

BRIEF BRIGHT BREEZY BITS OF NEWS

OFFICER SACRIFICES LIFE TRYING TO SAVE PRIVATE.

Lawton, Okla., July 6.—Lieut. Col. Harold H. Bateman, Ninth field artillery, Fort Sill, sacrificed his life in a futile attempt to save Private Joe Bukoby, Fourth field artillery, from drowning in Medicine creek, near here. Capt. Francis B. Legette narrowly escaped drowning in an effort to save Lieutenant-Colonel Bateman.

A party of officers were on a fishing expedition when the tragedy occurred. Private Bukoby, who was caring for the officers' horses, rode one of the animals into the creek and, apparently becoming frightened, fell into the water. He could not swim.

Lieutenant-Colonel Bateman, hurriedly pulling off his boots, went to Bukoby's assistance. Although a good swimmer, the officer was seized by the drowning private in a strangle hold and they went down together.

AMERICAN FINANCES ESTHONIAN REGIMENT.

Reval, Esthonia, July 6.—The crack regiment of the new Esthonian army is being organized and financed by an American, H. C. Reisser. It is composed of cavalry, infantry and artillery units, numbers 1,000 men, and has been fighting for several months.

This discovery was made by the American Red Cross mission which arrived here a few days ago with a shipload of supplies for the relief of the country.

Mr. Reisser had already organized a small Red Cross hospital of 50 beds.

GOING AROUND WORLD IN BUNGALOW ON WHEELS.

Chicago, July 6.—With his motorized bungalow on wheels, Hugo D. Pohl, Chicago artist, has mapped plans to paint the United States and every part of the world he can reach during a three-year tour. He left Sunday with his wife in their motorized, four-wheel bungalow, which has been fitted up with all the conveniences of a flat.

The bungalow will move to Dixon, Davenport, Des Moines, Lincoln, Denver and Estes Park, Colo., where Pohl owns a ranch. He intends to spend several weeks there, transferring the beauties of the Rockies to canvas.

With the Pacific coast expedition ended, Artist Pohl intends to do a tour in the West Indies and the Philippines. Then he may make Egypt, China, or Alaska, if he is still enthusiastic.

TRAP SET FOR "DOPE" PEDDLERS IN CHICAGO.

Chicago, July 6.—Wholesale arrests are to be made in Chicago the next few days by the federal dope squad under Col. L. G. Nutt, bagging the international "dope" smugglers who have operated extensively with headquarters in Chicago, Kansas City, Omaha and San Francisco.

Minor arrests have been made from time to time with little publicity and the revenue men have worked through underworld channels with the customary thoroughness. When the blow is struck it will break the back of the dope trust, it is said.

Following the arrests of dope peddlers at Woodstock, Ill., recently, Revenue Agent Jack Dennison caught three alleged Chicago traffickers at Kansas City.

To secure proof of guilt, Dennison purchased \$2,000 worth of dope from the trio and with the arrests seized cocaine valued at \$5,000.

ROMANCE RECALLED BY ARREST IN CHICAGO.

Chicago, July 6.—A long dead romance of the underworld was recalled when the detective bureau learned of the arrest of Frank Harris, alias Owen Dead, alias Owen Conn, by the police of the Sheffield avenue station.

In March of 1909, the story of the infatuation of the wife of a minister, a social and prison reform worker and the mother of four children, for a convicted robber and of their subsequent elopement occupied the attention of the reading public.

Mrs. Grace Clarkson was the woman and the police say Harris was the man.

Some years later the woman returned to Chicago alone and obtained a position in a department store.

Harris dropped out of sight of the police until by an unusual chance he was captured after he is said to have attempted to rob four homes.

CHAMPIONSHIP FIGHT PICTURES REJECTED.

Columbus, O., July 6.—The Willard-Dempsey fight pictures were rejected Sunday by Maurice S. Hague, chairman of the Ohio board of moving picture censors. Mr. Hague was the only member of the board of three to reject the picture and it is possible the other two members of the board will vote to permit it being shown in Ohio.

Mr. Hague declared "such human burlesque should not be shown where our boys and girls may see it."

He stated that as the film had been rejected, persons or firms showing the picture in Ohio would be prosecuted, liable to fines from \$100 to \$300 and a year's imprisonment.

"It is probable the pictures may be seen in other states, if passed by the respective state boards, because the mayor of Toledo in granting the permit termed it a 'boxing contest.' A federal law permits the interstate shipment of 'boxing contests' but not 'prize fights.'"

MINISTER'S WILL CALLS MOURNING HYPOCRISY.

Shinnston, Pa., July 6.—Wearing mourning for the dead is hypocritical, the Rev. Elias M. Sharp, 90, pioneer Baptist minister, who died here, declares in his will.

Referring to his widow in his will he said:

"My desire is that she enjoy all the comforts of life that come within her right, and not to clothe herself in the drapery of mourning, as the manner of some, which is a cover of hypocrisy."

The house was shot up, the head of the family assaulted with a revolver, the night dress torn from the body of a sick mother lying in bed with her infant child, a 14-year-old boy beaten with a black jack, dishes were broken and furniture smashed early Sunday morning when a score of policemen, headed by Detectives John W. Herdzina and Olaf Thestrup, without a warrant, raided the residence at 804 Pierce street.

Chicago, July 6.—Mrs. Lulu Burger of Glendale, Cal., passed through Chicago Sunday en route from Indianapolis to Los Angeles to go to the aid of her son, Harry S. New, who surrendered to police and told them he had shot and killed his fiancee because she had refused to marry him.

Mineola, N. Y., July 6.—Great Britain's super-dirigible R-34, the first lighter-than-air machine to cross the Atlantic ocean, anchored here at Roosevelt flying field at 9:54 a. m. Sunday (1:54 p. m. Greenwich mean time), after an aerial voyage of 108 hours, 12 minutes, which covered 5,634 miles. Passing through dense banks of clouds, with the sun and sea visible only at rare intervals, the R-34 was forced to cruise 3,600 miles to reach Trinity bay, Newfoundland, from East Fortune, Scotland, and 1,944 miles from there to Mineola.

After his head had been pounded almost to a pulp, Tony Perrucello, husband and father, was thrown in jail at 3 o'clock in the morning. The blood was streaming from a half dozen ugly wounds on the man's head and face at 7 o'clock, four hours later, when his daughter visited him in his cell.

Not until the girl threatened to get an outside physician was the police surgeon called to administer medical attention.

Officer Herdzina assaulted the woman when she protested with him against entering the sick chamber, she declared. She was slapped and beaten by the policeman and the blood was streaming from gashes on both wrists when Herdzina literally stripped the night dress from her body. He also struck the woman's 14-year-old son on the shoulder with his black jack when he interfered in his mother's behalf. The boy's shoulder was badly bruised.

Chicago, July 6.—Wholesale arrests are to be made in Chicago the next few days by the federal dope squad under Col. L. G. Nutt, bagging the international "dope" smugglers who have operated extensively with headquarters in Chicago, Kansas City, Omaha and San Francisco.

Minor arrests have been made from time to time with little publicity and the revenue men have worked through underworld channels with the customary thoroughness. When the blow is struck it will break the back of the dope trust, it is said.

General Pershing shook hands with at least 450 athletes.

The American base ball team beat Canada, 12 to 1, in the deciding game of the series.

Los Angeles, July 6.—(Special Telegram.)—Allan Solet, a laborer employed by the Los Angeles Ice and Cold Storage company, was shot and probably mortally wounded late Saturday night by his wife, Stella Solet, who says she came from Omaha and from whom he separated nine months ago.

Omaha detectives yesterday morning captured what they believe to be a trio of escaped convicts after Detective Robey had trailed the men from midnight Saturday until 9 a. m. Sunday.

The three are Jess Howard, R. H. Cabney and Clyde Stone. All said they lived in Sioux City, Ia. They were heavily armed when arrested.

An iron grating was blown against a building across the street, narrowly missing a street car heavily loaded with miners. Damage was said not to exceed \$5,000.

Windows in half a dozen nearby stores were shattered but the charges, thought by the police to have been a dozen sticks of dynamite, was not properly placed to do great damage to the brick and concrete pay office, which is across the street from the Western Federation of Miners' hall, which was dynamited in 1914 during a factional union controversy.

It had been decided on the voyage along the coast that unless a favoring wind came up the R-34 would be forced to land at Montauk point and early Sunday morning a wireless message was sent out making this announcement. With the cape left behind, however, fortune finally favored the dirigible and the wind veered to her favor.

Amsterdam, July 6.—"The allies can have only my dead body; I will myself decide on my life or death," the former German crown prince is quoted as having said Friday in discussing a possible demand for extradition.

This statement, reported by the British Wireless Service correspondent, was said by him to have been made to a Dutch official who talks daily with the former crown prince.

According to this official, Frederick Hohenzollern is in excellent health. He takes motorcycle trips daily and frequently visits both the rich and poor on the island of Wieringen.

Twenty-two prisoners at the city jail last night heaped their blessings on E. E. Bryant, 60 years old, tottered into the police station to "see if he could cheer them up."

He walked into Turnkey Blotts' sanctum and asked if he could "treat" the prisoners.

"This is a hot night," he reminded Blotts. "Some of those poor fellows you've got in jail are not such a bad sort, I'll bet. If I bring down some ice cream for 'em will you see that they get it?"

Charlie explained that he had no way of serving ice cream.

"How many are in jail?" queried Bryant as he started away.

"Eighteen men and four women." "In half an hour Bryant returned. He was carrying a case and a half of ice cream and root beer on his back.

"Treat 'em all for me," Bryant told Blotts. "Especially the women."

Charlie called the 22 boarders from their rooms and made a few introductory remarks before passing out the refreshments.

"Bless his ol' soul!" grinned an old mummy. Her fellow-boarders agreed that she had voiced their sentiments.

Bryant lives at the Gates hotel.

Five members of the E. Koenig family suffered severe injuries last night when the automobile in which they were riding collided with a street car at Fortieth and California streets. Their machine was carried forty feet by the street car and each of the five persons was thrown more than fifteen feet by the impact.

E. Koenig, 2227 Grant street; Mrs. Martha Koenig and their three children, Anna, 13; Warner, 12; and Henry, 10, are the injured persons.

The Koenigs were driving east on California street and attempted to turn north on Fortieth street when the street car struck the automobile.

Mr. Koenig suffered a fractured right shoulder; Mrs. Koenig, a deep gash on her forehead and other cuts and bruises; the three children were all badly bruised and cut by flying glass.

All five were carried into the F. L. Sells home, 523 North Fortieth street, and later taken to St. Joseph's hospital by the police.

John Meers, conductor, and A. F. Veach, motorman, were operating the street car.

Washington, July 6.—Recommendation by Lt. Col. Samuel T. Ansell of the judge advocate general's department that the case of every military prisoner now under sentence be sent to the board of review of which he is head, for a re-examination, has been disapproved by Secretary Baker. Certain specific cases will, however, be examined again with the object of determining whether further clemency should be allowed.

Howard admitted that he escaped from the penitentiary at Lincoln recently, police say. He was sentenced to five years' imprisonment for shooting Howard Moberly in the Davenport garage here and has served but nine months. The other two men are thought by police to be auto thieves or burglars.

Three revolvers and a large supply of ammunition were taken from the men.

Howard and Stone were charged with carrying concealed weapons and are being held for investigation. Cabney was charged similarly and in addition with illegal possession of liquor.

Basle, Switzerland, July 6.—A dispatch from Weimar, received Sunday, says a bill has been introduced in the German national assembly, pending for ratification of the peace treaty.

Several attempts were made to start cars, but in most cases they were unsuccessful owing to stoning or wire cutting by strikers.

Several persons were injured by flying glass during the disorders, including which six strikers were arrested.

Austrian Peace Treaty Ready by Next Tuesday

Paris, July 6.—(By the Associated Press.)—The proposed Austrian peace treaty will be ready for presentation to the Austrian delegation Tuesday. The full text of the document now is in the hands of the printer.

The presentation of the terms to the Austrians probably will not be accompanied by impressive ceremonies such as were held for the signing of the German treaty. Ten days or two weeks are expected to be given the Austrian delegation to study the new articles on financial, economic and reparations questions, and also certain boundary terms which were not covered in the first draft given them.

New York, July 6.—Miss Jeanette Rankin, former representative from Montana, American delegate to the International Congress of Women at Geneva, returned from Europe on the Noordam.

London, July 6.—The Italian movement protesting against the high cost of living is spreading from the Romagna districts to Emilia and other provinces of Central Italy, according to a Milan dispatch to the Daily Mail. Serious incidents have occurred in some places. Three persons were reported killed and many injured in disorders at Imola and Bologna.

Several persons were injured by flying glass during the disorders, including which six strikers were arrested.
