

COMMITTEE HERE WILL HAVE WIDE SCOPE IN GRAIN

Omaha Body to Have Jurisdiction Over Shipments From Several Large Cities of Country.

To prevent the congestion of grain at terminal points, Omaha Grain exchange members are advised that prior to the movement of the crop now being harvested, Director General Hines of the Railroad administration will apply a permit system to that in operation last year. However, the system will be broader in its scope.

Grain control committees will be appointed with headquarters at Omaha, Chicago, Minneapolis, Duluth and St. Louis. Each committee will consist of three members, two representing the railroad administration and the third, the United States Grain corporation.

The Omaha committee will have jurisdiction over Omaha, Council Bluffs, Detroit, Toledo, Cleveland, Cincinnati, Indianapolis, Wichita and Fort Worth grain shipments. The shipments of grain will be on blanket permits issued to the railroads, while control of the movements between markets, as well as from Atlantic and Gulf ports, will be exercised through the issuance of individual permits to the shipper.

To Address Associated Ad Clubs' Convention On How Omaha Advertises

The convention of the Associated Advertising clubs of the world is to be held in New Orleans, September 21-26 and Omaha will be represented by Arthur Thomas, manager of the bureau of publicity of the Chamber of Commerce. The invitation comes to Mr. Thomas from Charles F. Hatfield, St. Louis, president of the community department of the club. The address that Mr. Thomas will deliver will be on "How Omaha Advertises" and after being delivered, it will be published in Associated Advertising, the official publication of the club. The number of leading advertisers in the city are laying plans for attending the New Orleans meeting, among them, Victor White, chairman of the "On to New Orleans" committee. From St. Louis to New Orleans the delegates from the north will go by boat, riding the Mississippi river.

Bond Election Most Expensive Ever Held In Douglas County

The special election held last Tuesday at which \$3,000,000 bonds were voted to pave 115 miles of county roads was the most expensive election ever held in Douglas county.

Every vote cast cost the county \$1.30. The approximate cost of the special election was \$10,000, said Election Commissioner Moorhead.

The number of votes cast was approximately 7,900, the smallest number ever cast in the county. "The next most expensive election, per vote, was that of March 1914. That was a city election to vote on purchase of the Auditorium, building of a municipal incinerator and other questions. There were 8,900 votes cast and the election cost about \$7,000, giving a cost per vote of about 78 cents."

Heaves Cuspidor at Wife After She Bounced Flatiron On His Head

Irvin Grimshaw, negro, 2514 Indiana avenue, faced Judge Patrick in police court yesterday morning for hurling a cuspidor at his wife. "Why did you do this thing," asked the judge. "When I lived home last night she done had no suppah ready, yo' honah, and so I heaved de spittoon at her," Grimshaw replied. "Anyhow, last month she used a flatiron as a high projectile and we all even, now."

"Forty-five days in the county jail," rejoined his Honor, "these harsh corrective measures are wrong."

Paris Celebrates Advent Of Peace; Schools Dismiss

Paris, June 28.—Today was a school holiday throughout France in honor of the signing of the peace treaty. Premier Clemenceau, as minister of war, has remitted all punishments in the army, excepting such as corps commanders consider indispensable in the interest of discipline.

Paris will continue its celebration of peace in the evening with military torchlight parades in all the 20 arrondissements of the city.

CLOSED From Thursday Evening Until Monday Morning

Our employees are going to celebrate American Independence, World Peace and the League of Nations. It will take three days to do it right.

All Omaha Will Celebrate Glorious Independence Day

With Warring World Again at Peace, Young and Old Look Forward With Unusual Zest to Observance Next Friday—Monster Fontenelle Park Celebration.

With a warring world again at peace, Omaha looks forward with enthusiasm to next Friday, when Independence day will be celebrated with unusual zest.

Since the last July 4 observance Omaha has borne its part of the travail of war, has been thrilled by the signing of an armistice, jubilant over the formal signing of the peace treaty, and is now getting ready to make the coming celebration a memorable occasion.

Picnics, outings, athletic sports of all kinds, special features at the public and private parks, a grand celebration at Fontenelle park, will all go toward making the ensemble a mighty demonstration.

Workers Get Holiday. Some of the large business institutions have announced that they will allow their employees a holiday from Thursday evening until Monday morning, which will permit many to make three-day visits to relatives and friends.

The Fontenelle Park Celebration association comprising 12 improvement clubs will hold their seventh annual celebration in Fontenelle park. These events have been attended by 25,000 to 30,000 people in previous years, and indications are that this year's program will break all records.

The Fontenelle park celebration will be an all-day event, with entertainment, competitive athletics and

sports, music and refreshments for all. Returned soldiers and sailors will be the guests of honor, and some of the contests will be exclusively for them, although they may enter any of the open events. They will be entitled to all privileges without reservations.

Big Display of Fireworks. The day and night display of fireworks will cost \$2,000, and they will be handled by an expert who will come from the factory. Among 100 set pieces of pyrotechnics there will be: "Old Glory," "Steamship Siren with Signal," "Flash Light," "Scene in the World War," "The Merry Acrobat," "General Pershing," "The Statue of Liberty" and "Chief Fontenelle." The daylight fireworks will be shown at 3:30 p. m.

A series of amateur base ball games will be held in Fontenelle park during the day, and wrestling exhibitions will be given by Milo Tolliver and J. G. Morick and the Johnson brothers. Bands of music will liven the occasion.

H. C. Timme is chairman of the general committee. Ray J. Abbott will be speaker in connection with a flag-raising ceremony. Assisting on the sports committee will be: R. Fries, Frank Dewey, H. E. Moore, Tom L. Lawyer, C. Borgeson, C. H. Meek, Roy P. Flesher, H. A. Day, L. W. Eipperle and Wade Gorman.

Expect Crowd of Fifty Thousand. All events for women and chil-

dren will be held in an enclosure in the northeast part of the park, and they will be called at 2 p. m. Many prizes will be offered, the program showing three for each event. A long and varied program of events has been prepared by the committee, with contests for boys and girls, men and women, lean and fat, tall and short. A nail-driving contest for women and a shot race for boys will be amusing features. The committee is preparing for a crowd of 50,000.

While thousands of celebrants are having a good time at Fontenelle park, there will be other activities in and near Omaha. The Omaha Gun club will hold a shoot during the afternoon. Golf matches will be held at the Country club, Happy Hollow, Field club, and at Carter, Elmwood and Miller parks.

Plenty of Sports. Omaha field fans will be served with the up-to-the-minute reports of the Dempsey-Willard match through the service of The Bee bulletin boards.

Sailor Joe Stecher and Sergt. Ed Lewis will meet on the mat in the Auditorium during the afternoon. The swimmers may find success at Municipal beach, the public swimming pools in Riverview, Spring Lake and Morton parks; also at Manawa, Lakeview and Sandy Point. The Carter Lake club will have a program of land and water activities for its members. The management of Krug park promises its patrons special features during the day.

Children who attend the public playgrounds will present programs which will include folk dances and games, drills and marches.

\$25,000 Suit Dismissed

The suit brought against the Missouri Pacific railway by Lorenzo T. Litton for alleged personal injuries incurred while he was in the employ of the company was dismissed in federal court yesterday morning. He asked \$25,000 damages.

STATE UNIT TO BE REORGANIZED FOR FALL TERM

Centralization of Administration Found Necessary to Efficiently Manage State School.

More centralization in administration and more democracy in participation is, perhaps, the phrase that most nearly describes the principle of the reorganization of the Nebraska State university this spring. It was found that the multiplicity of departments rendered the matter of correlating courses of study somewhat difficult. For example,

A SOFT DRINK THAT IS DIFFERENT

FORMERLY KNOWN AS CHEEONA EVANS ALE
Like bread and butter, it is an essential rather than an adjunct to a meal. Goes fine with everything—or alone.
Order from Grocery, Drugist or Dealer.
GLADSTONE BROS., Distributors,
1316 Farnam St., Omaha.

English was divided into two quite distinct departments—rhetoric and English literature.

In addition to this, there were several departments which touched each other on all sides and yet were quite distinct in their administration. For example, the three departments of American history, European history and English history.

In the reorganization of the departments each of them was placed on what is known in university circles as the committee basis, with a chairman instead of a head. The province of the chairman is merely to preside at the meetings of the department and to represent the department before the dean and chan-

cellor. He is appointed for a short term and may have any professional rank.

Added to the administrative officers of the university is an entirely new officer known as the provost. His duties need not be fully defined, but in general consist of supervising the instruction in the university as a whole. He is to serve, in a measure, as an educational expert, to see that the teaching in all of the departments in all of the colleges is as it should be.

Overseas Soldiers Pass Through Here On Way Home

A troop train over the Rock Island-Union Pacific passed through

Omaha at noon, carrying 500 men, enroute from Newport News to Fort Russell and points farther west. The men were from overseas and remained here an hour.

Tonight, a troop train over the Milwaukee-Union Pacific, destined for the Pacific coast, will handle 300 overseas men.
