

WHEAT DEALERS SIGN CONTRACT FOR NEW PRICE

Guarantee Producers Minimum Return for Grain Based On \$2.26 a Bushel at Chicago.

The United States Grain corporation, through its officers, has entered into contracts with practically all terminal and country elevator owners and managers, dealers and brokers in grain, as to what minimum prices shall be paid for wheat marketed within the limits of the Omaha zone.

The prices to be guaranteed are for the 1919 crop and are based on a price of \$2.26 a bushel at Chicago. The difference between the Omaha and Chicago price is the freight, or carrying charge. The maximum, \$2.26 is for No. 1 hard, the highest grade on the market. Other grades are scaled, the poorer grades ranging around \$2.10 to \$2.15. The Omaha-Chicago carrying charge is 4 cents a bushel.

The contracts provide that dealers shall not store wheat, or wheat products, for a longer period than 30 days without special permission from the grain corporation.

Contracts were sent to the elevator men, grain dealers and brokers some days ago and are now coming in in large numbers. The result of such contracts having been executed is said to assure the producers that there will be no fluctuation of the market for the 1919 crop, but that instead, now, or any time within the next few months, prices will remain the same.

In the contracts there is nothing to prevent millers, or others, who want wheat from bidding above the guaranteed price. Already on the Omaha market considerable wheat has been sold above the guarantee, but in each instance the grain was wanted by brokers who had hurry orders to fill with millers, or by millers themselves, who needed the wheat for grinding.

Local Leaders Hope Nebraska Legislature Will at Same Time Ratify Susan B. Anthony Amendment.

Mrs. Draper Smith and Mrs. H. C. Sumney, honorary president and second vice-president, respectively, of the Nebraska Woman Suffrage association, have received notice of the call to the 38th annual convention, to be held in Lincoln, July 29 and 30. This event was postponed from last fall on account of the influenza epidemic.

Omaha suffragists anticipate that during their Lincoln meeting the legislature, in special session, will ratify the Susan B. Anthony amendment to the constitution of the United States.

"And if the expected happens at Lincoln, we are going to give a dinner for the legislators," announced Mrs. Draper Smith, honorary president.

The meetings of the convention will be held in the First Christian church, Fourteenth and M streets, Lincoln. The delegates expect to attend the ratification of the suffragist amendment at the state capital in a body. A jubilee meeting and reorganization session will be features of the convention.

Miss May Gund, 234 South Twenty-seventh street, Lincoln, is chairman of the entertainment committee. Names of all delegates should be sent to her not later than July 26.

Tentative Estimate For School Tax Levy Show 10-Mill Increase

A tentative estimate for the new school district tax levy provides for 45 mills, as against a levy of 35 mills for the fiscal year ending June 30, 1919. This school district is now limited to a maximum tax levy of 50 mills.

The total tax collections and miscellaneous receipts for the last school fiscal year amounted to \$1,982,000, and the expenditures were approximately \$2,020,000. Superintendent J. H. Beveridge and members of the Board of Education believe that provision should be made in the new school budget for "working capital" to provide for times when tax collections do not meet the expenditures.

The proposed 45-mill levy, plus estimated miscellaneous receipts of more than \$200,000, would yield nearly \$2,700,000. Recent increase of teachers' salaries will absorb some of the increased levy.

The school board is discussing the matter informally and expects to arrive at a conclusion this week.
