\$6,000,000 Sloss-Sheffield Steel and Iron Company

Ten-Year 6% Sinking Fund Gold Notes. To be dated August 1, 1919. To mature August 1, 1929. Total to be authorized and presently issued \$6,000,000.

Interest payable February and August 1st, in New York City, without deduction of any tax or Governmental charge (except succession, inheritance and income taxes). Coupon notes in denominations of \$1,000, registered as to principal only and interchangeable. Redeemable at the option of the Company on sixty days' notice at 105 and interest on any interest date.

Notes for Sinking Fund will be retired either by purchase in the open market or, if they cannot be so purchased at 105, shall be drawn. Notes acquired by the Sinking Fund will be cancelled.

Central Union Trust Company of New York, Trustee. For information regarding these notes, reference is made to the letter of Mr. J. W. McQueen, President of the Company, which is on file with us, and which is summarized as follows:

The Notes will be direct obligations of the Sloss-Sheffield Steel and Iron Company. The properties and plant of the Company, aggregating in value over \$25,000,000, are free from mortgage or other encumbrance, with the exception of an issue of \$2,000,000 First Mortgage Six Per Cent. Bonds, which mature February 1st, 1920.

The balance of the proceeds will be used for completing the erection of the Company's by-product coke ovens, for building a central power station, for electrifying the plant and other mines, for the acquisition of additional ore properties, and for other general improvements.

The Trust Agreement under which the Notes will be issued will provide, among other things, that so long as any of the Notes are outstanding the Company will not mortgage any of its real or personal property (except the Company may give purchase money mortgages and in the regular course of its business may pledge its current assets, etc.) and that the Company will pay the sum of \$300,000 annually into a Sinking Fund to be applied to the purchase and retirement of notes at not exceeding 105 and interest, thus cancelling approximately 50% of the total issue before maturity.

ASSETS AND EARNINGS. The total net tangible assets of this Company on December 31, 1918, amounted to \$22,977,542.63, of which \$4,024,813.49 was represented by net quick assets. Notwithstanding the curtailment of the activities of the Company due to war restrictions, the profits for 1918, after making provision for estimated Federal Income Tax of \$1,000,000, were \$1,972,071.88, or about five and one-half times the amount required for the payment of interest on the proposed issue.

We offer these notes for subscription, subject to allotment, when, as and if issued and received, and subject to the approval of counsel, at 97 1/2 and interest, to yield about 6.30%. Subscription books will be opened in New York at the office of Goldman, Sachs & Co., Monday, July 21, 1919, and may be closed at any time at the discretion of the undersigned without notice.

The right is reserved to reject any subscription, in whole or in part. It is expected that temporary certificates, pending the engraving of the definitive notes, will be ready for delivery about August 4, 1919. All legal details pertaining to this issue will be passed upon by Messrs. Steinhart & Goldman, for the Bankers, and Messrs. Larkin & Perry, for the Company.
