Villa Disbands Forces.

El Paso, July 23.-Francisco Villa and General Felipe Angeles have disbanded their forces until September and announced to their troops they would go to Japan in an effort to obtain ammunition for the Villa revolutions, Americans who arrived from Chihuahua City reported. They said Villa issued an order

to his men telling them to return to their homes until fall, when he would call them together again. This report was also given out in Juarez by Gen. Ysidro Cordona. who arrived on the same train. He said this was announced in an official military bulletin in Chihuahua City by Gen. Manuel Dieguez.

Americans were inclined to doubt the report that Villa and Angeles intended going to Japan, say ing this was probably given out by Villa to explain his reason for disbanding his forces. They said Villa would probably retire to the mountains until ready to resume the campaign in the fall.

Villa partisans here denied the reports that Villa was disbanding his men, and claimed rebels under Nicolas Fernandez captured a wagon train of ammunition from the Carranza troops recently.
