Grain arrivals today were very light. Receipts were: 1 car of wheat, 32 cars of barley.

Corn sold 2 to 5 cents higher. Yellow and mixed showed a larger upturn than white. Outs were a cent up, No. 2 white bringing 71 cents. Barley was 1 to 2 cents higher and rye several cents advance. There was not enough wheat sold to make a basis for quotations.

Call money opened at 8 to 10 per cent, but at midday a leading banking institution offered small amounts at 6 per cent. This evidently exerted a sentimental effect, rates soon declining to 6 and 6½ per cent, and closing at 5 per cent.

What is the best occupation for your daughter? Read page 244 of the Omaha telephone directory.

No. 3 of a series of statements showing why so many men are investing in Omaha Real Estate.

The supply of Real Estate is limited. No more of it will be manufactured. These facts make Real Estate a desirable investment.

AN INVESTMENT WHICH IS SAFE, PAYS A GOOD INCOME, AND INCREASES IN VALUE, IS A DESIRABLE INVESTMENT.

AN INVESTMENT IN OMAHA REAL ES-TATE HAS ALL THESE ADVANTAGES. This statement-No. 3-mentions some of the conditions that cause Omaha Real Estate to increase in value.

(a) All business, prospective or otherwise, increases the demand for Omaha Real Estate, improved or unimproved. (b) Omaha is the center of the largest agricultural producing country in the world. This fact gave Omaha, in 1918—unaided by war orders or war factories—the largest percentage of bank clearings in the United States. (c) Many big industries are making Omaha their divi-

sional headquarters. (d) Official records of sales show increases every year in the price paid for Omaha Real Estate of all classes. (e) From January 1st, 1919, to June 18th there were 523 new businesses started in Omaha. Real Estate in-

creases in value with that kind of business growth. Two Examples-Last month the Potter Apartments at Thirty-third and Farnam Streets sold for \$75,000. Two years ago they were offered for \$60,000. * * * Two years ago Harry O. Benford bought a house at 211 South 42nd for \$3,100. Last month he sold it for \$4,650.

Note-E. E. Peake, big Realtor of Kansas City, one of Omaha's rival cities, in a speech to the Omaha Real Estate Board, June 5, said Omaha will have 500,000 population in ten years. He's one of many conservative men who have that opinion.

Cattle—Another disappointingly small run of cattle showed up today, about 3,700 head, and the market ruled active and fully 25@50c higher. Choice corn fed beeves brought \$16.00 @16.50 and the market is around \$1.50 @2.00 higher than it was two weeks ago today. Western range cattle have shown about the same advance and prime grass beeves today sold at \$13.50 @14.00. Inquiry for cows and helfers was broad at about a 25c advance over Tuesday's prices and stockers and feeders were also in active demand and around a quarter higher for the desirable kinds.
