

WOMAN'S SECTION OF THE BEE

Habit is the old man's delight.

Even our good emotions are bad guides.

Society

HOW little did we dream what a great majority of our companions in this humble sphere really have a longing to scintillate in the stardom of the movies. Under many a suit of "marked down" blue serge there beats a heart with the aspirations of an artist and now the great moment has come! Lem Kennedy, a truly movie director, has arrived to stage a film under the auspices of the Chamber of Commerce. The clarion call for actors was sounded several days ago and already a long list have applied for parts in "East Meets West." Many a pretty girl will now have a chance to emulate the beauties in the bathing suits who flicker on the screen for some of the scenes will be taken at the new pool at Krug's park.

Then there is to be a fashionable horse show, where many "extras" will be needed, the first pictures to be taken Saturday. The list is already growing and the Omahans who have applied for parts include:

- Mrs. Henderson
- Mrs. Marie Grauer
- Peggy Rollins
- Thomas Lawrence

One More Woman Gets 'Man's Job' Because of Efficiency.

Believing that a woman is more efficient, and by her sympathy is capable of getting more out of his players, John William Kellett, director of the Paramount-Briggs comedies, has engaged Miss Gene Warren as his assistant director. Miss Warren is now at work with the Briggs company in their enlarged quarters in the Ideal Studio, Hudson Heights, N. J.

There are only a few women directors in the profession, and of women assistant directors there are even fewer—a fact which probably is due from the vast amount of detail which an assistant director has to attend to. But it is for this very reason, Mr. Kellett says, that he engaged Miss Warren, because he has found from experience that women are more adapted to caring for details and are more efficient than men in studio work.

"Of all my experiences," she said this week, "I think that this work is the pleasantest. Everybody seems to feel that the company is just one big family, and all the friction and unpleasantness which creeps into motion picture production is avoided in a fine spirit of co-operation and fellowship."

Bridal Dinner.
Mr. and Mrs. P. F. Peterson entertained at dinner at the Athletic club Friday evening, in honor of Miss Alice Coad, and their son, Lt. Milton Peterson. The affair was

very informal and covers were laid for 10 guests. Following the dinner a wedding rehearsal was held at the Coad home, where the marriage ceremony will be performed Saturday evening.

Wedding Cards.
Cards have been issued for the wedding of Miss Loretta Meany, daughter of Mr. and Mrs. James Meany, and Mr. Charles G. Gould of Newton, La. The ceremony will take place, Wednesday morning, August 6, at St. Bridget's church.

The White of an Egg
When making fruit pies brush the lower crust with unbeaten white of egg to prevent the juice from soaking through.
To clean kid gloves and shoes use three parts of white of egg and one part ink. Mix it well and dampen a sponge with the mixture and rub over the article needing cleaning.
When preparing a mustard plaster use the white of an egg instead of water and the plaster will not blister.

Mrs. John McDonald has gone to Green Bay, Wis., to meet her daughter, Miss Elizabeth McDonald, who has been attending a girl's camp there. They will take a lake trip before returning home.

Mrs. Mary Van Gieson will return September 1 from Christmas Lake, Minnesota.

Mrs. Bryant Rogers will spend the winter at La Jolla, Cal., leaving October 1.

Memorial Trees Are Now Planted from Coast to Coast.

Washington, July 28.—Memorial trees are being planted from coast to coast. The national honor roll of memorial tree planting is announced in part by the American Forestry association. The tabulation shows tree planting is being done by churches, colleges, individuals and organizations of various kinds. In the fall the association announces more trees will be planted than ever before. The towns where trees have been registered with the association follow:

- San Francisco, Cal.; Godfrey, Sterling and Whitehall, Ill.; Collamer and Huntington, Ind.; Showhagan, Me.; New Bedford and Waltham, Mass.; Detroit, where the Rotary club planted trees, and Tip-ton, Mich.; Gorham, N. H.; Camden, Belleville, Elizabeth, Hackensack, Trenton and Harrison, N. J.; Brooklyn, Cohoes, Delhi and Reading Center, N. Y.; Ashtabula, Canton, Cincinnati, Goshen, Fremont and Marion, O.; Berwyn, Boalsburg, Huntington, Middleburg and St. Davids, Pa.; Brownsville and Nashville, Tenn.; Cherrydale, Va., and Appleton, Wis.

Additions to this honor roll will be announced every month and the association, which will be glad to give free tree planting advice, asks that all memorial tree planting be reported so it may keep its roll complete.

Making Nurses New Frocks

Along with guns and shrapnel, soldiers and nurses, auto trucks and food, the sewing machine went to France to do its part in winning the war.
It has run merrily over hospital garments, rips in "O. D." shirts and khaki blouses.
And now it is making summer frocks for the hundreds of nurses who must stay in France a few months longer as the health guards of troops still there. One of the busiest little machines in France is the one in the picture, which has stood for many long war months, and now through the armistice and peace days, in one corner of the Y. W. C. A.'s nurses' club at Angers, called affectionately the "little red hut."
This nurse has come in from duty in the neighboring hospital, thrown back her red lined cape and gone to work on the finishing up of a dainty summer gown which she hopes to wear in August in her home town back in the states.

Constipation Results When Hot Weather Stops Exercise

WHEN the system has become accustomed to a certain daily routine of exercise and food, health is quick to suffer if that routine is interfered with. The bowels are first to notice the change.
Different water is enough to constipate. Changes of food when traveling, much sitting by those accustomed to long walks will do it. It is especially true that when elderly people change their routine they quickly become constipated. Yet elderly people should be particularly careful to keep their bowels open, especially during the hot months.
A better remedy for the purpose cannot be found on a druggist's shelf than Dr. Caldwell's Syrup Pepsin. It is a combination of simple laxative herbs with pepsin which trains the stomach-muscles to do their work naturally so that medicines can be dispensed with. Only a small dose is needed, and unlike harsh physics and cathartics, it acts gently and without griping.
A bottle of Syrup Pepsin can be bought at any drug store for 50c and \$1, the latter the family size, or a free trial bottle will be sent on receipt of your address to Dr. W. B. Caldwell, 480 Washington St., Monticello, Ill.
