

HOTEL COMPANY ANSWERS SUIT FILED BY CITY

Defends Right to Dispose of Garbage From Restaurant as Permitted by New State Law.

An answer to the suit brought by the city to force downtown hotels and restaurants to turn garbage over

to city collectors was filed in district court yesterday by Stanley Rosewater, attorney for the Kitchen Brothers Hotel company. That the laxton hotel is in a position to utilize unconsumed food and derive a profit from its disposition without allowing it to become a nuisance is the chief argument contained in the answer. The hog yard in North Omaha, which has caused residents to protest to the city council, is cited as proof that the city did not come into court with "clean hands" in the answer, and that Henry Pollock, who has contracted with the city to dispose of all garbage has not kept his contract. The constitutionality of House Bill No. 445, passed by the last legislature, permitting businesses that accumulate garbage as a by-product

to dispose of as they see fit was defended by W. M. Giller, and C. W. Speers, counselors for other hotel and restaurant interests. Arguments were completed on both sides yesterday afternoon. **What Will the City Do With A Pontoon Bridge, Anyway?** The army motor transport train which will arrive in Omaha today will present the city of Omaha with their equipment for constructing pontoon bridges, it was announced yesterday by an officer traveling in advance of the convoy. The banks of the Missouri river were found unsuitable for the train to cross on their own bridge and they do not care to carry the equipment on their trip to the coast.

URE OPPOSED TO ZIMMAN RECALL BY "500" CROWD

Defends Only "Allied Candidate" Not Mentioned in Petition—Says Sponsors Ill Advised.

Threats by Elmer Thomas and other members of the "Committee of 500" to circulate recall petitions against City Commissioner Zimman if the recall petitions against Mayor Smith and Commissioners Ringer, Towl and Ure are filed were criticized yesterday by City Commissioner Ure, former treasurer of the "Committee of 500." "Zimman has made good in his department," said Mr. Ure. "The mere fact that recall petitions have been circulated against four of us is no reason for trying to recall Zimman. Such action would be neither Christian nor politic."

Commissioner Ringer and Mayor Smith declined to comment on the threatened recall of Commissioner Zimman. "I shall support Zimman for reelection if petitions are filed for his recall," said Mr. Ure. "He is a good official. I do not believe in trying to recall him merely because some people are trying to recall four of the other commissioners. People who try to do that are poorly advised. They have the wrong idea of city government." Mr. Ure stands high in the councils of the "Committee of 500" and the people behind this committee. While Ringer was sponsored, perhaps, more than any of the other commissioners by the church people, Ure was a close second in their favor at the election of 1918. Smith and Towl also stood high in the regard of the church element. Zimman was also one of the "allied candidates" and made the race on the same platform with these four. Ure is apparently the only one who is able to forget his own political troubles long enough to help out the only "Allied" candidate not included on the present recall petitions.

Girl Run Down by Auto
Effie Miller, 16 years old, 1511 North Twenty-third street, was struck by an automobile at Thirteenth and Farnam streets shortly after noon yesterday. The machine was driven by P. F. Clarkson, a salesman, living at the Sanford hotel. She suffered a wrenched back and body bruises.

The Bee's Fund for Free Milk and Ice

A lemonade and popcorn stand, operated on the lawn at 3904 South Twenty-fifth street for a day, netted \$2.70 to buy milk and ice for poor babies.

Five girls "got it up." A Japanese umbrella provided shade by day and Japanese lanterns gave light by night. Everybody had a good time and the \$2.70 will do a lot of good for hungry babies. The girls who earned this sum are Grace Root, Helen Root, Lois Etter, Pauline Oswald and Bess Sturrock.

Other children are using their time profitably adding good to the helps by plays and little business ventures. **YOUR MONEY DOES 100 PER CENT GOOD** when contributed to The Bee's fund. There is no "overhead expense." Every cent goes to buy either milk or ice for hungry, suffering babies of the struggling poor. Your contribution will be gladly welcomed and acknowledged. Just send or bring it to The Bee office.

Treasury acknowledged	\$395.05
Proceeds of lemonade stand at 3904 South Twenty-fifth street	2.70
E. E. McCann	1.00
D. V. ...	1.00
Frank Fuller, Clearwater, Neb.	1.00
Frank Fuller, Clearwater, Neb.	1.00
Total	\$400.75

Hungarian Red Troops Thrown Back in a Rout

Vienna, July 28.—(By the Associated Press.)—The Hungarian soviet troops have been thrown back in disorder across the Theiss river by the Rumanians at Szolnok and other points, according to reports received here today.

Exonerate Man Held for Death of Friend in Wrestling Match

The coroner's jury investigating the death of Charles Plumer, 30 years old, yesterday found that he had been accidentally killed while wrestling and exonerated Robert D. Perkins with whom he was scuffling. The inquest was held in the Crosby undertaking parlors.

Evidence at the inquest showed that Plumer and Perkins were engaged in a friendly scuffle at the home of Plumer's sister, Mrs. James K. Saunders, 2022 Ohio street. Witnesses testified that Plumer was thrown head-first through a glass china cabinet and his jugular vein severed. The accident occurred Sunday night and Plumer died early yesterday morning at the Swedish Mission hospital from loss of blood.

He was attached to the 341st machine gun battalion and received a shrapnel wound at Chateau Thierry. He was later gassed in the Argonne fighting and spent six months in a hospital. He was discharged from the army three weeks ago.

Break Sales Record

July sales of motor trucks, according to O. A. Wilson of Andrew Murphy & Son, are far ahead of any previous July record since their entry into the truck business. About two-thirds of their orders for the month of July are still unfilled owing to the inability of the factory to produce sufficient number of trucks. Service facilities and parts stocks have recently been increased considerably to take care of the 1,500 Republic trucks now in service throughout this territory.

15,000 Miles on the Teeth of Montana Roads

Since July, 1916, Goodrich De Luxe Truck Tires on the wheels of a 5-ton truck operated by The Texas Company, handling petroleum and its products, with a 750-gallon tank astride its chassis, has been crunching over rock-strewn paths daily.

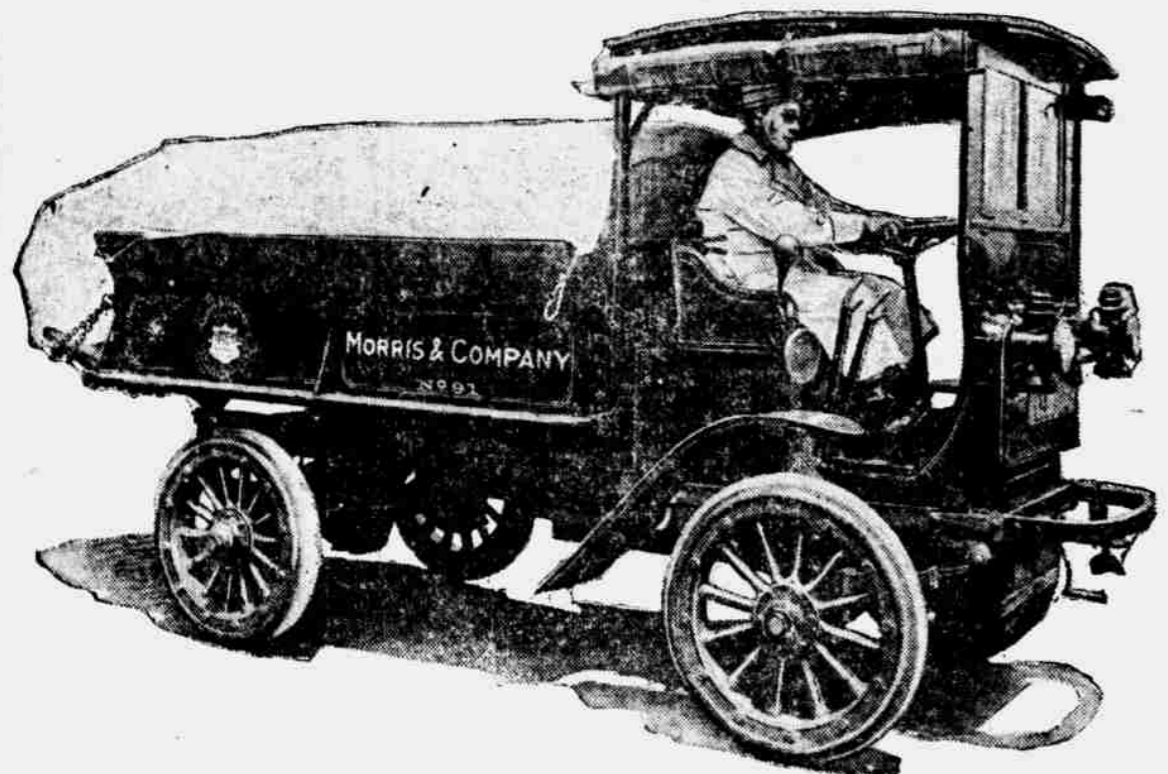

Yet only the other day De Luxe veterans on the rear wheels gave way to De Luxe successors, having delivered over 15,000 miles of service in three years.

Such heroic and commendable service from De Luxe Tires is due to the extra-deep, extra-thick treads, treads so resilient and tough as to defy penetration by rocks.

Put this extra rubber under your trucks—for safety and economy's sake. **Just once. Once is sufficient to convince.**
