PROMISES TO MAKE \$100,000 IN YEAR.

New York, June 25.—(By Universal Service.)—Upon his pledge that he would engage only in lawful pursuits and that he will make \$100,000 within a year, regardless of the fact that "friends" had stripped him of all his property, Joseph Thompson, just discharged on parole, after serving part of a five-year term at Danmora state prison, won favor from Judge Otto A. Rosalsky in general sessions and was given another chance.

Thompson was hailed before the court on an old grand larceny indictment.

"My real estate is all gone. It was taken from me by alleged friends while I was in prison. I have made millions in my time and I can make them again if I am given an opportunity. That is all I ask."

Thompson's visit to prison arose from his alleged organization in 1915 of a "millionaires' club," where, in a crooked faro game, wealthy men were mulcted of large sums of money by confidence men. All the promoters of the club received long sentences.

"It will take two, probably three, harvests to restore the world to its normal food state," Mr. Green declared. "Meanwhile," he continued, "the retailer must do business upon as substantial a foundation as he can."

Mr. Green warned the delegates against being too cautious, and declared that the cost of selling must come down, but that there could not be any reduction in the wages of employes at the present time.

CHICAGO SALOON MEN RENEW LICENSES.

Chicago, June 25.—Eighty saloonkeepers and 10 wholesale liquor dealers paid the internal revenue tax for the fiscal year beginning July 1, just as though prohibition had never been heard of. REFUSES TO SANCTION GENERAL WALKOUT

Central Labor Body Defeats Motion That Would Have Called Out Every Union Man in Omaha.

After more than four hours of stormy debate and discussion, 102 delegates of the various locals comprising the Central Labor union, defeated a motion to call a general sympathetic strike in this city. The meeting was held in the Labor Temple last night.

The action of the central union makes any sympathetic strike unlikely for some time to come, it was announced by members of the general committee.

In an effort to strike back at employers who had refused to confer with employes now on strike, all business houses or other institutions handling goods or material transported by nonunion men are to be boycotted by the organized workers of the city. Union men will refuse to handle any material which is transported by the teamsters who continued to work, despite the strike order of the teamsters' local. Members of the various locals will be assessed a certain sum each week. The money raised will be used in extending financial aid to the striking teamsters and truck drivers.

Some Teamsters Going Back. Teamsters who obeyed the general strike order about a week ago and walked out after the firms which employed them had acceded to the requests of the union will return to work for these concerns as soon as the action taken by the central body is made known to them.

The Federal Labor board, it was learned, is to be asked to investigate labor conditions in the city. Officials of the board will be requested to use their efforts to end the present controversy. A resolution denouncing Mayor Smith for his attitude during the trouble and especially for statements he made at a meeting of the American Legion, was introduced and unanimously accepted. The resolution was introduced by T. P. Reynolds, president of the Nebraska State Federation of Labor.

Street Car Men for Strike.

Two hundred and eighty street car men voted for and 208 against a general sympathetic strike at their meeting just before the central body returned to work.

Winnipeg Strikers Rush to Get Back in Their Old Positions

Winnipeg, June 25.—A grand rush for their old jobs was made by most of the strikers Wednesday, although the strike committee had designated Thursday, at 11 o'clock, as the time to return to work.

Federal, provincial and municipal officials and industrial employers announce emphatically some of their men would not be reinstated. Mayor Charles F. Gray declared those who are taken back by the city must sign a pledge not to join sympathetic strikers.

Official notice of the termination of the strike was sent to Premier T. C. Morris of Manitoba. It is understood that the government will appoint Judge H. A. Robison as a one-man commission for the fullest investigation into the cause of the strike and to make recommendations to the provincial government.

Vancouver, June 25.—Confirmation of press reports calling off the Winnipeg strike were received here by labor leaders tonight. A hurried consultation was called and a bulletin was posted at Labor temple by the strike committee calling off the strike in Vancouver, Friday noon next, "if no discrimination is shown."

SECOND BRAVEST YANKEE SOLDIER HIGHLY HONORED

Camp Dix, N. Y., June 25.—Another humble American doughboy took his place in the hall of fame in the person of Private Frank Gaffney of Company G, 108th Infantry, Twenty-seventh division (New York National Guard).

Sergeant Alvin York, of Palma, Tenn., is the only man in the American army credited with a larger bag of prisoners than Gaffney. The lanky Tennesseean brought in 132 Germans, but he had a few men to help him round them up, while the New Yorker, alone and suffering from a wound which cost him one of his arms, piloted 80 into the American lines.

"You're the second bravest man the war produced," declared the major general when he pinned the congressional medal of honor upon the breast of the blushing boy.

BLUFFS SUFFERS FROM SEVERE THUNDER STORM

Indian Creek Overflows, Deluging Part of City; Omaha Escapes Lightly With Nine Fires of Little Moment.

The rain and thunder storm that struck the city shortly before last midnight caused more damage in Council Bluffs than in Omaha. Indian creek, in the Bluffs, overflowed, deluging about five blocks in Broadway from Ninth street west with mud.

Following the storm last year, when Indian creek mud caused considerable property loss by a like overflowing after a severe rainstorm, city officials voted a sum of money to dam the creek. The heavy rainfall of last night caused the waters in the creek to break this dam, with heavy consequent damage to property in the deluged area.

The monetary loss entailed is not known. Traffic has been interrupted between this city and the Bluffs. Lights are out, connections having been broken by trees felled by the heavy wind which accompanied the rainstorm.

South Side is also reported to have suffered from the storm. Two blocks of wires are down in the vicinity of Twenty-fourth and F streets.

Fire from nine fire calls in Omaha, no damage has been reported. None of the fires caused much damage.

CLEAR CUT BILL FOR DRY U. S. DRAFTED

Will Be Reported Out Thursday by House Judiciary Committee; Decision After All-Day Session.

Washington, June 25.—A straight-clear-cut bill for enforcement of wartime prohibition will be reported out Thursday by the house judiciary committee.

Decision to separate the wartime from the constitutional prohibition enforcement measure—said to be the most drastic liquor bill ever presented to congress—was reached after an all-day session. A proposal that two distinct bills be drafted was rejected Tuesday, but it was brought up again by Representative Walsh, republican of Massachusetts, and was pending when a motion to adjourn abruptly ended the discussion.

Plan Quick Passage.

There was no indication as to how the committee would have voted, but several of the leading prohibition members agreed, in view of the manifest differences between the two issues, and the possibility that the sale of beer and light wines might be permitted until January presidential proclamation, that the wisest thing to do was to report out the wartime bill the first thing Thursday, and the constitutional bill later in the day. In this way there is every assurance, they said, that the wartime bill would be passed probably by both houses before the end of the month, at which time the "dry" act becomes effective.

Joker Defeated.

An amendment by Representative Steel, democrat, Pennsylvania, which, it was admitted later, would have nullified the entire law, got through by vote of 9 to 8, subsequently was reconsidered and defeated, 10 to 7. The amendment stipulated that provisions of the enforcement act, except as they relate to interstate and foreign commerce, should not be effective in any state until ratified by the people. It was said that one or two members voted for the amendment as "a joke."

When the committee adjourned without acting on the Walsh motion for separate enforcement bills, Representative Gard, democrat, Ohio, returned to the house and introduced the enforcement bill offered at the last session. The committee measure that will go to the house is considered far less drastic than the general bill. During the day democratic leaders in the house made inquiry of Chairman Volstead as to when the liquor bill might be expected and were informed that it might not be ready before Saturday.

Jump Into Fight.

After more than a dozen committee roll calls on various provisions, none of general public interest, Mr. Welsh, Mr. Gard and others jumped actively into the fight with vigorous demand for separation of the measures notwithstanding the previous action of the committee. Mr. Walsh declared the committee ought to take the bill by the horns, get the wartime enforcement bill introduced at the last session before the house and vote on it. Then if the president wanted to lift the ban it would only be necessary, he said, to suspend the act providing for wartime enforcement and not interfere with legislation affecting the constitutional prohibition.

Gong Ends Meeting.

The committee, Mr. Walsh added, then could go ahead and make ready machinery for permanent prohibition. Unless the questions were separated there would be no responsibility for enacting any law before July 1. Mr. Walsh stated, adding that he would go before the rules committee and get a rule by which the measure could be passed promptly and without extended debate. Several members of the committee, including Chairman Volstead, took part in the discussion that followed. A vote was within sight, but the house gong, calling members to a roll call, suddenly ended the meeting.

Bill to Tunnel Hudson Passed.

Washington, June 25.—With a record vote the house passed the senate bill to permit the states of New Jersey and New York to construct a vehicle tunnel under Hudson river at New York.

BERLIN STREETS SCENES OF RIOTS AND PLUNDERING

Pedestrians Attacked and Robbed; General Strike Faces Germany.

Berlin, June 25.—(By the Associated Press.)—The streets of Berlin were scenes of rioting and plundering Tuesday night and Wednesday morning. Incited by speeches from agitators in Alexander Platz, mobs attacked and robbed pedestrians and maltreated soldiers. Troops sent to Alexander Platz were fired on by crowds in the streets and from the roofs of buildings. They finally succeeded in clearing the streets.

Elsewhere in the city bands of marauders robbed shops and attacked citizens, rifling their pockets. The neighborhood of the Stettin railroad station was notably disorderly. Street cars were held up while rioters searched the passengers' pockets and stole women's rings. Here, also, soldiers were beaten and shot, were fired from roofs and windows and the soldiers returned the fire.

After daylight the city was quiet, but at noon the police appealed for troops, as the crowds were gathering once more. Four thousand workers in the shops across Gruenewald railroad had struck. Troops have occupied the Goerlitz and Stettin stations, which are still being used by the public.

PLAN TO DECLARE PEACE SHELVED BY COMMITTEE

Senator Fall's Proposal Fails to Command United Support of Opponents of League of Nations.

Washington, June 25.—Failing to command the united support of opponents of the league of nations, the proposal for an immediate declaration of peace by congress was blocked in the senate foreign relations committee.

After a long and lively discussion the committee voted, 12 to 4, to defer action for the present on the resolution of Senator Fall, republican of New Mexico, embodying the peace declaration. Five senators opposing the league, including Chairman Lodge, joined the league advocates in supporting the postponement motion.

Besides Mr. Fall, those voting for immediate action were Senators Borah, Idaho, Johnson, California, and Moses, New Hampshire, all republicans.

Later a special meeting to resume consideration of the resolution was called for Monday and Senator Fall predicted a favorable report of the measure would result. Its opponents, however, declared the discussion today revealed such strong opposition in the committee that favorable action would be impossible.

Won't Ask for Action Now.

After the committee's decision, Mr. Fall announced in the senate he would not ask for action on his amendment to the army bill, also embodying the peace declaration. The amendment thus failed actually to come before the senate, having been technically disposed of previously, when a section to which it had been attached went out on a point of order.

ROTTING PRODUCE FILLS UP N. Y. PIERS

Gotham Faces Fresh Vegetable and Fruit Famine Unless Market Teamsters and Others End Strike.

New York, June 25.—Commissioners who produce is rotting on New York piers because of the strike of market teamsters, porters and chauffeurs, sent telegrams to the governors of North Carolina, Virginia, Delaware, Maryland and California, asking them to request Governor Smith of New York to intercede in the controversy on the ground that the farmers in those states will suffer great financial injury if the strike continues.

Situation Is Acute.

The situation became so acute that a representative of the Department of Labor arrived in the city to aid in the settlement of the strike. The walkout Monday has seriously diminished the city's supply of fresh vegetables and fruits and New York is actually without some of these commodities. The only break in the embargo was the arrival of a ship with 700 barrels of potatoes. Business at the markets handling green vegetables and fruits was at a standstill. The only movement out of these markets was that of government trucks taking supplies to hospitals. These were operated under a guard of military police.

L. J. Lippman, chairman of the produce dealers' committee, announced that if assured ample protection the dealers would attempt delivery. While the strike is in progress thousands of barrels of potatoes, cabbage and other vegetables are rotting.

Eight hundred refrigerator cars of fresh vegetables and fruits, valued at \$1,000,000, lying in adjacent New Jersey railroad yards, may have to be diverted to other points unless a settlement is soon reached.

Irish Delegates Must Sign Peace Treaty, Says De Valera, President

New York, June 25.—Eamon, De Valera, "president of the Irish republic," reiterated a statement forwarded by him to Premier Clemenceau of France, warning the peace conference that Ireland would not be bound by a peace treaty signed on her behalf by English peace commissioners.

He declared "the Irish people will scrupulously observe any treaty obligation to which they are legitimately committed, but the British delegates cannot bind Ireland. The only signature by which Ireland will be bound are those of its own delegates, deliberately chosen."

YANK UNITS TO REMAIN UNTIL PEACE SIGNED

Three American Divisions Are Concentrated East of the Rhine.

Coblenz, June 26.—(By the Associated Press.)—The three American divisions which were concentrated east of the Rhine in the American bridgehead area will remain there until the peace treaty is actually signed, according to an announcement.

As soon as peace is signed the Americans will begin to return to the quarters they occupied before the concentration of a week ago. The Third army consists of five divisions and the auxiliary units of the third corps, approximately 160,000 men. Transportation officers said that the divisions and the various units could be out of Germany by August 1, if general headquarters gave orders to that effect.

According to present plans the Fifth division, which occupies part of Luxembourg, will start for France probably within a day or two after peace is signed.

ARMY BILL IS PASSED WITHOUT CALLING OF ROLL

Appropriation Measure Carries \$888,000,000 and Provides for 400,000; Senate Considers Naval Bill.

Washington, June 25.—The army appropriation bill, carrying \$888,000,000 and providing for an average army of 400,000 men next year, an increase over the house bill of \$171,000,000 in funds and 100,000 in personnel was passed by the senate without a roll call and sent to conference.

Before passage of the bill, Senator Fall, republican, of New Mexico, withdrew his amendment to declare the war at an end explaining he expected action within a day or two on his joint resolution to the same effect now before the foreign relations committee.

Consider Naval Bill.

The senate, following disposal of the army measure, began consideration of the annual naval appropriation bill, carrying \$646,272,000, an increase of \$45,000,000 over the house bill. Passage of the naval bill is desired and leaders, in their effort to enact all appropriations bills needed by July 1, plan to rush through the \$500,000,000 sundry civil budget.

Final vote on the army bill was delayed temporarily by protracted discussion of the peace treaty and league of nations. In this connection Senator Borah, republican, of Idaho, opposed the increase of the army for 1920 from 300,000 to 400,000 men, but without a record vote the senate approved the 400,000 provision.

Main Army Bill Items.

As passed by the senate, the principal items of the army bill are: \$215,885,000 for army pay; \$523,991,000 for subsistence, and transportation; \$54,400,000 for aviation; an increase of about \$30,000,000 over the house appropriation; \$12,215,000 for the national guard; \$19,000,000 for ordnance; and \$45,000,000 for storage and shipping facilities.

The senate reduced from \$3,260,000 to \$2,660,000 the appropriation for purchase of the Dayton-Wright aviation field at Dayton, Ohio.

Another amendment adopted and reapproved would limit the salary of C. W. Hare, in charge of disposal of surplus supplies, to \$12,000 a year, a reduction of \$13,000.

ENTENTE WILL NOT WAIT ON TEUTONS

Enemy Fails to Send Definite Word When Delegates Will Be Ready to Sign the Peace Treaty.

(By the Associated Press.) Another day has passed with the delegates of the allied and associated powers in Paris awaiting in vain definite word from the Germans as to when they will be ready to sign the peace treaty. Unofficial opinion in the French capital is that the momentous event will not take place before Saturday and possibly not until Monday.

The council of four was informed that during Wednesday the German government was busily engaged in trying to arrange the personnel of its delegation in Versailles.

The Germans thus far have given no intimation as to what men are to be the choice of the Bauer government. Unofficial advice indicates that the cabinet is experiencing great difficulty in finding men who are willing to take upon their shoulders the duty of acknowledging, in a document which will become world history, Germany's utter defeat in the war and her unqualified acquiescence to the terms of the victors.

Mueller Refuses to Sign.

Reports are that Herman Mueller, foreign secretary in the Bauer cabinet, like Dr. Haniel von Hainhausen, declined to accept the onus for signing a treaty admittedly obnoxious to the Germans.

Even a visit Wednesday to Versailles, where the members of the original German delegation still are, by the general secretary of the peace conference, failed to bring forth any knowledge of what was being done in Germany toward the selection of plenipotentiaries.

Paris dispatches assert that owing to the uncertainty of the situation the heads of the allied and associated powers are contemplating issue of an ultimatum setting a day and a time satisfactory to them for the appearance of the Germans before the peace congress to sign the treaty.

Field Marshal von Hindenburg is understood to have resigned the chief command of the German army.

May Send Ultimatum.

Paris, June 25.—(By Associated Press.) The heads of the allied powers in Paris do not hear from Weimar very soon regarding the German delegation for the signing of the peace treaty an ultimatum will be sent to the German government according to the Paris office of Reuters, Ltd. The ultimatum will demand the appointment of plenipotentiaries within a certain number of hours.

It was announced today that President Poincare's official dinner to the peace plenipotentiaries will take place Thursday night. It was originally planned to hold the dinner on the night of the signing of the treaty but the uncertainty as to the date of the ceremony has caused Thursday to be named definitely for the dinner irrespective of the time of the event at Versailles.

Officials Are Uneasy.

This lack of official advice from Germany with regard to plenipotentiaries has caused some uneasiness in conference circles and the plans for the signing of the treaty are in a complete state of confusion.

Airplanes Arrive in Omaha for Flights to Towns in Nebraska

Three Curtiss airplanes, the first to be purchased by the Omaha flying company, arrived in Omaha last night by express, and were unloaded in preparation for a flight to North Bend, Neb., where flying exhibitions will be held. The three machines will "hop off" at the Ak-Sar-Ben field sometime this morning, according to Clarke G. Powell, one of the promoters of the company.

Arthur Balis, Walter R. Johnson and John Brooks, all ex-army aviators, and stockholders in the Omaha Flying company, will pilot the machines to North Bend. The three planes are of the type used by the Canadians for training their aviators. They are easily handled, and highly practical for commercial purposes, according to Mr. Powell.
