RULES INCREASE

Firemen Accept Terms, But

Engineers Have Not Yet Taken Final Action on Award.

Stationary firemen and engineers of Omaha will receive an increase

of \$5 a week as a result of the award given yesterday by Federal Mediator Fred Feick of Indianapolis. The men had demanded ar increase of \$1 and a six-day week.

FOR EMPLOYES

FARM AND RANCH LANDS. Nebraska Lands.

RANCH BARGAIN.

Three sections in Lincoln Co., Neb.; well improved, fenced and cross fenced; 400 pine trees, 500 forest trees, 2 wells and windmills; 100 acres in crops; much more can be farmed; good hay meadow; 14 miles northwest of Sutherland; 2 miles from school; on telephone and mail route. A good ranch at pre-warprice; can be sold for less than \$15 per acre if sold soon. You will deal with owner, not in hands of speculator. Here is your opportunity to get a good stock farm.

LEGAL NOTICE. NOTICE TO CONTRACTORS.

Sealed bids will be received by L. L.
Carpenter, City Clerk of the City of Superior, Nuckolis County, Nebraska, up to 2 p. m. Thursday, July 10, 1919, for the grading, curbing, guttering and paving streets and avenues and alleys in the City of Superior, according to the plans and specifications prepared by the City Engineer or Special Engineer employed for that purpose.

sincer or Special Engineer employed for that purpose.
Said plans and specifications may be obtained from the City Engineer or City Clerk, or may be seen in the office of the City Engineer of Superior.
The Engineer's estimate of the costs of the work is as follows:
Asphaltic Concrete, Portland Cement, 5-inch concrete base, 2-inch surface, five year guarantee, per square yard, \$2.49.
Reinforced concrete, 6 inches thick, five year guarantee, per square yard, \$2.50. year guarantee, per square yard, \$2.30. Six-inch Concrete, not reinforced, for alleys, five-year guarantee, per square yard \$2.10. \$2.10.

Monolithic curb and gutter, per specifications in Engineer's office, per lineal foot, 75 cents.

Extra grading, per cubic yard, \$1.00.

Excavation, per cubic yard, 75 cents.

Extra concrete work, per cubic yard, \$17.50.

Over haul, per hundred feet 5 cents.

Extra concrete work, per cubic yard, \$17.50.

Over haul, per hundred feet, 5 cents.
Oak Headers, per lineal foot, 40 cents. Furnishing and placing reinforcing steel, per pound, 7 cents.
Each bid must be accompanied by a certified check for 5 per cent of the contract price. The successful bidder must give satisfactory bond for the full amount of contract, and five year maintenance bond. Certified check will be retained until said bonds are received and approved by the City Council.

Contract for the above work will be awarded to the lowest and best bidder, but the Mayor and Council reserve the right to reject any and all bids, to waive defects in bids.

New York Coffee. New York, July 8.—The market for coffee futures was higher today owing to continued European buying and further advances in the Brazilian markets. The opening here was 15 to 44 points higher, with December selling up to \$21.80 and March to \$21.75 during the afternoon, or about 50 to 71 points above last night's closing figures. Trade interests were among the buyers during the later trading and the advance was accompanied by among the buyers during the later trading, and the advance was accompanied by reports of a firmer tone in the spot market. Closing prices were at about the best point of the day, showing a net gain of 60 to 71 points. July, \$22.49; September, \$22.55; October, \$22.10; December, \$21.85; January, \$21.75; March, \$21.65; May, \$21.65.

FINANCIAL

New York, July 8.—Trading on the Stock exchange today again was very lively and more confusing as to trend, the stiffer rates for money once more being the dominant factor in the several reversals and recoveries.

Call loans opened at \$ to 10 per cent, as against yesterday's final rate of 20 per cent, and held at the initial quotations until the final hour, when as high as 15 per cent was paid on mixed loans and 17 per cent for all industrials.

Overnight developments in their relation to quoted values were helpful mainly to the industrial list, but also to coppers and metals. The one disquieting feature was the further weakness of exchange on the entente centers, with sterling and francs at low records.

Reports from trade centers accentuated francs at low records.

Short Term Notes

Mediator Feick said after the meeting yesterday he held with the men and officials of the Omahi Beverage company that the official: presented evidence which precluded his granting a six-day week. Beside: the increase of weekly pay, the mer are to receive 75 cents an hour for all time over eight hours a day. Engineers were allowed to count all Sunday work as overtime. Oilers and helpers are to receive the same advance as the firemen. terms of the award, but the meeting

Firemen immediately accepted the closed without the engineers making any final disposition of the offer. Mr. Feick stated that before he came both sides had agreed to abide by his decision, and so he was confident that the engineers would accept his award in the matter.

The meeting on the third floor of

the Karbach block was between the officials and men of the Omaha Beverage company, gut it is understood that about 12 ice companies in the city agreed previously to abide by the decision of the federal mediator. This would practically fix the wage scale for firemen and engineers of

Omaha. There were between 40 and 50 men at the beverage plant affected by the award, and if the scale is accepted by the other companies of Omaha, it means that hereafter firemen will receive \$31.20 a week plus overtime for all work over eight hours a day, while the engineers will get a flat wage of \$34, besides overtime for Sundays and for all time over eight hours on other days,

New Attraction at Lakeview. As an extra attraction at the dance palace at Lakeview park the management has engaged for the week, Harry Walker and Ned Miller of Chicago. Walker and Miller recently closed a lengthy engagement at the Winter Garden and

POULTRY BUTTER

Tel-Douglas 1521

Comprise about 33,300 acres of oil and gas leases located in Marion County, West Virginia, and in Kimble, Sutton and Edwards Counties, Texas. The West Virginia acreage is proven territory in the prolific Mannington District. The Texas holdings are located upon the well-known Edwards Plateau, and were originally selected by oil experts for Benedum and Trees of Pittsburgh, more than a year ago. The Edwards Plateau is believed by numerous geologists and oil operators to overlie the southwestern extension of the Pennsylvania formation which has proven so productive in the Central Texas fields.

There are now seven producing wells upon the West Virginia properties. Well No. 3 is drilling and there are locations for at least eleven more. Three locations have been selected on the Texas properties, the material and equipment for which are on the ground and operations are being conducted as rapidly as possible. The properties of the Corporation both in West Virginia and Texas are equipped with standard rigs, casing, cable, strings of tools, automobiles, motor trucks, warehouses, etc., etc. In fact everything necessary to complete the work how under

The Corporation has no bonds—no preferred stock—the financing arranged for will provide cash for future development, and, the \$2,500,000.00 unissued stock will suffice for the contemplated acquistion of additional production, leases and their proper development.
