

TORIES' SUPPORT LEAGUE IS CLAIM OF POINDEXTER

Senator Says Pacifists, Bolsheviks and Big Business All Favor Covenant, In In-Favor Speech.

Rochester, N. Y., July 4.—United States Senator Miles Poindexter of Washington declared in a speech at Independence day celebration of the Rochester Chamber of Commerce here today that "international big business is backing the league of nations and the international pacifists are supporting both the league of nations and bolshevism."

The senator devoted a considerable part of his speech to an analysis of the league of nations and its effect upon the independence of the United States. He said in part: "We are told that to secure the co-operation of nations to preserve peace we must establish a league of nations and put under its control the 'major forces of mankind.' On the contrary, should the power to enforce peace be surrendered to a league of nations, with its own distinct government, there could be no such thing as the free co-operation of nations to enforce peace, since the nations would have divested themselves of this power and conferred it upon the league of nations."

Sticks to Monroe Doctrine. "The Monroe doctrine has done more to preserve peace for a 100 years than all the leagues of nations ever formed. It is proposed now to abandon the name of the very peace which it has preserved and to give to a league of nations, dominated by Europe, complete jurisdiction over every international dispute in which America may be involved."

There is another menace to our liberties in the propaganda of bolshevism. It is put forward in the name of labor, but in fact would be utterly destructive of labor. Bolshevism would destroy industry and there would be no labor. The end would be the destruction of civilization and a reversion to barbarism, if not the extermination of the race."

Jones Pleads for Unity. Yakima, Wash., July 4.—The supreme test of American character is at hand. United States Senator Jones of Washington declared in a Fourth of July oration here.

"We will do an ignoble thing if we refuse to join our power and wealth with the other peoples and governments to preserve the world's peace," declared the senator. "We are the people to have the world from chaos. If we spurn our duty a despairing world will sink into the arms of anarchy. Brutality and mob despotism will overwhelm victor and vanquished, and if we escape, shame will haunt us through the years for our failure to do in peace as our brave men did in war."

To meet the test, Senator Jones said America must have a unified people with a common language; a common respect for and obedience to law; with one flag, with an equality of opportunity at home and a higher sense of the boon of American citizenship. The nation must also rid itself, he added, of "alien slackers" who sought refuge behind their alien birth from military service in the American army.

Monument to American Dead Will Be Erected in France

Paris, July 4.—A monument to the American soldiers who perished in France will be erected in May of next year near the tomb of Lafayette in the Picpus cemetery. This announcement was made by Andre Tardieu at the close of the American tribute to Lafayette, paid today, when Hugh C. Wallace, the American ambassador to France, laid a wreath on the tomb of the French hero. M. Tardieu said the sculptor, Batholome, had been entrusted with the designing of the monument.

Lunacy Cost Increases.

Dublin.—Owing to the increased expense of caring for insane patients, Irish asylums have appealed to the government for larger appropriations.

Return of Peace Is Dominating Note of Fourth in Capital

Washington, July 4.—Return of world peace was the dominating spirit of Washington's celebration of Independence day. Pageantry in which the calls of industry and other civilian occupations to returning soldiers and sailors were displayed and a parade in which all of the nations arrayed against Germany and Austria were represented, were the features of the observance. Seven pageants showing the calls of art, of the land, of commerce, business and professions, of the children, of labor, of liberty, and to world service were given on the lawns of department and other public buildings. These pageants were merged into a great pageant entitled the "offering of peace," which showed the peoples of the world, having passed through the horrors of war, returning with courage and anticipation to the pursuits of peace.

U. S. Could Lay Claim to Most of Gold to Pay Merchandise Balance

Washington, July 4.—Already possessed of the greatest single stock of gold in history, the United States could lay claim to most of the remaining free gold in the world in payment of its favorable merchandise balance, the federal reserve bulletin will say in its July issue. The balance approximated \$9,000,000,000 in the last three years, and bids fair to continue at the same rate this year, affording a problem to arrange payments without bankrupting debtor nations, and still further enhancing the cost of living here through the importation of more metals.

Under the gold embargo, which recently was lifted, making the United States practically the only free gold market in the world, the federal reserve board issued 1,142 licenses for the export of \$152,326,976 of gold, and 1,500 licenses for the shipment of \$502,756,003 in silver.

Fourth Observed Quietly at Capital of State

Lincoln, July 4.—(Special Telegram.)—Celebration of the Fourth of July in Lincoln was confined mainly to small firecrackers and family gatherings at some convenient park. In the afternoon small crowds gathered in front of the newspaper offices and listened to megaphone announcements of the progress of the Willard-Dempsey mill in Toledo.

At Havelock, where a picnic with a ball game was held, and at University Place a ball game between Lincoln City league teams took place.

Students Study Own Town As Part of Course in Civics

St. Johnsbury, N. Y., July 4.—The boys in the eighth grade of the public schools are studying the town as a regular part of the year's course, using as a text book one prepared by Superintendent W. H. Young. The book not only takes up the history of the town, but a survey of its principal industries, an account of how the town and village are governed, with a sketch of its institutions and some of its most distinguished citizens, both living and dead.

Farmers Make Progress in Perfecting Organizations

Washington, July 4.—Rapid progress by farmers in organization for marketing products, improvement of live stock breeds and building up of the soil by use of commercial fertilizers has been reported to the railroad administration by its agricultural representatives. The reports indicate that more local shipping associations have been formed by farmers this year than ever before, the plan of the California Fruit Growers being followed to a considerable extent.

HYMENEAL

Rev. Charles W. Savidge married three couples July 3: Beasé Chappell and Frank M. Shepherd of Lincoln, Neb.; Mildred E. Jones and Roland S. Hill. Ella Johnson and Constantine Grandolfo. He also had two marriages July 4: Ann Phillips and Thomas H. Thurman. Effie Oswald of Memphis, Neb., and Lloyd Annable of Mead, Neb.

Wheat Harvest Nearly Over.

Lincoln, July 4.—(Special Telegram.)—According to information received from some of the southern counties of the state, wheat harvest is about half over and unless the grain has been lodged by heavy rain and wind or destroyed by hail is going to thresh out big. Corn fields which were green with weeds when the rains stopped two weeks ago, are beginning to show up well and if the early frosts hold off the corn ought to be a big crop in most parts of the state.

Bee Milk and Ice Fund

The Bee, next Sunday, will contain an article telling how many babies and small children die in Omaha every summer. The figures are appalling, frightful. The vast majority of these little ones who die are in families where poverty and gaunt hunger rule. So many of these little lives can be saved through The Bee's fund, administered through the Visiting Nurses. You can have the credit of saving a life. Will you send or bring a contribution to The Bee office? It will be acknowledged in this column. And every cent will be used wisely. Previously acknowledged \$270 25 Proceeds from play "Cinderella," given by 11 children living in the neighborhood of Thirtieth and Mason streets 14 80 Total \$285 05

DUTCH WILL BE GLAD TO GET RID OF THEIR GUEST

Allies Said to Have Received Assurances Holland Will Surrender German Emperor for Trial.

London, July 5.—The allies, according to the Daily Mail, have received assurances that the Dutch government in the last resort will not refuse to surrender the former German emperor for trial.

The newspaper says that the necessary formal objections will doubtless be raised to maintain the rights of Dutch sovereignty, but as the demand for his person can be made in the name of the league of nations, national rights will not be infringed and there is no doubt the Dutch government will be quite ready to get rid of the unwelcome guest.

It is not considered likely, the Mail continues, that the matter will come before the Dutch courts, despite certain statements at the Hague.

The chief count in the former kaiser's indictment, the Mail understands, will be his action in causing violation of Belgium and Luxembourg.

The proceeding will be conducted in English, but a translation will be made into several languages simultaneously. John Andrew Hamilton, Lord Sumner, will preside over the five judges representing the United States, Great Britain, France, Italy and Japan at the trial of the former German emperor, according to the Evening News.

Sir Gordon Hewart, solicitor general of Great Britain, will lead for the prosecution. William Hohenzollern, it is said, will be defended by German counsel, assisted by British lawyers, if he wishes them.

Surprise to Americans.

Paris, July 4.—Premier Lloyd George's statement in the house of commons yesterday regarding the trial of the former German emperor came as a surprise to the members of the American peace delegation and to the conference members generally. It was freely said in these circles that nothing had been communicated to them regarding any decision by the council of three as to the details of the place of trial and other matters disclosed by the British premier.

May Leave at Their Pleasure.

Amsterdam, July 4.—There is nothing to prevent former German emperor or the former crown prince from leaving Holland at their pleasure, according to a high government authority at The Hague, quoted by the Amsterdam Telegraf correspondent.

President Delivers Address to Soldiers and Sailors on Ship

On Board U. S. S. George Washington by Wireless to the Associated Press.—The Fourth of July was celebrated on board the George Washington with sports and games and a tug of war between army and navy teams. The principal event of the day was the address of President Wilson to the assembled soldiers and sailors at 3 o'clock in the afternoon.

The Weather.

Local Comparative Record. Highest Friday 1919 1918 1917 1916. Lowest Friday 70 68 63 67. Mean temperature 75 75 75 75. Precipitation 14.17 T 22.22. Temperature and precipitation departures from the normal: Normal temperature 75 degrees. Excess for the day 0.22 degrees. Total excess since March 1.48 degrees. Normal precipitation 4.16 inches. Deficiency for the day 0.92 inches. Total precipitation since March 12.37 inches. Deficiency since March 1.20 inches. Normal precipitation 6.83 inches. Deficiency for corresponding period in 1919 0.92 inches. Excess for corresponding period in 1917 0.79 inches.

Zoologist Explodes Theory That Robins Are Sign of Spring

Champaign, Ill., July 4.—Robins do not herald the coming of spring, according to "Prep" Frank Smith, of the University of Illinois department of zoology.

"The sight of a robin does not mean that spring has come," he says. "As a matter of fact here in central Illinois we have robins which stay with us all winter, getting their food from berries. The majority of our robins winter in the southern part of the state, flying north with the stimulation of a warm wind. Seeing a flock of robins shows that there has been a migration, but it does not indicate an early or late spring, because the robin has no way of telling the present or future weather conditions. The presence of migratory birds from farther south, as the gulf states, indicates weather conditions there, but not here. If there is a snow storm after the robin's arrival he will freeze and starve, for he has not wit enough to fly south again. So our theory is blasted—robins are not harbingers of spring."

Bisbee Quiet After Clash Between Police and Negro Cavalry

Bisbee, Ariz., July 4.—Quiet prevailed in Bisbee Friday following the outbreaks Thursday night, in which shots were exchanged between negroes of the Tenth United States cavalry and Bisbee policemen. The negro cavalrymen paraded with returned service men and citizens' organizations of Bisbee, Lowell and Warren. Six hundred members of the First United States cavalry (white) are here from Douglas on leave, and the city is well policed by military and civilian officers. The shooting started when the police began a general disarming of the negroes, following an assault by five cavalrymen on a military policeman of the Nineteenth United States infantry.

Woman Gives Tip on Good Story But is Two Years Late

Earl Caddock, who refereed the Stecher-Lewis match at the Auditorium yesterday, and his wife, were shopping in one of the downtown stores Thursday. Shortly afterwards an excited woman called up The Bee and exclaimed, "Earl Caddock and his fiance are in Omaha buying a wedding from Jean." When questioned concerning the tresspasser, Earl proudly exhibited his son, who was born while his daddy was following the Stars and Stripes in France. "I have been married two years," he said. Mrs. Caddock refused to comment on the incident, but she still casts admiring glances at her soldier husband, who has been home from France but a few weeks.

Kansas City-New York Air Mail Service Saves Hours

Kansas City, Mo., July 4.—Sixteen hours are saved Kansas City merchants and bankers who send their mail to New York by airplane, according to Bayless Steele, postmaster of Kansas City. The aerial mail sack is loaded at the local post office at 5 o'clock in the evening, is sent to Chicago by airplane, arriving there the next morning. It leaves Chicago by airplane at 9:30 and arrives at Cleveland at 1 o'clock. Transferred there to fast mail trains, it is delivered early the next morning in New York and other eastern states.

Gen. Aguilar Denies Report.

Mexico City, July 4.—Statements that Gen. Candido Aguilar had given the governments of the United States, Great Britain and other countries guarantees that the Mexican petroleum law now being framed would not contain provisions objected to by foreign interests are denied in a cablegram sent from New York by General Aguilar and made public here. General Aguilar is now on a confidential mission to the United States and European nations and the statements referred to were published in this city June 24.

PAROLED OMAHAN WILL REMAIN AT STATE CAPITAL

Thomas Collins to Continue Connection With Hospital in Which He Worked as Trusty.

Lincoln, July 4.—(Special.)—From a legal standpoint Thomas Collins, Omaha inmate of the penitentiary, by virtue of a pardon issued by the governor, stepped forth a free man Friday morning and could celebrate the day in any way he desired without restraint, but from another standpoint Collins has been free to come and go for many months as a trusty. Although born in Omaha, he will not return to his old home. He has proven such a valuable assistant at the Orthopedic hospital, where he has been working for many months, that the superintendent will not permit him to leave and Collins will stay.

"I do not think I shall ever return to Omaha to live," said Mr. Collins. "I have a sister there and of course I shall pay her a visit occasionally, but I like the work I am doing here around the hospital and as they want me to stay, I am glad to do so." When asked if he had anything to say regarding the crime for which he was sentenced, that of killing an Omaha saloonkeeper in the downtown resorts, Collins said: "I had just come from Denison,

La. where I had been working on the railroad and drifted into the place. It was the first time I had ever been there and when I found I had been robbed I demanded my money back from the bartender. We had some words over the matter and he reached for a gun. I knew I was up against it and I pulled and shot before he did. That was about all there was to it." Collins is about 45 years of age and over six feet tall. He will endeavor to make up in the remainder of his life, he said, for the one act of his career that placed him in prison. He has made good under legal restraint and now that he has regained his freedom he proposes to make good to the very fullest extent.

The Bee Wants Ads Are the Best Business Boosters.

Allies Insure Speedy Action. Paris, July 4.—The allies intend to take adequate measures without delay to insure the speedy execution of the Polish treaty terms, according to the Temps. Premier Clemenceau conferred with Andre Tardieu, president of the commission, for the execution of the territorial and political clauses. M. Tardieu has called a session of the commission for Saturday.

Seasonable Merchandise Substantially Reduced Throughout the House Saturday will be a splendid opportunity to avail yourselves of these tremendous savings in Summer apparel. Benson & Thorne Eldredge-Reynolds Co. The Store of Specialty Shops
