"Pretty Smooth" will remain at the Brandeis through Wednesday.

Pretty girls in bathing costumes and the latest things in swimming and diving are a part of the Omaha Bee Universal Film company Screen Magazine, which is being shown at the Brandeis this week. It contains a wide presentation of Priscilla Dean in "Pretty Smooth."

Mary Miles Minter in "A Bachelor's Wife" attempts to straighten out the affairs of a much loved cousin and is declared in as the wife of a very charming young man and the mother of a pretty baby. She's a little Irish girl, with a temper that brings lots of action into the picture as the role is well portrayed by Miss Minter. "A Bachelor's Wife" will be at the Sun again today and Tuesday.

He was a minister of the gospel working in the slums. She was a young society butterfly, frivolous and vain, never thinking of the serious side of life and ignoring the love her husband gave her.

"Playthings of Passion," the newest picture in which Kitty Gordon is starring at the Muse is described as a startling story with the above theme for its basis. It deals with the temptation which came to the young cleric and the momentous results arising from the way he met it. The production is said to be a lavish one. Miss Gordon returning to, and far exceeding, it is reported, the lavish display of feminine adornment for which her name is famous. Wallace Worsley directed the picture, which bears the hall mark of supervision by that master-producer Robert Brunton.

TAKES SERMON FROM LIFE OF KING SOLOMON

Rev. C. W. Savidge Says Many Omaha Men Are Keeping Two Homes; Concubines Are Popular.

"Are You Keeping a Woman?" was the subject of a sermon by Rev. C. W. Savidge at the People's church last evening. His subject was taken from First Kings, 11:1, "And King Solomon loved many strange women." The sermon, in part, was as follows: "My subject is, 'Are You Keeping a Woman?' 'A few chapters previous to this statement God says He gave Solomon a 'wise and an understanding heart.' None preceded him and none who followed him should have such wisdom. But in 1st Kings, 11:3, God has written this record against the king: 'He had 700 wives and 300 concubines,' and instead of God being his friend in such a transaction, God turned to be his enemy. It is very doubtful whether Solomon ever again obtained the favor of God. 'I understand that a concubine is not a wife but a kept woman. And this relation is very popular in modern cities today.' 'I have known rich men in this city who have paid out much money year after year for the support of a second home and these men became very sensitive and very touchy on the subject, and their friends should be very careful what they said to them, lest they should become frightened and angry, because they feared that their true relation would be found out and would be known among the people. The fact is their true characters were known. 'Many women in our stores, factories and homes in Omaha and in other cities are sustaining this relation. I cry, 'Shame! Shame!' 'What is the harm?' I am asked. 'First: This thing makes God angry. 'Second: People can't stand such a life, they commit suicide. 'Third: It robs decent, hard-working men of true wives. This concubine business has become so popular that decent, hard-working men cannot find good women to be their wives, to help build their homes and to raise their children. I know and can give you the proof of what I say. I am in practical touch of this thing. 'Fourth: You will disgrace yourself and die and go to hell. 'What is the cure?' 'First: Decide that you will live purely and righteously whatever comes. God will make it possible for you to do so. Sister, if I were you, I would not have a fraction of a man, nor share him with anyone else. I would have a whole man or none. 'Good people will help you. Its proper to call for help. Isaac was a rich Jew, but his father and old servant helped him to find Rebecca. 'Mordacai the wise Jew aided his beautiful niece Esther to become a queen. 'Samson was the strongest man in history but he asked his father and mother to help him get his wife. 'If you can't find your mate alone ask help. But don't share your heart or home with any other person."

OFFICIALS ASK TIN CANS USED A SECOND TIME

Twenty Cans to Each Person Are Yearly Wasted in the United States; Machine Is Invented.

The government waste reclamation service of the department of commerce with headquarters in Washington is using the Omaha Chamber of Commerce to take an active part in making used tin cans do their share in the uplift of tin industry. This department of the government urges that instead of throwing used tin cans into the alleys and later being sent to the dump, they be utilized.

The department, which has to do with the used tin industry estimates that annually in the United States, 2,000,000,000 of these cans are used for canning fruits, meats, vegetables and soups. This is an average of about 20 cans to each person. This number of cans represents about 800,000 tons of material, of which 8,000 tons is pure tin.

It is figured out that in cities, annually there goes to the dump

about 13 tons of usable material for every 1,000 inhabitants living in the community.

That the tin from cans may be converted into a merchantable product, by a machine, which, according to the government cuts the can across the top and bottom and along the seam, and then presses it into a flat sheet.

The flat sheets of tin obtained from working over the old cans are utilized in the manufacture of asbestos sheets, toys, box covers and numerous other articles. It is sold at a good price and is found to bring greater returns than under the old system, when detinning was the rule. The tops and bottoms of the cans, shipped to detinning plants bring in large revenues and are money makers for the dealers.

The government suggests that in cities where there are large accumulations of used tin cans, it would be profitable to install electrical furnaces for melting the solder from the tops and bottoms of the cans, selling it to dealers.

"Two Weekly Dances Too Much for Girl of 19"

New Bedford, Mass.—"Two dances a week are too much for a girl of 19," said Judge Frank E. Miliken in the district court, passing a sentence to probation in the case of Miss Theresa Lucardri. Judge Miliken state that two dances a week for a girl of 19 warranted her being hauled into court as a stubborn child. The young woman was placed on probation until July, with the injunction to mind her mother.

TO BOOST OMAHA AS TRADE CENTER—OBJECT OF MEET

More Than 800 Local Retailers Expected to Take Part in Mass Meeting Next Thursday Night.

There are something like 800 retail firms and corporations in Omaha that are engaged in merchandising. Thursday night of this week at 8 o'clock, representatives of these firms and corporations propose to meet in the main dining room of the Chamber of Commerce, where they will hold a mass meeting and smoker. It is expected that every man engaged in retail merchandising will be present, or represented.

The gathering of retailers is to set in motion a plan for boosting Omaha as a great retail center. For years Omaha has been the retail market town of the central west, but the retailers want to grab hold of the tow lines and boost it until it will be known from ocean to ocean. This can be done, says Charles Black, president of the Associated Retailers of Omaha. Charles Black will preside and

Brief City News

Have Root Print It—Beacon Press. Elze. Fans \$8.50—Burgess-Graden Pierce-Arrow Ambulance Service—Stack & Falconer, Harney 64. Dr. A. B. Lindquist has resumed eye, ear, nose and throat practice at 1006 First National Bank Building. Phone Douglas 2900.—Adv. Resumes Practice—John N. Baldwin (Jack) has resumed the practice of law after two years' absence, at 836 First National Bank Building.—Adv. Visiting Her Sister—Mrs. M. E. McNeal of Denver, Colo., is visiting her sister, Mrs. P. B. Larr, of Omaha. Mrs. McNeal intends to spend a month in Omaha.

THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are often due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency as well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by Sherman & McConnell in Omaha, and most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate should produce a welcome transformation in the appearance; the increase in weight frequently being astonishing. Increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, should soon disappear, dull eyes ought to brighten and pale cheeks glow with the bloom of perfect health. CAUTION—Although bitro-phosphate is unparagoned for relieving nervousness, sleeplessness and general weakness, it should not, owing to its tendency to increase the body cells, be used by anyone who does not desire to put on flesh.

From New York Tribune, May 31, 1919—

"Fellows Who Stick by You Through Anything" —says Corporal Daly

In "this man's army" you form the finest of friendships, the kind that last through life. Read what Corporal William Daly, of Company M, 108th Infantry, says. He knows. He's tried it. Wouldn't you like to be one of Uncle Sam's "buddies," wearing a uniform that is honored in every land, one of the big, clean army of regular fellows, and "sit on the top of the world"? Well, here's your chance! Read every word of this advertisement.

Good Pay—Foreign Service—Free Education

When you're in the Army, Uncle Sam pays your bills—food, clothing, living quarters, everything of the best quality. He furnishes medical attention, care of the teeth, all the necessities. In addition, at the present rate of pay, you receive \$30 a month and upward—all "velvet." It means money in the bank if you are thrifty. Does your present job show you \$30 a month profit? Our flag flies in France, on the Rhine, in the Philippines, Porto Rico, Alaska, China, Panama, Hawaii, etc. What part of the world would you rather see? Wherever the flag floats, there Uncle Sam's boys will be found guarding its honor. Extra pay for service in Europe, Asia, Philippines and Alaska. This means experience most people gladly pay for. Uncle Sam pays you. And when you are in the Army, Uncle Sam offers you an education—a good one. You can study almost anything, right up to college and technical subjects. You can learn a skilled trade. When you enlist, you actually go into training for SUCCESS in after life, laying a firm foundation to build on.

U.S. ARMY

50,000 Red-Blooded Men Going to Serve in France and on the Rhine—Now

If you want to see the battlefields of France, and the historic Rhine which the Germans thought impassable, enlist today. You will be sent across the Atlantic to join the Army of Occupation of the A. E. F. This is the chance of a lifetime. Many veterans are re-enlisting to go back there. You may be too late unless you act at once.

YOUR OPPORTUNITY—WILL YOU GO?

- Healthy, Out-Door Life: In the Army, you live mostly out-of-doors. Your work builds you up physically, makes you strong, healthy, alert and manly. Skilled physicians look after you. Your military duties keep you fit. You eat well, sleep well, feel like a king all the time. Most men gain weight when in the Army, and it's all sound muscle—no fat. Military life makes you courageous, builds up will-power and self-control, gives you mastery over yourself. It broadens your mind, and stiffens your backbone. It makes you the kind of chap that gets the best sort of job when your enlistment is up. It develops confidence and leadership. The U. S. soldier is respected everywhere, because he has the greatest government in the world behind him. His uniform is a uniform of honor. No calling builds up character and independence like the military profession.
- Training in a Skilled Trade Fits You for Success in Life: There are thirteen branches of the service: Infantry, Cavalry, Field Artillery, Ordnance Dept., Medical Dept. (including Veterinary Corps), Coast Artillery, Signal Corps, Tank Corps, Motor Transport Corps, Air Service (including Balloon Corps), Quartermaster Corps, Engineers, Construction Division. You have your choice of these branches. Each branch utilizes a number of skilled trades—often a great many. These trades include surveying, auto-repairing, telephone repairing, road construction, wireless telegraphy, tailoring, telegraphy, switch-board installation, motor mechanics (air and ground) and a great many others. YOU CAN CHOOSE WHICH OF THESE TRADES YOU WILL LEARN.
- Liberty and Recreation: In the Army you have plenty of liberty, and lots of entertainment. You can play baseball, football or other games. You go to shows, dances, movies. You meet agreeable people in Hostess Houses. You get acquainted with nice girls. IN FACT, YOU HAVE A BETTER TIME THAN MOST CIVILIANS. Promotion: By sticking to the game, you may become a non-commissioned or commissioned officer. Men are also selected from the ranks to go to West Point; others are commissioned from the ranks. There are also the grades of corporal and sergeant in the line, and higher non-commissioned staff grades. Every promotion brings added pay. Marksmanship brings added pay. Skill at your trade brings increased pay.

Now, Men, what do you want? Call and talk it over To-day!

Ask all the questions you wish. You incur not the slightest obligation by doing so. Courteous non-commissioned officers on duty will cheerfully furnish information and give you printed matter to look over at home. This advertisement tells only part of the story. Get the rest to-day.

UNITED STATES ARMY RECRUITING OFFICE At Army Building, 15th and Dodge Streets, Omaha, Neb.
