# Texas Lands. BIG CROPS IN NORTHWEST TEXAS ON THE NEW LINE OF THE SANTA FE The federal railroad administration has authorized the completion of the new Shatruck branch of the Santa Fe railroad to take care of this year's big crops; wheat, cats and sorghums. This will open for immediate settlement and development a large block of my land in a wheat and stock farming section of Ochlitree and Hansford counties in northwest Texas near Oklahoma state line, where the first crop has in a number of cases paid for the land, and where cattle and logs can be raised at a low cost. Land is of a prairie character ready for the plow, no stone, stumps, no brush to be cleared, at attractive prices on easy terms. Climate healthful, rain fulls during growing meason. Write for free illustrated folder, giving experience and results settlers have secured in short time on small capital. T. C. Spearman, 250 Railway Exchange, Chicago, Ill. WANTED TO BUY OR RENT-Rio Grande Valley irrigated land; give legal description, best terms with lowest price, L. G. Larsen, McAllen, Texas.

#### Over 20,000 Swift Employes Buy Stock At Par From Company

Over 20,000 employes of Swift 8 Co. have purchased shares in that packing concern, according to a report recently issued. Stock was offered to the employes at par value last May.

The demand for stock was so great that the company set aside sufficient stock to take care of employes who are now in the army or navy and who will return within the next few months.

A new special department has been created to handle applications from employes for the purchase of stock. It is estimated in the report that over 2,500 of the stockholders are women employes.

Feature of Week's Trading ning. New York, July 28.—Further signs of expansion in many branches of trade and manufacture accompanied this week's less active and more irregular movements of the stock market.

The enlargement was most noteworthy in the steel and fron trade with its greatly increased bookings and higher prices, the extraordinary demand for such commodities as textiles and leathers and in the further enormous volume of bank clearings.

On the stock exchange oils were the most noticeable drawback, trading in those issues, excepting certain of the
