

DELAY STRIKE MOVE UNTIL CAR HEAD RETURNS

Employees Overwhelmingly In Favor of Walkout Is Report After Vote Is Taken.

Officials of the street railway men's union delayed strike action yesterday when they were informed that President Hamilton of the Omaha and Council Bluffs Street Railway Co. had left Los Angeles, Cal., and would arrive in this city Sunday to discuss the demands of the men with union representatives.

The vote on the matter of immediate action to enforce demands submitted to the company about 10 days ago was overwhelmingly in favor of immediate suspension of work. Allen H. Burt, member of the national executive board of railway employees, who is in this city declared yesterday. The decision of the men was announced to the company at 10 yesterday morning by a committee consisting of Ben Short, president of the Omaha local; C. H. Faulker, financial secretary; J. F. McMillan, recording secretary, and G. F. Whitlow, Assistant General Manager Leusser represented the company at the conference.

Voting on the question of immediate action by the street car men was conducted Thursday night after a continuous session at the Labor temple, beginning Wednesday morning.

Discussing the demands of the men, which include restoration of seniority rights lost in the strike of 1909, increased wages up to 65 and 70 cents an hour and improved working conditions. Mr. Burt stated that but little difficulty would result from the "closed shop" clause included in the demands.

Mr. Leusser stated that the company was moving as rapidly as possible to avert the threatened action by their men. President Hamilton's hurried departure from Los Angeles was cited as proof of the company's willingness to do all in its power to avoid a strike.

Omaha Will Become New Navy District Headquarters Soon

The navy will establish permanent western central recruiting headquarters in Omaha according to a dispatch from Washington, received Friday by Ensign C. N. Mass, chief recruiting officer here.

Capt. Wilber Smith, U. S. N., formerly commanding officer of the U. S. S. Hancock, attached to the American overseas patrol fleet during the war, has been ordered here from the Atlantic coast district to assume command. He is expected soon.

"The announcement that the western office will be established here," Ensign Mass said, "is a feather in Omaha's cap. Captain Smith will be ranking military officer here.

"Since the creation of the Great Lakes naval training depot at Chicago in 1917, and the subsequent success of the venture, the Navy department has come to regard the middle-western states as excellent hunting grounds for recruits."

Recently the Omaha office was complimented by headquarters at Washington for its splendid showing in obtaining recruits, having led such cities as Cleveland, Detroit, Cincinnati, St. Louis, San Francisco and Los Angeles, in results obtained.

The new district commander will establish offices in a downtown business building, as is the custom in larger cities. The Omaha district controls enlistments in Iowa, South and North Dakota, Kansas and Nebraska.

Mayor Wants Law to Impound Autos of All Speed-Limit Violators

An ordinance providing that the automobiles of persons convicted of speeding shall be impounded from 10 to 90 days may become part of the city laws of Omaha soon. Mayor Smith is the originator of the idea and today gave him a legal opinion on the validity of such a law.

"Something must be done to curb speeding and the use of glaring headlights in the city," said the mayor. "Fines don't seem to answer the purpose, but if we convict a man of speeding and then impound his car for a month or two, I think the punishment will be such that he will feel it every day and the members of his family will call it to his attention every day. When he gets his car back and pays the storage on it for the time it was impounded, he will be mighty careful to obey the automobile regulations."

If the city attorney says such an ordinance would be legal, Mayor Smith will prepare and introduce it next week.

Omaha Rotarians to Be Guests of Bluffs' Club at Big Outing

Members of the Omaha Rotary club will be the guests of Council Bluffs Rotarians at a big "hard times" outing and beefsteak dinner on the Shugart farm, four and one-half miles from Council Bluffs on the White Pole road Monday afternoon and evening.

The joint meeting is in accordance with a request of the international president that Rotarians devote the month of August to becoming better acquainted with neighboring clubs. The Omaha members will leave in two automobile parties at 2:30 and 5:30 p. m.

A base ball game and a program of athletic sports between the two cities will be held in the afternoon, together with several special events which are carefully being concealed by the entertainment committee of the Bluffs organization.
