Cattle—The run of cattle was not very heavy again today, but the 5,700 fresh receipts were about one-third western rangers. Demand for the desirable light and handyweight cattle was again active and prices strong to 10@15c higher while the medium weight and heavy native cattle, as well as the general run of western beeves were slow sales at not far from steady figures. Cows and heifers were quotably about steady with yesterday or around 15@25c higher than last week. In stockers and feeders the demand was good for anything carrying weight and quality but indifferent for the general run of stock steers and heifers and these were slow sales at easier figures.

FINANCIAL

New York, July 1.—Dealings in stocks today were decidedly mixed and irregular as to standard issues, while specialties of various descriptions continued their upward course under the guidance of professional interests.

There were no factors of influence other than the money situation, opening of the fiscal year, being attended by increased firmness of call loans. Mixed collateral ruled at 8 per cent, but as high as 12 was demanded for all industrials.

Additional railroad returns for May, including those of several leading systems, were not entirely favorable and to this was attributed the reaction among investment issues, especially Canadian Pacific.

Texas & Pacific again proved superior to the heaviness of other rails, mounting to the new high record of 63⅛ on absorption of the same substantial character as has characterized its steady rise of recent months.

Food issues and related can shares, equipments, tobaccos, rubbers, shippings, coppers and equipments provided the motive power of the session at gross gains of 2 to almost 8 points.

United States Steel rose spiritedly in the last hour to 109¾, its top price in several weeks, carrying independent steels and some of the less prominent equipments in its train, but oils were restrained by the Mexican situation and Industrial Alcohol was subjected to further pressure on reports affecting its dividend. Sales amounte dto 1,200,000 shares.

Attention was drawn to the foreign exchange market by the heaviness of sterling, demand bills declining to $4.57½, the lowest rate in almost four years. In banking circles no explanation was vouchsafed excepting the heavy offerings of bills.

Domestic and foreign bonds, including liberty issues, were irregular. Total sales (par value) were $10,800,000. Old United States bonds were unchanged on call.

Minneapolis Grain.

Minneapolis, July 1.—Flour, unchanged. Barley, $1.02@1.11. Rye, No. 2, $1.32; Bran, $35.00. Flax, $5.35@5.37.
