South Side Market Not to Handle Interstate Shipments of Sheep Unless Dipped.

Drastic rulings are being prepared by the Nebraska Sanitary board following a meeting held at the Live Stock Exchange Friday, which will revolutionize interstate traffic in sheep and cattle between Iowa and Nebraska.

J. H. Bulla, president of the Nebraska board, called the meeting following a general demand by interstate shippers. The two principal problems taken up were sheep dipping and the holding of tubercular cattle enroute between shipping points and markets.

First Issue of New Paper to Appear the Third Week in August

Final plans for the weekly newspaper to be published by the Amalgamated Meat Cutters and Butcher Workmen union were made yesterday at a meeting of six committee members, appointed to handle the matter.

Thos. Kozial, editor and publisher of the "Western Star," the Omaha Polish newspaper, will temporarily head the editorial staff. The first issue, which will be published at the Star plant, will appear the third week in August.

"Exactly what the editorial policy will be I cannot say at this time," J. H. Davis, business agent of the union, said after the meeting. "We are looking for an editor but the major policy will be guided by decisions of the district council. The paper, of course, will be issued entirely for the benefit of the workers in the packing houses."

Members of the publicity committee who will have charge of the first issue are: J. H. Davis, J. W. Burns, John Lynn, Frank Sokup, Ray Thomoyar and Frederick Hunter.

Several Officers Slated for Dismissal Because of Testimony in Brown Case

Chief of Detectives Dunn and Three Others Said to Be Scheduled for "Ax" as Result of Disfavor Incurred With Commissioner Ringer and Police Chief Eberstein—Chauffeur Edward Hegg Already Asked to Resign.

Chief of Detectives John T. Dunn's name has been slated with three or four other police officers for dismissal because of the disfavor incurred with Commissioner Ringer and Chief Eberstein as a result of the testimony submitted in the Mrs. Thomas Brown case.

Detective Paul Sutton already has been selected and approved by Commissioner Ringer, Chief Eberstein and Elmer Thomas to succeed Dunn, it is said. This statement was made yesterday morning by a member of the detective force, who is known to be in the confidence of Mr. Ringer. Chauffeur Edward Hegg already has been asked to resign. The request for his resignation is the result, it is declared, of his refusal to testify as Commissioner Ringer and Chief Eberstein expected him to in the Brown case.

Hegg declared on the witness stand that Detective Armstrong was drunk the night the flats were raided at Twenty-first and Cass streets. Chief Dunn is known to have incurred the enmity of the head of the department and Elmer Thomas because he revealed too much on the witness stand. Hegg declared on the witness stand that Detective Armstrong was drunk the night the flats were raided at Twenty-first and Cass streets. Chief Dunn is known to have incurred the enmity of the head of the department and Elmer Thomas because he revealed too much on the witness stand.

Dunn in Disfavor. Dunn's evidence did not accord with the desperate efforts of Mayor Smith and Commissioner Ringer to the whitewash Detectives Herdzina and Armstrong. The most damaging feature of Dunn's testimony was his declaration that he had not given the two detectives authority to enter the flats without warrants. The detective chief asserted he instructed the men simply to watch the house and report to him what they saw. He also declared the house at 2106 Cass street had been watched by detectives six consecutive nights prior to the raid. These officers, he said, reported that they had seen nothing disorderly about the place.

When told of the report that had come straight from Mr. Ringer's office in the city hall Dunn declared he had not heard anything about a change being contemplated in the head of the detective force. Says He's Done Duty. "This is the first I have heard of some mistake about it. I have done my duty as the head of the department, and feel that my work has met with the approval of my superiors. I do not care to make a further statement."

Hegg declared he would not resign in accordance with the demand of Chief Eberstein. "They will have to file a specific charge and show why I should be dismissed," he declared. As soon as Hegg left the witness stand after asserting that Detective Armstrong was drunk the night the flats were raided.

Nonpartisan Head Abandons Plan to Call Notables in His Trial

Jackson, Minn., June 28.—After a short session of court today the trial of A. C. Townley, national president, and Joseph Gilbert, organizer, of the Nonpartisan league, on charges of conspiracy to teach disloyalty, was adjourned until Monday. Efforts of the state to extend the scope of the testimony were checked by the court yesterday, and the defense thereupon reconsidered its announced intention likewise to call as witnesses several persons of national reputation, including Senator W. E. Borah of Idaho. Judge Dean overruled the attempt of the prosecution to introduce the speech of Senator Robert M. La Follette at St. Paul, which was made the subject of an investigation in the senate.

CLOUDBURST IN STATE CAUSES HEAVY DAMAGE

Washouts Are Reported in Vicinity of Buffalo; Crops Destroyed; Flood Leveled Grades.

Reports to the Burlington railroad officials are to the effect that at about 7 o'clock Friday night the northern portion of Buffalo and a considerable part of Sherman county were visited by a cloudburst that did considerable damage to growing crops, washing out every vestige of grain on the low lands within the flood area.

Just west of Ravenna a stretch of Burlington track, 400 feet in length was washed away. A grade 15 feet high was leveled. As a result, all trains on the Billings line are being detoured between Grand Junction and Sidney over the Union Pacific. A large force of men are at work reconstructing the grade, but it will not be in condition for train service before Sunday.

Reports indicate a fall of six inches of rain in less than an hour in the vicinity of Ravenna. Along the Elkhorn river, north of West Point, there was a rainfall of three to four inches during the night. At Wisner, the Elkhorn went over its banks, the water running through the streets of the town to the depth of a foot. In the vicinity of Chalco, on the Burlington's Lincoln-Omaha line, water from the Little Pappio flooded the valley and was in places two to three feet deep over the railroad tracks. Trains were delayed several hours.

Kansas Farmers Offer Ice Cream to Harvest Hands

So acute has the harvest problem become in some parts of Kansas that the farmers are even offering to serve ice cream during working hours, according to word from Kansas City. It is claimed that 25,000 harvest hands are needed to take care of the great wheat crop in the Sunflower state, and that unless the shortage of help can be relieved many thousands of dollars' worth of grain will be lost. Farmers in some localities are offering as high as \$1 an hour for hands.
