

WORLD WAR MAY BE SALVATION FOR PERSIANS

Rev. E. L. Lawrence, Returned Missionary, Tells of Conditions; Says Country Has Gone Backward.

Rev. E. L. Lawrence, M. D., Presbyterian missionary stationed at Kazvin, Persia, is visiting in Omaha with his wife and two daughters. Mrs. Lawrence is a sister of C. B. Wilson, 2805 Woodworth avenue, and Rev. J. M. Wilson, pastor of North Presbyterian church.

Dr. Lawrence spoke at Westminster church Saturday morning, and in the evening he spoke at an open air meeting of members of North Presbyterian church, in Kountze park.

"Persia has gone many steps backward from the position it occupied centuries ago," he said. "The present-day national life of the people is at a low ebb, but from an experience of nearly 20 years in that country I really believe that the war through which we have passed will spell the salvation of Persia."

Diseases Are Common.
He explained that venereal diseases among the people are so common that they are mentioned without thought of shame. Concubines are condoned by the natives because they believe that their prophet approved of them.

Referring to the transportation facilities of Persia, the doctor said: "The Russians have extended a line into north Persia, but the only Persian railroad in the country is a six-mile stub line from Terehan, the capital city, to a shrine. Many people travel in four-horse coaches, the animals being changed every 10 miles. I have seen a line of 150 camels carrying oil. There are some macadam roads and the introduction of automobiles during the period of the war will serve to stimulate better roads."

Left Before Armistice.
Dr. Lawrence and his family, accompanied by five Russian nurses, left Persia before the close of the war. He was returning to the states for his leave of absence, which is allowed every eight years. The British forces gave the party an automobile convoy to Bagdad, more than 500 miles, with a Lewis machine gun on the lead car and another gun on the rear car, this for protection against the Turks and Kurds. They visited Bombay on their way home.

Ruler But 22.
"The present shah of Persia is only 22 years old, and he began to rule when he was 16," continued the doctor. "During the war he endeavored to maintain neutrality. Many of the Persians believed that Russia had designs on the northern part of their country, but it was made clear to them later that the British government, before the war, entered into a treaty with Russia, whereby the latter government would confine its trade relations to northern Persia and the British government would operate in the south, and that the British would maintain the national integrity of Persia."

Willard Knocked Out In Third Round Is Ruling of Pecord

Toledo, O., July 6.—Because of the controversy over the duration of the heavyweight championship contest between Willard and Dempsey, and whether Dempsey should be credited with a knockout, Ollie Pecord, referee of the Independence Day match, ruled Saturday that Willard had been knocked out in the third round.

Referee Pecord also ruled the fight ended at the close of the third round, despite the fact that the towel was not tossed into the ring from Willard's corner until the bell had sounded for the fourth round. Willard, however, did not leave his chair to answer the call for the fourth round.

Fear Villista Attacks So Ask More Troops

Juarez, Mexico, July 6.—The mayor of Carrizal, a town about nine miles southwest of Villa Ahumada, came to the border Saturday to ask additional troops to protect his municipality. The mayor said there were about 60 men under Ramon Vega, a Villa leader, in the mountains near Carrizal; a few men under Ephanian Holguin, another Villa leader, in the neighborhood, and about 30 stragglers from various Villa commands in the vicinity.

Car With Woman Driving Upset and Two Injured

Anna Ashcraft, 313 North Twenty-fifth street, and W. M. Ditz, Snyder, Neb., were badly cut and bruised last night when the woman was learning to drive an automobile at Twentieth and Spring streets. The car turned completely over.

Earthquake Recorded.
Washington, July 6.—An earthquake of moderate intensity, believed to have had its center in Central or South America, was recorded early Sunday by the seismograph at Georgetown university. The earth tremors first were recorded at 3:11 a. m. and continued until 4.

Council of Five Refuses to Make Peace With Bela Kun

Paris, July 6.—The Council of Five has reached the conclusion that it is impossible to make peace with Bela Kun's government in Hungary, according to the Havas agency. Maintenance of the blockade, it was said, still is necessary, although its effects have not been felt by the Hungarian revolutionary government, as it is appropriating foodstuffs for itself and its friends.

Recent events at Budapest have indicated the affairs of the soviet government there are on the verge of a crisis. Twenty youths from the military academy and three officers were executed by the soviet government last Wednesday after Bela Kun issued a proclamation that "blood shall flow henceforth, if necessary, to insure the protection of the proletariat."

President's Message to Congress About Ready; Holds a Conference

On Board U. S. S. George Washington, July 6.—(By the Associated Press.)—President Wilson had an extended conference Saturday with Bernard M. Baruch, Vance McCormick, Norman H. Davis and Thomas Lamont, members of the supreme economic council. The conference, it is understood, is related to some features of the president's message to congress, dealing with economic phases of the reparation clauses, the lifting of the blockade when Germany ratifies the treaty, and the future of the dollar.

Thousands Enjoy Opening of Bathing Pool at Krug's

Although the new \$300,000 bathing beach at Krug park was formally opened to the public Saturday afternoon, the real opening was Sunday when several thousand men, women and children enjoyed the dip in its pure, crystal-like water.

German Army Officers Dissatisfied With Peace

Amsterdam, July 6.—Gen. Von Stockhausen, leader of the newly established monarchist league, told the Berlin correspondent of the Algemeen Handelsblad that all former officers of the old army were much dissatisfied with the government, according to the correspondent's dispatch received here. Gen. Von Stockhausen was quoted as saying the officers' dissatisfaction was over the signing of the "scornful peace treaty."

Confer With Obregon Over His Candidacy

Nogales, Sonora, July 6.—Rafael Zurbaran Capmany and Jose Ynez Novelo, attorneys of Mexico City and prominent in Mexican politics, are here for a conference with Gen. Alvaro Obregon regarding the latter's candidacy for the presidency in 1920. They are representatives of the constitutionalist liberal party.

UNION CHURCH SERVICES ARE WELL ATTENDED

Large Crowd at Open Air Meeting Held in Kountze Park; More Seats Next Sunday.

An open-air union church meeting held last night in Kountze park far exceeded the expectations of those who planned it. Chairs and benches had been provided for about 250 people. There were quickly filled and about 300 people stood or sat on the grass during the services under the trees. Arrangements will be made to have more chairs there next Sunday evening.

The service was arranged by the North Presbyterian, United Presbyterian, Covenant Presbyterian, Trinity Methodist and Brethren congregations. But people from other churches and from no church came to the services.

The singing was led by Prof. Lee G. Kratz and included singing by the congregation and by the quartet of the North Presbyterian church, and trombone numbers by Messrs. Thompson and McNichols.

The Christian Endeavor societies had charge of the services for 10 minutes. The principal speakers of the evening were Rev. E. T. Lawrence and Mrs. Lawrence, who have been missionaries in Persia for twenty-five years and are now home on furloughs.

Many of the other city churches omitted the evening services and will continue to do so until September.

Says Division Showing in Round Robin Senators' Ranks

Spokane, Wash., July 6.—There seems to be a division in the ranks of the "round robin" Senator Homer S. Cummings, chairman of the democratic national committee, declared in an address on the League of Nations at a local park. While some of them, "like Senator Borah," indicated a disposition to remain steadfast in their opposition to the league, he continued, others "are now peering wistfully through the sage brush and are working their way unostentatiously back to the old wig wam," on the "reservation."

Fred Mitchell Quits Presidency to Pilot Club

Chicago, July 6.—Fred Mitchell, president and manager of the Chicago National League club, who piloted the team to the pennant last year, Sunday discarded the presidential toga for the working garb of manager for a final fight for this year's flag. He announced his resignation to devote all his time to the team management.

Radicals Can't Succeed Here, Says Pinchot

Philadelphia, Pa.—Uncle Sam will turn his back on the bolshevik stranger should he try to make a home for himself in this country, declared Clifford Pinchot, to the National Reform association here. "Patriots are too numerous in the U. S. A., to permit these rascals to get ahead," he said. "The men spreading this propaganda are not Americans, either by birth or naturalization, but foreigners who came to this country to escape oppression in their own lands."

Boston Electrical Workers Plan Strike

Boston.—Unless the state board of conciliation and arbitration shows results there will be a strike of the Boston electrical workers employed by the Western electric company this week. The date of the strike will be decided by a committee from Electrical Workers' union No. 399 after the state board has been appealed to. The labor men seek reinstatement of discharged union officials and recognition of the principle of collective bargaining.

U. S. Money For Ratner.
London—Augie Ratner, the New York middleweight, will carry considerable American money when he goes into the ring on June 16 to fight Johnny Basham, the British middleweight champion, for a purse of \$6,000. The match is scheduled for 20 rounds. Ratner recently defeated Boy McCormick, the light heavyweight champion.

RECEPTION TO OPEN WITH BIG STREET PARADE

Committees in Charge Expect to Complete Plans Today for Welcome of Dodge Engineers.

Arrangements will be completed today for the big military street parade in Council Bluffs to start at 1:30 o'clock Tuesday and reception at Lake Manawa during the remainder of the afternoon and evening for Company B, Dodge engineers.

Captain Greene of Company A will be marshal of the day, assisted by Captains Lanson, Bonham and Nead. The procession will form at the junction of Main and Pearl streets and will be headed by a platoon of police, followed by city officials and a band. Company B will have the place of honor and will be followed by Unit K and Company L.

An earnest appeal has been made by all of the officers for every soldier in town to wear his uniform. If the request is complied with there will be nearly 2,000 uniformed men in line, including army, navy, airplane and hospital forces. They will be followed by the comfort clubs, Red Cross and military bureau men. All of the railroad men will be in separate units and will form on Sixth avenue.

When the parade disbands the men in uniform will be taken to the lake, where everything will be free.

Smoking Cars for Women.
New York.—Smoking cars for women will be run on some of the eastern roads within the next few years, local railroad men predict. The vestibules and observation platforms on many trains running to New England during the college commencement period this year were filled to overflowing with young girls and women puffing cigarettes.

Fancy Footwear to Be New Vogue for Women

Chicago, July 6.—The style's the thing. Wartime economy and absence of decoration are not to be reflected in women's wearing apparel if new shoe styles are a fair indication. This is the consensus among shoemakers as reflected in exhibits being prepared for the Chicago National Shoe exposition, to be held at the Hotel Morrison, July 7-11.

Fancy styles will rule, the shoemakers say. The cost of shoes will be far greater, but workmanship will not be spared and everything that goes into the making of shoes this year is higher.

The women are not going to wear any style based on the Munson army last. Instead there will be "creations" with thin leather soles, high heels, fancy uppers, and extreme lasts. Nor will men's shoes be based upon army fashions, but will seek instead to show off male foot shapeliness.

Traditions of Belgium To Be Recalled by Fair

Brussels, July 6.—The municipal government of Brussels has decided to hold in September a commercial fair which shall be a return to the ancient Belgian traditions. The object sought for is, on the one hand, to put an end to the abuses brought about by the war, lower the prices of foodstuffs, and bring about normal conditions, and, on the other hand, attract world trade in competition with German fairs.

Cow Commits Suicide.
Pittsburgh, Pa.—A brown and speckled cow that was being driven through the streets of Tarentum on the way to the slaughterhouse suddenly decided to rob the butcher of a job by committing suicide. Leaving the herd, it calmly walked into the open doorway of an apartment house, climbed up 24 steps, turned at the landing and then went up another flight. Here it pushed itself through an open window onto a roof. Turning a last look along the way it came, the cow jumped to the ground and was killed almost instantly.

"Gob" Would Re-Embark on "Sea of Matrimony"

Topeka, Kan.—J. C. Mohler, secretary of agriculture, has many questions to answer regarding Kansas crops. He can attend to that with considerable authority, having been in the game for years. However, with the crop of returning soldiers and sailors, he found a new job. Ernest E. Stephens, a sailor at Newport News, sent Mr. Mohler a \$1 bill and asked him to find out if Mrs. S. Stephens, whom as Artie Ashcraft he married in 1913 here, has secured a divorce and remarried. The last he heard from her was in Topeka and she contemplated securing a divorce. Stephens himself desires to take another voyage on the sea of matrimony, but wants to know if he can do so safely.

Shipping 25 Million Pounds of Spuds East

Portland, Ore.—Twenty-five million pounds of potatoes have left here for the Chicago market.

The huge tonnage of murrays were contracted for by the government for the purpose of dehydration in Oregon, Washington and British Columbia. But Maj. Frank Tingley, commanding the Quartermaster Corps, Northwest division, thought to "dump" such an amount on this market would lessen the value of the spuds. So he sold them in the east, and thereby put across the biggest potato deal ever made in the United States.

He also recently sold 5,000,000 pounds of prunes to French interests. A remaining 5,000,000 remains in cold storage.

Brothers Meet First Time In 24 Years

Indianapolis, Ind., July 6.—William Jones, late of the United States army and originally of Bowling Green, Ky., was standing in the line of applicants for enlistment in the army at the local recruiting station. He was looking at his life and was overheard by another applicant, who proved to be his brother, Donald Jones, also late of the United States army, whom he had not seen in twenty-four years. The two brothers will tell of their experiences while serving in the infantry of the army of occupation in Germany.

LEGISLATORS ARE RETURNING TO RESUME DUTIES

Some Members of Senate and House Back in Washington Preparatory to Reopening of Congress.

Washington, July 6.—Members of the senate and house began returning to Washington Sunday preparatory to the reconvening Tuesday of congress after a week's Fourth of July recess. The appearance of President Wilson before the senate Thursday to present the German peace treaty and the Franco-American agreement and consideration by the house of war-time prohibition enforcement legislation are expected to outrank anything else before congress within the next fortnight.

The treaty, as well as the Franco-American agreement, probably will be referred immediately to the foreign relations committee. No plan for consideration of the treaty has been announced by the committee.

The house is expected to take up legislation to arm the government in its enforcement of war-time prohibition immediately on convening Tuesday. Strong sentiment exists for prompt enactment of a war-time enforcement measure, but whether this measure will be part one of the bill already reported, or an entirely new bill, has not been decided. Investigation of expenditures of the war department during the war will be resumed Monday by the special committee conducting the inquiry.

Waive Price Restriction in Agreement on Silver

Washington, July 6.—Secretary Glass announces that the treasury has waived price restrictions contained in an agreement between the United States and Great Britain for purchase here of 200,000,000 ounces of silver. The price first was \$1 an ounce, then \$1.01, but silver recently has sold as high as \$1.14.

Get After That Backache

a dull, tired condition and disordered kidney action, get after the cause. Take things easier for awhile and use **Doan's Kidney Pills**, the remedy that has been tried out for you by thousands. What satisfied users say is the best proof of Doan's reliability.

P. K. Young, prop. tire repair shop, 5216 N. Twenty-fourth St., says: "I think there is no remedy on the market equal to Doan's Kidney Pills. I used to suffer with my back and my system was filled with uric acid poison. I was handicapped on this account in going about my work, and some days I couldn't do a bit of work. My kidneys were terribly disordered, too. I tried everything I heard of but didn't get relief until I began using Doan's Kidney Pills. This medicine reached my case and in a short time I was as well as ever."	Mrs. R. Curtis, 1912 N. Twenty-fifth St., says: "Some years ago I had trouble with my kidneys they didn't act as they should and my bladder was inflamed. My back pained constantly, especially at night. I was weak, would become dizzy and puffy sacs appeared beneath my eyes. Doan's Kidney Pills were recommended to me and I got a couple of boxes. Doan's soon brought relief and finally cured me. I recommended this medicine publicly years ago and gladly endorse it again."	Edwin Meredith, supt. Standard Chemical Co., 1423 Sherwood Ave., says: "I am never without Doan's Kidney Pills in the house. I had a severe attack of kidney complaint. I suffered everything from this trouble, which was brought on by a severe illness. I took Doan's Kidney Pills and they helped me wonderfully. Doan's strengthened my kidneys so I seldom have any annoyance now." (Statement given November 18, 1914.) On November 26, 1918, Mr. Meredith said: "My health has been good and my kidneys have given me no trouble since using Doan's Kidney Pills several years ago. I gladly renew my previous statement."
South Seventeenth Street	Cuming Street	Manderson Street
Mrs. N. Henderson, 2436 S. Seventeenth St., says: "Some years ago I had an attack of kidney trouble that lasted about two weeks. I could hardly get about to do my housework. I had dizzy spells and could see black specks before my eyes. My kidneys didn't act regularly. I felt tired all the time and was nervous. I began using Doan's Kidney Pills and they soon relieved me of all my trouble. I gladly recommend this medicine."	Harry Maggart, prop. of confectionery store, 2820 Cuming St., says: "About a year ago I had an attack of kidney trouble and had considerable backache. The worst symptom of my trouble was too frequent action of the kidneys. I often had dizzy spells when walking and felt hardly fit for any kind of work. Being on my feet so much is what I blame for my trouble. I soon got rid of all this trouble when I began using Doan's Kidney Pills. Doan's drove the backache away and restored my kidneys to their normal state."	Mrs. E. E. Clemmons, 1621 Manderson St., says: "Two years ago I was feeling all run down and suspected my kidneys were causing the trouble. I had dizzy spells and everything would turn black before me. My head ached and at times my back pained so I could hardly do my housework. I happened to see Doan's Kidney Pills so highly advertised and I decided to try them. I was surprised at the quick relief they brought and have relied on them ever since."
