# LARGE CROWD AT **CHURCH SERVICE IN KOUNTZE PARK**

# Absence of Many People Showed in Small Congregations at Meetings; Few **Evening Services.**

Omaha churches all entered fully upon their summer schedules of curtailed services yesterday to continue until September 1. There were practically no evening services in individual churches. In several parts of the city union services in the parks brought large crowds.

Even in the morning services the absence of anny people from the city on vacations or attending religious conferences showed in SOLDIER BOYS small congregations. small congregations.

povided and all were filled. Expectaions were greatly exceeded on the first evening of the union services and last night's services indicated that the people like these "al iresco" meetings. Rev. E. L. Reese, pastor of Hartford Memorial Uaited Brethren church, preached last night. There was special music by a quartette besides the congregational

singing. Rev. Dr. J. B. Work preached in the morning at the First United and Emmett streets. Dr. Work is vice president of Tarkio college and most authorities on the Bible in itors July 4, this country. He will act as pastor Everythig of the First United Presbyterian church during July and August.

At Parkvale Presbyterian church Rev. Earl B. Clark who was an army they appreciate the welcome, which chaplain in France, preached both they say is "so genuine." It is the morning and evening.

#### Judge Bradley Dies.

Deuver, Colo., July 13.-Judge Charles D. Bradley, aged 80, last surviving member of the commission that conducted the election which resulted in admission of Colorado as a state in 1876, died at his home in Florence. Colo. Judge Bradley was United States attorney for the territory.

Four hundred and seventy-five denunciation of a person or persons Nebraska men arrived in New York unknown. Trent, with a hasty glance Presbyterian church, Twenty-first from overseas the week of July 1-8, upward, continued his intent study The number of Nebraska men entertained at the state headquarters, tolds the chair of bible study there. 125 West Forty-second street was He is recognized as one of the fore- 490, nearly 100 of whom were vis-

Everythig about the headquarters seems to appeal to the men. hey are enthusiastic over the homey atmosphere of the place and Nebraska newspapers that bring

# more real joy to the men than can be expressed in words. The fact that papers from such towns as Ashton,

Merma, Table Rock, Waco and eyen from smaller places can be handed immediately to the returning soldier as he places his name on the Nebraska register makes the man another of the objects and studied open his eyes in wonder. When the boys begin to read the

ome papers the hostess on duty at said Trent as Mr. Cupples uncorked headquarters at once becomes the and smalled at one of the bottles. recipient of their enthusiastic out- "Very useful when you're in a hurry with a negative. I shouldn't drink bursts. The boys love to talk things over. The other day a boy from it, though, all the same. It elimithe western part of the state picked nates sodium hypophosphite, but 1 up his home town paper, the first shouldn't wonder if it would elimihe had seen for a year-yes, his nate human beings too." He found folks had sent him papers, but— well, he did not get them. To the on the crowded mantel shelf, and Nebraska hostess on duty he ex- came to sit before Mr. Cupples on claimed, "I found two items already the table. "The great thing about my own folks. Grandfather a hotel sitting room is that its me. I borrowd them this very mornis building a new barn and my brother was toastmaster at the high

school alumni banquet. And here's an item about a girl I used to go with. She has just been married." Then he went into details concern-ing the girl, the financial standing of her parents and described her with. She has just been married." before, Cupples? I have, hundreds remains one object on the board. ing the girl, the financial standing bingtand for years. I should be the "Certainly I catt," said Mr. Cup-of her parents and described her off hotel, they were to give me some ples, peering at it with great in-

side, you see, is the thumb markvery good impressions all of them." He spoke without raising his voice, but Mr. Cupples could perceive that he was ablaze with excitement as WOMAN IN BLACK he stared at the faint gray marks. "This one should be the index finger. I need not tell a man of your knowledge of the world that the pattern of it is single-spiral whorl, with deltas symmetrically disposed. This, this sort of talk in Trent meant the the print of the second finger, is a excitement of action, and was won-

simple loop, with a staple core and 15 counts. I know there are 15, bedering what he could be about. Mr. Cupples entered his sitting low, for looking after Mable this cause I have examined in detail. Look-!" he held one of the negamorning. I had no idea she was tives up to the light of the declingoing to feel ill after leaving the ing sun and demonstratid with a pencil point. "You can see they're the same. You see the bifurcation of that ridge. There it is in the other. You see that little scar near box; she semed quite unmoved, and really she is a woman of such extraordinary self-command, I thought could leave her to her own devices and hear out the evidence, the center. There it is in the other. which I thought it important I There are a score of ridge-characshould do. It was a very fortunate teristics on which an expert would thing she found a friend to assist swear in the witness box that the her, and she is most grateful. She marks on that bowl and the marks is quite herself again now." I have photographed on this nega-tive were made by the same hand." "And where did you photograph them? What does it all mean?" Trent, with his hands in his pockets and a slight frown on his brow, made no reply to this. "I tell you what," he said after a short pause,

asked Mr. Cupples, wide-eyed. "I was just getting to the really interesting part of the job when you left-hand shelf of the front window came in. Come: would you like to in Mrs. Manderson's bedroom. As see a little bit of high class police work? It's the very same kind of work that old Murch ought to be doing at this moment. Perhaps he is; but I hope to glory he isn't." He sprang off the table and disappeared bowl comes from Manderson's room. It is the bowl in which his false into his bedroom. Presently he came out with a large drawing board on which a number of heterogeneous

"But those cannot be Mable's finger marks." objects was ranged. "First I must introduce you to these little things," he said, setting them out on the table. "Here is a big ivory paper knife; here are two leaves cut out of a diary-my own diary; here is a bottle containing band's. dentrifice; here is a little case of

polished walnut. Some of these things have to be put back where they belong in somebody's bedroom at White Gables before night.
