

Omaha Gets Big Stock Remedy Company

"The First Aid" for

CATTLE, SWINE, SHEEP, HORSES

Commercial Club Journal, May 14.
The Industrial Bureau is pleased to announce that the B & M Stock Remedy Company, Omaha, Neb., has been selected as the official stock remedy company for the State of Iowa. This company has been selected because of its long and successful record in the production and distribution of stock remedies. The Industrial Bureau is proud to have such a reliable and successful company as its official stock remedy company for the State of Iowa.

B. & M. STOCK REMEDY COMPANY

OMAHA, NEBRASKA

Manufacturers of

Hog, Cattle, Horse, Sheep, Chicken Powders, Fumigant and Dip. A Successful Iowa Concern has outgrown its present factory facilities and is moving headquarters to Omaha. 60 Salesmen now selling our Live Stock Remedies in Nebraska, Iowa, Illinois, Minnesota, Kansas and Wyoming. 100 Salesmen Needed Immediately

Prosperity Looms

No place is there better evidence than the premises of the MODERN FARMER AND STOCK RAISER. Yet the untilled area of the United States today could feed millions of people and millions of horses, cattle, swine and sheep. The losses of cattle, swine and sheep from deplorable and preventable diseases could feed other millions of people. We are gradually and surely coming to the point where we must accept more INTENSIFIED METHODS OF FARMING; to the point where untilled lands must be reclaimed and put under cultivation; and in line with the soil development we are coming to the point where every farmer's aim must be "BETTER HORSES"

BETTER CATTLE BETTER SHEEP BETTER HOGS"

For the time being we will leave the intensified farming reforms to the expert farmer and agriculturist and the

B & M STOCK REMEDY COMPANY Omaha, Neb.

will take upon itself full amount of responsibility for helping the farmer and stock man to

PRODUCE HEALTHY, VIGOROUS AND UNDEASED STOCK.

To prove that we can do and are doing much to save these

MILLIONS OF DOLLARS THAT ARE YEARLY BEING LOST TO THE FARMER, we submit the following testimonials:

Martelle, Iowa. May 9, 1919.
B & M Stock Remedy Co., Cedar Rapids, Iowa.
Gentlemen:
Enclosed you will find check for payment in full for 100 pounds of B & M Hog Powder.
The above makes the third order I have given your company for Hog Powder in less than a year's time. This should speak for itself as to what I think of your product. I am satisfied, beyond a doubt, that your remedies are everything that is represented for them, and I believe every farmer would be money ahead by using B & M Hog Powder and Conditioner.
Trusting you will make prompt shipment of the order above given, I am,
Respectfully,
CLAUDE G. PEET.

Chillicothe, Ill. Feb. 1, 1919.
B & M Stock Remedy Co., Cedar Rapids, Iowa.
Dear Sirs:
Enclosed find check for \$16.00 due you. As to the hog tonics, will say it is great. My neighbors all around me have been losing hogs all winter with the cholera and the flu, but I haven't had even one sick. I still have some tonic on hand, but intend to order more later. Yours truly,
CHAS. H. ROUTH.

Factory, 7th and Jones Sts. E & M Stock Remedy Co., Omaha.

Riverside, Iowa. Feb. 8, 1919.
B & M Stock Remedy Co., Cedar Rapids, Iowa.
Gentlemen:
This is to certify that we purchased an order of 100 Worm Capsules and 500 pounds Conditioner from your representative, Mr. Tebel. He treated our 100 pigs and shoats. After the treatment they looked much better and are doing fine at this date, and doing better than we expected.
We have been in the hog business for a number of years and have fed powders from other concerns, but we will admit that we have never obtained the results as we have from your capsule treatment and conditioner.
Would advise all hog raisers in the United States to try your products. Yours truly,
GRIFFIN & WORKMAN CO.,
By Col. G. R. Workman.

Rockwell, Iowa. March 26, 1919.
To Whom It May Concern:
I highly recommend the use of the B & M Worm treatment and Conditioner for raising hogs, as my hogs were in poor condition, would not leave the shed to eat or drink until Mr. McGillicuddy finally induced me to let him treat my hogs. After the first treatment I could notice an awful change. Today they are in the pink of condition and good rustlers.
I can highly endorse the use of the Capsule treatment and Conditioner as they sure made money for me.
Respectfully yours,
J. P. COURIN.

Stanberry, Mo. April 2, 1919.
B & M Stock Remedy Co., Cedar Rapids, Iowa.
Gentlemen:
On March 17, 1919, your salesman, Mr. L. B. Kimbrell, espoused 80 head of hogs for me; 14 of these were confined in a small hog house, and the morning following the treatment the hog house floor was covered with worms.
I am satisfied that the B & M Capsule treatment will get the worms. Yours respectfully,
D. A. WHARTON.

Mt. Vernon, Iowa. March 24, 1919.
B & M Stock Remedy Co., Cedar Rapids, Iowa.
Gentlemen:
On the 12th of March we treated 24 head of hogs with your treatment, and today, 12 days later, I am very glad to state that all these hogs are in splendid shape, feeding well, are full of life, with good twists in their tails and I am very much pleased with the results.
I am still using your Condition Powder and intend to continue to use your products as long as I am a hog raiser. I would advise all Linn County hog raisers to give your products a fair trial.
Respectfully,
J. F. VERBA.
