ADVOCATES OF 3-DAY SESSION WIN CONTEST

Woman Suffrage Amendment to Take Regular Course in Legislature; Two Bills Introduced.
(By Staff Correspondent.)
Lincoln, July 29.—(Special.)—After nearly an all-day fight opponents of the one-day plan of ratification of the suffrage amendment by the special session won their contest and late in the afternoon after the two judiciary committees had used most of the afternoon going over the matter S. F. No. 1 was introduced into the senate in the nature of a bill or joint resolution which insures that it will be read in each house on three separate days as the constitution provides.
Two bills were introduced in the house. House Rule No. 1 provides for the payment of the members and their expenses and also the employees, appropriating \$10,400, and House Rule No. 2 appropriates \$1,000 for the incidental expenses of the legislature such as postage, printing and the like.
Barrows in Chair.
The joint session of the legislature convened at 2:30 p. m. in Representative hall with Lieut. Gov. P. A. Barrows presiding.
A joint committee consisting of Senators Saunders and Cronin and Representatives Jennison, Snow and Rost, was appointed to notify Governor McKelvie that the joint session was ready to hear his message.
A large crowd, mostly women interested in the ratification of the suffrage amendment, filled the house and gallery.
While waiting for the executive to arrive the lieutenant governor talked for a few moments regarding the important work of the session, and assuring the women that no ratification would be made without any question as to its loyalty.
Crozier Asks Probe.
The house put on an oratorical stunt at a motion of Crozier of Polk, calling for action for the investigation of profiteering and asking the governor to give his views on the subject. The resolution called for an appropriation of \$25,000 and the chair on a point of order raised by Jennison of Clay that it would not be considered because not in the governor's call, ruled that the matter could be discussed as the resolution really only called for an expression from Governor McKelvie in a message to the legislature.
After a warm discussion a motion to lay on the table was lost 22 to 57. The resolution was defeated, 38 to 40.
Governor Allen of Kansas, who will be in the city Thursday, on motion of Steele of McPherson, was invited to address the legislature on that date.
Governor Lowden of Illinois, scheduled to speak at the joint session at 2:30 today, did not come on account of the race riots at Chicago.
In the senate the call message of the governor was read by Clyde Barnard, secretary of state. Present officers of the senate were re-elected with the exception of sergeant at arms and assistant sergeant at arms. Clifford Kennedy of Lincoln and W. J. Vail of Lincoln were elected to these positions.
House Officers Re-Elected.
All house officers were re-elected. During the session of the senate Jerry Wilhelm of Lincoln was elected to the position of postmaster, the old incumbent having died. There were but three absentees in this section of the legislature, the missing being Hogan of North Platte, Sturm of Nehawka and W. J. Taylor of Custer county.
Nine absentees were reported in the house, these being: Briggs,

NEBRASKAN TELLS COMMITTEE OF POTASH INDUSTRY

W. E. Sharp of Lincoln Reviews Growth of the Enterprise.
Washington, July 29.—(Special dispatch.)—W. E. Sharp of Lincoln, one of the largest producers of potash in Nebraska, and that means in the country, was accorded a hearing Monday morning by the Ways and Means committee. Mr. Sharp reviewed the growth of the potash industry in the state and told how he became interested in the manufacture of potassium salts. His practical knowledge of the subject greatly interested the committee, especially when he told the members what the Nebraska producers were facing if not given relief.
Incidentally, Mr. Sharp said that a two years' licensing of the foreign product would enable the domestic producers to get on their feet and in that time be in a position to compete with the output of foreign mines. He emphatically stated in answer to a question that the packers were not interested whatsoever in the Nebraska field whatever interest they might have in other parts of the country.
Judge Kinkaid, who was instrumental in having Mr. Sharp accorded a hearing, said he had hopes that a bill licensing both dye stuff and potash would be reported from the Ways and Means committee previous to the recess, on Saturday next.

FOREST FIRES ARE BECOMING MORE SERIOUS

Reinforcements Sent to Fight Flames Spreading in Idaho and Montana Reserves.
Spokane, Wash., July 29.—Increasingly threatening forest fire conditions in the Lolo National forest on the Montana state line in the Coeur d'Alene country and in the Selway and Nez Perce National forest in northern Idaho, were reported to the United States District Forest service Tuesday. So dangerous did the situation appear there that a separate firefighting organization has been formed.
Little effort can be made at present to extinguish the flames in the Selway forest it was stated and considerable damage may be caused before the fire's progress is halted. Meanwhile reinforcements are being sent to the forest.
The towns of St. Regis, Mont., was still in danger and backfiring has been started as a precaution against possible high winds. The Kootenai, Idaho, forest has a 10,000 acre fire on Big Creek and 130 men are fighting it. The Hughes creek fire was declared to be the worst blaze in the Bitter Root forest.
A number of new fires were burning in the vicinity of Newport, Wash., and near Sand Point, Idaho, new fires were reported on Canyon creek, Tumble creek, Fall creek and Burton creek, the latter 12 miles from Bonners Ferry, Idaho.
The Montana legislature in special session passed a joint resolution asking federal aid in fighting forest fires.

The Bee's Fund for Free Milk and Ice

THREE CHEERS FOR LA PLATTE!
Now, then, poor babies, all together, three cheers for the "Ladies of La Platte."
La Platte is a town about 15 miles south of Omaha. It hasn't many inhabitants, but the ladies there are certainly winners.
They gave an entertainment and raised \$38.10 for The Bee's Fund for Free Milk and Ice.
That will buy many a quart of good milk for the suffering little babies.
We'll never forget La Platte and its generous kind-hearted ladies. Every penny goes to buy milk or ice for helpless infants in deserving poor families. This fund is the only thing that stands between these little heat-sufferers and sickness or worse.
The intense heat combined with the high price of milk makes the demand on the fund this summer very heavy.
If you CAN contribute, PLEASE do so as soon as possible for the sake of the suffering little helpless ones.
Just bring or send your contribution to The Bee office and it will be acknowledged in this column.
Treasurer acknowledged: \$62.85
Ladies of La Platte, Neb.: \$8.10
"Ever": \$5.00
J. W. Lovgren: \$5.00
J. A. Lovgren: \$1.00
Total: \$81.75

BUSINESS MEN ORGANIZE TO FIGHT TREATY

Will Circulate Petition Against League as it Now Stands; to Call Meeting Soon.
Plans were inaugurated yesterday at a meeting of 20 business men at the Chamber of Commerce to form an organization to oppose the unconditional acceptance of the peace treaty as it now stands.
E. A. Benson was selected temporary chairman and Thomas Lynch secretary. A statement to be circulated, prepared by D. M. Vinsolhaler, was adopted, as follows:
We, the undersigned, in the interest of the welfare of the United States and of the peace of the world and any international arrangement that would tend to promote it, are opposed to the ratification by the United States senate of the covenant of the League of Nations as a part of the treaty of peace unless said covenant be so revised as to safeguard the sovereignty and welfare of the United States.
Those interested will meet again Friday. A committee has been selected to prepare a call for a meeting to form a branch here of the League for the Defense of American Independence.

Woman Says Grocer Attempted to Mix Love With Business

Joseph Tuchman, Omaha grocer, mixed free love with his groceries, Mrs. R. D. Buck, 24 years old, declared in police court yesterday. She charges him with disorderly conduct.
Mrs. Buck, blonde, lives at 2540 Capitol avenue. Tuchman is a grocer at Twenty-fifth and Chicago streets.
Friday morning Tuchman relieved the delivery boy, Mrs. Buck says, and brought the groceries himself. She says he came into her room and attempted to embrace her.
She says she screamed and Tuchman left.
Tuchman says the case is blackmail. He told Judge Fitzgerald Mr. Buck called him on the telephone Saturday.
Judge Fitzgerald took the case under advisement.
Tuchman be so revised as to safeguard the sovereignty and welfare of the United States.
Those interested will meet again Friday. A committee has been selected to prepare a call for a meeting to form a branch here of the League for the Defense of American Independence.

Revolver Which Was Used as 'Persuader' Introduced In Court

James Silk, proprietor of a drug store at Twenty-fourth and Hamilton streets, appeared in police court yesterday in defense of "Baltimore" Chivers, negro, arrested for carrying concealed weapons.
The revolver in question Silk said was of historic interest as it was the persuader used by him in inviting state agents from his home a few months ago when they attempted to search for intoxicating liquor. They are said to have departed on a run after Silk pointed the gun in their direction and advised them to leave before he started shooting.
The gun is of 45 caliber with a barrel measuring 10 inches. Silk testified that he sent "Baltimore" to his home to bring the gun to the drug store and he was arrested on his way back.
During the testimony City Prosecutor Murray asked Silk, "Did you send him after the alcohol found in his pocket?"
"You can't bluff me," Silk replied after Murray insisted on an answer to his question.
The two men, prosecutor and witness, then engaged in a heated argument consisting principally of repeating the statement, "You can't bluff me," until a halt was called by the court.
"Baltimore" was fined \$25 and costs and the gun returned to Silk.

Hot Tea and Frozen Cream Very Constipating
THERE is little inclination for solid food on a hot day. Cold drinks and ices, salads and pastry form much of the diet, especially among women. This lack of wholesome variety, however, interferes with proper digestion.
The result is biliousness, listlessness, dizzy spells. The cause is constipation. The stomach could not digest nor the bowels pass off the day's strange mixture of food and drink.
A simple way of overcoming the trouble is that if you have not already got Dr. Caldwell's Syrup Pepsin in the house, go to a drug store and buy a 50c or \$1 bottle. Take a teaspoonful tonight before you go to bed. It will act in the morning, and immediately thereafter your head will be clear and that feeling of oppression will be gone.
Syrup Pepsin is a combination of simple laxative herbs with pepsin. It acts on the stomach-muscles training them to do their work naturally so that medicine can be dispensed with. It is the most widely used laxative compound in the world. That means merit.
A free sample bottle can be had by sending your address to Dr. W. B. Caldwell, 480 Washington St., Monticello, Ill.

The Perfect Laxative

Wants Extra Session to Take Some Action Against Profiteers

Lincoln, July 29.—In a statement given to the press for publication former Mayor Charles W. Bryan urges the governor to supplement his call for the special session of the legislature by requesting the legislature to take action that will protect the people from the profiteer.
In his statement Mr. Bryan suggests specific legislation on the subject of profiteering, and also requests the governor to ask the legislature to repeal the primary amendment bill which was passed by the last legislature.
Mr. Bryan also claims that the governor's code bill, which is tied up in the courts on a referendum petition, contains no provisions that would protect the people from the constant marking up of prices, which he claims is responsible for the growing unrest among the people.

M. F. Shafer Resigns As President of the American State Bank

At a directors' meeting of the American State bank, held Monday night, M. F. Shafer, who had been president of the institution since its organization in 1916, resigned, and L. M. Swindler, cashier was elected to fill the vacancy. Mr. Shafer, however, will continue with the bank and will have charge of the construction of the proposed 20-story bank building of the American State, to be erected at Nineteenth and Farnam streets, on the corner lots now occupied by the Sanford hotel. He was also elected chairman of the board.
Mr. Swindler, like Mr. Shafer has been with the bank since its organization and during all this time has been cashier.
To fill the vacancy caused by the promotion of Mr. Swindler, Roy E. Karls, assistant cashier was elected cashier, with Dana C. Geiselman, formerly in the banking business in Grand Island and Stanton, Neb., as assistant.
D. W. Geiselman, with the Stanton National bank, Stanton, was elected active vice-president and will at once assume the duties of his position with the American.

Canadian Northwest Is Suffering From Drouth

"If you think it is dry in this locality, you ought to go through the Canadian provinces and observe conditions there," said R. J. Johnston of the vice-president's office of the Union Pacific. Mr. Johnston returned from a trip that took him through Alberta and Calgary. Speaking of conditions in the British northwest, he said:
"Through Alberta no rain has fallen since last fall. Crops are a total failure and even the grass is dead. There was not enough moisture in the ground so that the grass started last spring. People are leaving the country by hundreds and for those who remain behind, there will be little to do and nothing to live on until another harvest is available. Many of the streams are dry and the general condition is alarming."

An Appeal to Reason
Everyone knows that goods are constantly advancing in price.
It will be only a short time until leather goods will be almost impossible to get.
We advise everyone who needs a bag, suit case or trunk to buy now while the stock is at hand and old prices prevail.

North Platte Girl Auto Thief Sentenced to Geneva

North Platte, Neb., July 28.—(Special Telegram.)—Thelma Anderson, 15-year-old daughter of Mrs. Lester Anderson, will be taken to the industrial home at Geneva. She was arrested for stealing two automobiles in one evening for joy riding. She was also charged with writing bogus checks on several people and was found guilty in the county court.

High Cost of Barber Work Hits Dodge County Seat

Fremont, Neb., July 29.—(Special.)—Barbers have announced that they will charge 25 cents for a shave and 50 cents for a haircut. It is said that the cost of the hair is the last town of its size in the state to boost its barber prices to that figure.
Heat Damages Corn.
Wahoo, July 29.—(Special.)—Twenty per cent of the Saunders county corn has been ruined by the excessive heat according to R. H. Watson, agricultural agent. Unless rain comes soon the corn will be almost a total loss.

Mysterious Former Guest Of Hotel Mentioned In Trial

A mysterious former guest of the Hotel Fontenelle, who left that hotel last Friday morning, according to testimony in police court, with a suitcase full of bonded whiskey, was frequently mentioned in a trial before Judge Fitzgerald yesterday.
Mrs. Ella Kelly, 5819 North Twenty-eighth avenue, was fined for possession of the liquor.
She said the missing Fontenelle guest came to her home Saturday morning with Marc Toland, a salesman, to bid her good-bye before leaving the city. They were old friends. He left the whiskey there. The morals squad, under Sergeant Cunningham, found it just a few minutes after its arrival.
E. L. Ryan, a taxi driver, testified he brought the two men from the Fontenelle to Mrs. Kelly's home. Ryan was arrested when the whiskey was seized. He was charged with being drunk and paid a fine of \$22.50 imposed by Judge Fitzgerald.

The charge for a Long Distance Telephone call depends on the class of service used. A page in your Telephone Directory explains the various classes of Long Distance service and the rate charged for each.
