William E. Gonzales Named U. S. Ambassador to Peru

Washington, June 23.—William E. Gonzales of Charleston, S. C., now minister to Cuba, was nominated today by President Wilson to be ambassador to Peru. Boaz W. Long of New Mexico, former chief of the Latin American division of the state department, was nominated to be minister to Cuba, and Benton C. McMillan of Tennessee, to be minister to Guatemala.

GOVERNOR MAY CALL SPECIAL JULY SESSION

Not Prepared Yet to Announce What Action Will Be Taken on Administrative Code Law.

Lincoln, June 23.—Governor McKelvie was on duty in the executive offices of the state at 5 o'clock Monday morning and when newspapermen called at the usual 11 o'clock hour they found him busy catching up on the correspondence which had accumulated during his absence in Chicago last week.

On his desk was a file of letters received at the office from members of the legislature relative to the calling of a special session for the purpose of ratifying the woman suffrage constitutional amendment. According to the governor, most of the answers indicated that the writer favored the special session and some of them thought that the code law should also be included.

However, the governor is not prepared just yet to say what he will do. Members who favor the special session believe that it should be called about the middle of July and the governor believes that this would be the best time. He is not prepared as yet to announce whether he will include in the call the code law with the emergency clause in the bill. "It may be necessary," he said with a smile.

It is generally understood that the promoters of the recall of the code law are not having very good success securing names and it is prob-

able that the governor believes that the referendum will not be invoked on that account.

While in Chicago he attended a meeting of the tax commissioners of the United States and also a meeting of the Publishers Agricultural association, of which he is a member of the executive committee. "I did not see Governor Lowden," replied the executive, in answer to a question if he attended the conference of the men who are promoting the presidential boom of the Illinois governor "and did not attend the meetings, so know absolutely nothing about it only what was published."

While in the east the governor looked up the proposition of securing a business efficiency expert to organize the departments of the state under the new code law. "I find," said he, "that there can be a great deal saved in the carrying out of the idea if some efficiency expert who knows how to do it has charge of the organization of the departments and can start us out right."

Supreme Court Affirms Verdict in Bribery Case

Lincoln, June 23.—The supreme court affirms the judgment of the Madison county district court which held that Arthur J. Koenigstein, white county attorney of Madison county accepted a bribe from Nannie Myers, alleged keeper of a house of prostitution at Norfolk, in consideration of protection.

A former conviction had been reversed by the court upon the same information. In that opinion the nature of the evidence in support of the case is fully stated and the evidence in this second trial is similar in nature.

Nannie Meyers was not in court at the trial and her evidence given at the former trial was by the court the objection of the defendant. The higher court holds that such evidence is allowable.

Steamer Sunk by Mine

London, June 23.—The American steamer Farnam, from Baltimore, has been sunk by a mine explosion, a dispatch to Lloyds from Gothenburg reports.

WANT ROADS IN GOOD SHAPE FOR U. S. TRUCK TRAIN

Brig.-Gen. C. B. Drake Urges That Lincoln Highway Be Put in the Best Possible Condition.

Lincoln, June 23.—With the idea of having the roads of Nebraska in good shape for the use of the government for its transcontinental auto truck convoy which will pass through the state the first week in July, Gen. C. B. Drake, chief of the motor transport corps, has sent the following communication to Governor McKelvie, asking for as wide publicity as possible:

1. The War department will start a transcontinental convoy enroute to San Francisco from Washington, D. C., via the Lincoln Highway, on July 7. This convoy will pass through your state between the dates of July 26 and August 1. The matter is brought to your attention, at this time, with a view of obtaining your co-operation toward having the Lincoln Highway in such condition as will enable our trucks to pass over it with the least possible inconvenience.

2. We would also appreciate your giving this matter the widest publicity in your state, because of the impetus the War department is desirous of giving the good roads question.

Purposes of Trip.

3. The purposes of this trip are manifold and are set forth as follows:

(a) An extended service or performance test of the several standardized principal types of motorized army equipment used for the transportation of troops and cargo, and for other special military purposes.

(b) The War department's contribution to the good-roads movement for the purpose of developing the construction of through-route and transcontinental highways as a military and economic asset.

(c) A demonstration of the practicability of long-distance motor post and commercial transportation, and the necessity for the judicious expenditure of federal governmental appropriations in providing the necessary highways.

To Collect Information.

(d) The collection of detailed data for use in connection with the technical training of commissioned and enlisted personnel of the motor transport in the essential functions of the corps—that of operating motor transportation.

(e) The procurement of recruits for the enlisted personnel of the Motor Transport corps.

(f) The provision of an opportunity for extensive studies in terrain observation by certain branches of the army, particularly the field artillery, the air service, and the engineer service.

(g) An exhibition to the general public, either through actual contact or resulting channels of publicity, of the development of motor vehicles for military purposes, which is conceded one of the principal factors contributing to the winning of the World war.

Court Rules By-Laws Cannot Be Assailed for Want of Adoption

Lincoln, June 23.—When the officers of a mutual insurance company, in whom the articles vest the authority to enact all necessary bylaws, fail formally to adopt any bylaws but act upon and publish such bylaws adopted at a meeting of members, these bylaws cannot be assailed by want of formal adoption by a member who accepted his certificate thereunder, or by those claiming as beneficiaries under him.

This is the opinion of the state supreme court in a case brought by Nanda C. Dunn against the Physicians' Casualty Company of America in the district court of Douglas county, which refused to give judgment in favor of the plaintiff.

Mrs. Dunn was the wife of Dr. D. Winton Dunn, who held a policy in the insurance company named for \$5,000. Dr. Dunn was shot and killed June 7, 1914, while the policy was in full force. The association bylaws read that the association shall not be liable for injuries inflicted by any other person except by burglars or highway robbers.

The lower court held that the evidence conclusively showed that Dr. Dunn was intentionally killed, therefore the insurance company is not held under its own bylaws.

Names Written on Ballots Shall Be Counted, Says Court

Lincoln, June 23.—Writing in of names on the nonpartisan judiciary ballot is permitted and such names shall be counted, according to an opinion of the state supreme court in an opinion handed down Monday.

The case comes from Logan county and was brought to test the right of George H. Hughes to have his name placed upon the election ballot with that of Franklin R. Hogeboom. Hogeboom's name was printed upon the primary ballot and he received 191 votes. Nine voters wrote the name of Hughes upon the ballot and they were counted.

In the general election both names were printed upon the ballot and Hughes received the most votes, 200 voting for him and only 190 for Hogeboom.

After the election both men filed their bonds and both bonds were accepted by the county board. Hogeboom, who had been county judge at the time of the election, continued to hold over and the court holds that he must remove himself from the premises and allow the man who received the most votes to step into the office and issue a judgment in ouster to that effect.

Last Oakland Civil War Veteran Dies of Paralysis

Oakland, Neb., June 23.—(Special)—Asa Eddy Wells last surviving veteran at Oakland of the civil war, a former banker and resident here for 39 years, died Monday. He suffered a paralytic stroke about five

years ago, and a number of subsequent ones, the last two days ago.

Mr. Wells was born at Burlington, Wis., March 3, 1844. At the age of 17 he enlisted in Company C, First Wisconsin Volunteer Infantry and served three years. He came to Oakland in 1880 and engaged in banking, under the firm name of A. E. Wells and Co. His health com-

pelled him to retire from business a number of years ago.

He is survived by the widow, and three daughters, Mary at home; Mrs. Fred Hammer, Portland, Ore., and Miss Florence, head aide at a government reconstruction hospital in Atlanta, Ga. The body will be taken to Burlington, Wis., for burial.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Mulsified coconut oil shampoo (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair. Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanse the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage. You can get Mulsified coconut oil shampoo at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.—Adv.

Reliable Method of Hair Care

Hair is by far the most conspicuous thing about us and is probably the most easily damaged by bad or careless treatment. If we are very careful in hair washing, we will have virtually no hair troubles. An especially fine shampoo for this purpose, one that brings out all the natural beauty of the hair, that dissolves and entirely removes all dandruff, excess oil and dirt, can easily be used at trifling expense by simply dissolving a teaspoonful of canthox (which you can get at any drugstore's), in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head. This chemically dissolves all impurities and creates a soothing, cooling lather. Rinsing leaves the scalp spotlessly clean, soft and pliant, while the hair takes on the glossy richness of natural color. It is a stiffness which makes it seem much heavier than it is. After canthox shampoo, arranging the hair is a pleasure.—Adv.

PHYSICALLY-FIT AT ANY AGE

It isn't age, it's careless living that puts men "down and out." Keep your internal organs in good condition and you will always be physically fit.

The kidneys are the most overworked organs in the human body. When they break down under the strain and the deadly uric acid accumulates and crystallizes look out! These sharp crystals tear and scratch the delicate urinary channels causing excruciating pain and set up irritations which may cause premature degeneration and often do turn into deadly Bright's Disease.

One of the first warnings of sluggish kidney action is pain or stiffness in the small of the back, loss of appetite, indigestion or rheumatism. Do not wait until the danger is upon you. At the first indication of trouble go after the cause at once. Get a trial box of GOLD MEDAL Haskem Oil Capsules, imported direct from the laboratories in Holland. They will give almost immediate relief. If for any cause they should not, your money will be refunded. But be sure to get GOLD MEDAL. None other is genuine. In sealed boxes, three sizes.
