LAD LOSES LIFE IN TREACHEROUS SWIMMING HOLE

George's Lake Dangerous Bathing Place, Says Man Who Recovered Body of Drowned Boy.

While a group of companions stood by unable to help, 13-year-old Pames Willie, son of B. S. Willie, of the Olson-Willie Motor company, 2323 North Sixtieth avenue, was drowned last night at about 8 o'clock in George's lake, near Fifty-eighth street and Underwood avenue.

Efforts of the other swimmers being useless, one of the boys ran to the Happy Hollow club, four blocks distant, and telephoned the police. An emergency squad responded with grappling irons, but after several futile attempts allowed R. E. Montgomerie to dive near the spot where the boy was last seen.

That place is the most dangerous spot for bathing that I know of—the Missouri river not excepted—and I've known and swum in many.

There are eight or more signs around the lake on the shore bearing the warning, "No Swimming Allowed."

The Bee's Fund for Free Ice and Milk

A 10-month-old baby lay gasping for breath on a miserable bed in a home of poverty visited by a nurse. A child of 2, emaciated also, sat listlessly on the bare floor. The father had deserted them. The mother was trying to earn a pittance by washing.

An hour later the milkman arrived in response to the nurse's call. "Charge it to The Bee Milk and Ice Fund," said the nurse. The ice-man received the same instructions. If you could have seen the two nearly starved children "go for" that pure, cool milk; and the tears of thanks in the mother's eyes, you would have felt repaid for anything you have given or will give to this fund.

Send or bring any sum from 10 cents to \$5 to The Bee office. Previously acknowledged \$138

Don't Spoil Your Hair By Washing It

When you wash your hair, be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Mulsified coconut oil shampoo, for this is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.—Adv.
