## AFRAID TO DRIVE TEAM TO TOWN FARMER SAYS

Nerves Were Shattered From Long Suffering—Lost Forty Pounds—Tanlac Restores Health.

"I never expected to be the strong, well man I am today and my neighbors think my recovery is the most astonishing thing that has ever happened in this part of the country," said Hiram Robinson, a well known farmer, of F. D. Randolph, Illinois, in relating his remarkable experience with Tanlac while in Shorthose drug store at Bloomington, recently.

"I used to think no medicine could help me," he continued, "but I've got to hand it to Tanlac, as it has not only relieved me entirely of all my suffering, but has added nearly forty pounds to my weight besides. For eleven years I was hardly able to be up, much less work, and when I ventured to eat anything except broth and the very lightest of food I would put in a day of the worst misery imaginable. If I ate a piece of pie or cake or a little fruit gas would form on my stomach and bring on such awful cramping pains that I could hardly stand it. This gas would press on my heart, nearly cutting off my breath, and cause such a dizzy, whirling sensation in my head that I thought I would go distracted. I dropped down all of forty pounds in weight and got so weak that I could hardly walk. At the time I got Tanlac I had not been able to do my work for a year, I was not only an absolute wreck physically, but my nerves were in such a shape that I couldn't lie still at night, and during the day I was just like a fish out of water. I was habitually constipated and had such a hurting in my head just back of my eyes that I couldn't read at all. I was so nervous, weak and dizzy that I was actually afraid to drive a team to town and had taken so many different medicines without getting any better that I had given up in utter despair.

"But, one day I was persuaded by my wife to get a bottle of Tanlac, and right there in where my recovery started. If I should sit down here and talk or write for a solid week I couldn't tell how thankful I am for getting out of my misery to where I can enjoy living again. I now eat all kinds of meats, vegetables, pies and cake. In fact I eat like a wolf and enjoy every mouthful, and never have the least trouble with my stomach. I sleep as good as I did when a boy and can do as much work as I ever could in my life. I used to lag behind the boys in the field, when I was able to work at all, but now they have to step some to keep up with me. I am not a bit constipated and haven't had one cramp in my stomach since Tanlac commenced to bring me out of the kinks. What I say is more than verified by my looks, but my neighbors will tell you the same thing. I will never get through praising Tanlac."

Tanlac is sold in Omaha and all Sherman & McConnell Drug Company's stores, Harvard Pharmacy and West End Pharmacy. Also Forest and Meany Drug Company in South Omaha and the leading druggist in each city and town throughout the state of Nebraska.—Adv.

## THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

## PAVING BONDS MUST BE SOLD AT PAR, NEW RULING

Officials Consider Probabilities of Investors Refusing to Pay Par for 5 Per Cent Paper.

Is there a "joker" in the \$3,000,000 county road paving act which was voted by the people at the special election Tuesday?

This is a question that was asked at the court house yesterday, in the midst of the good feeling occasioned by the passage of the bond resolution at the election.

"Suppose the state of the bond market is such that bond houses don't care to pay par for a Douglas county bonds, what will become of the proposition then?" asked a business man.

At the present state of the bond market, the County Commissioner Unitt, "there will be no difficulty in selling the Douglas county bonds at more than par. City and county bonds are selling at present so that they yield investors only from 4.30 per cent. Of course, we can't tell what will be the condition of the bond market by the time we sell these bonds. But I think there is no doubt we can float these bonds at 5 per cent and sell them at a substantial premium or else make them 4 1/2 per cent bonds and sell them around par."

"I think the bonds are safe," said County Commissioner O'Connor, "though there is the possibility that the bond market might become such that a 5 per cent bond could not be sold at par."

Commissioner Moorhead will start the official count of the vote Friday morning and expects to certify the returns to the board of county commissioners Saturday. Advertisement of the bonds will begin early next week.

## Easterne Comes Here To Organize Club to Boost McAdoo, 1920

The first indication of democratic political activity in Nebraska looking to the national election of 1920 was manifested Wednesday in Omaha with the arrival of Rufus R. Smith, who came here from the east to organize a William G. McAdoo club.

Mr. Smith declared he had been organizing McAdoo clubs in other sections of the country, particularly in the east and south to boost the candidacy of the former secretary of the treasury for the democratic nomination for president. He spent several hours Wednesday in consultation with local democrats and left Wednesday night for California to organize a number of McAdoo clubs in the western state.

Mr. Smith delegated Frank Keegan, former democratic member of the Nebraska legislature from Douglas county, to look after the details of the club here. He will return to Omaha within the next few weeks to perfect the organization, he declared.

## The Bee's Fund for Free Ice and Milk

ONE SICKLY, SUFFERING BABY plus ONE DOLLAR equals ONE HAPPY, HEALTHY BABY.

This is a simple, mathematical calculation. Scores of babies and small children of the city's poor need nothing but pure milk daily to make them well and happy. They can get it only through The Bee's fund.

The generous readers of The Bee are supplying the fund. The Bee is administering it without a penny of "overhead expense."

Send or bring any sum from 10 cents to \$5 to The Bee office. We will acknowledge it in this column. Previously acknowledged: \$151.00 Nell Horst, Madison, Neb., 2.00 Mrs. E. I. Turner, Friend, Neb., 2.00 Dr. O. S. Hoffman, 5.00 E. M. F. Leflang, 5.00 Cash, 1.00 A Friend, Boone, Neb., 2.00 Total \$169.50

## U. P. Officials Probe Boiler Explosion That Wrecked Train

Union Pacific officials who investigated the cause of the explosion of the boiler of the engine that was hauling a troop train west over the company's main line Wednesday have completed their work. They found that the engine men had shut off the feed line from the water tank to the engine. As a result the water in the boiler had become low and consequently the explosion followed.

Engineer Norris, who was slightly scalded by escaping steam in getting along nicely and his injuries are not considered serious. Fireman Kane, who was blown out of the engine cab and out into a field, 50 feet from the track, is none the worse from the effects of his flight through the air.

The engine was badly wrecked, the entire front end having been demolished from the effects of the explosion. The explosion occurred just as the train was pulling into Schuyler.

## Grain Corporation Will License Firms Handling New Crop

During the war all firms, corporations and individuals dealing in grain, either buying or selling, were required to have government licenses from the United States Grain Corporation. A similar rule is to be applied to handling the crop that will go onto the market during the next few weeks.

Notice has been received at the local offices of the grain corporation that a stock of blank licenses has been forwarded and that they should arrive within the next few days. They must be signed and returned by July 15 and immediately thereafter licenses will be issued.

Licensed dealers will work under rules similar to those in force during the period of the war, with the exception that they will not be required to make as many reports relative to purchases and shipments.

## Union Outfitting Co. Has Large Crowd at Outing

An outing, given by the Union Outfitting Co. to its friends and customers in commemoration of its 32nd anniversary, was held at Lakeview park Wednesday night. It was the largest crowd that the park has been called upon to handle this season.

Among the events was a style show in which a number of models displayed the many new ideas in smart apparel. Dancing followed the style show. Favors were distributed.

## OMAHA AIR MAIL SERVICE WILL START IN FALL

Postoffice Official Announces That Experimental Stage Is Passed and Routes Will Start.

Commissioner Manley of the Chamber of Commerce is advised by Harley Conant, now in New York, that air mail service between Chicago and Omaha will be inaugurated early during the coming fall. Mr. Conant gets his information from Second Assistant Postmaster General Praeger.

Mr. Conant writes that he is informed that the air mail service has been so successful that government mail officials say that it is no longer an experiment, adding that it has become practical. Plans are now being worked for receiving and delivering pouch mail while planes are in flight.

According to information sent by Mr. Conant, air routes between Chicago and Omaha and Chicago and St. Louis will be established and regular service maintained.

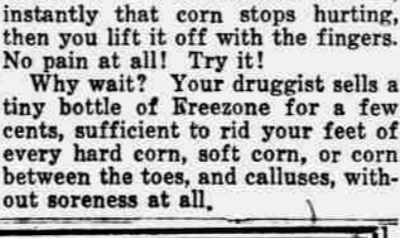

## Omaha Girl Struck by Street Car and Injured in California

Priscilla Dixon, 6-year-old daughter of Mr. and Mrs. E. W. Dixon was struck by a street car and injured at Santa Barbara, Cal., according to word received in Omaha. The Dixons left Omaha some time ago to spend a year in California summering at Santa Barbara and passing the winter at Pasadena.
