ranged with Mr. Vogel for the rent of the garage for a few days.  
No Explanation of Hate.  
When Chief Eberstein announced Friday that Cain had been suspended he implied that the charges against the officer would be heard in the regular way before the city council. The police chief made no explanation as to why the case was disposed of in such a manner.  
"I do not know whether the police had prompted Mrs. Cain to call me," said Mrs. Vogel. "I will say, however, the telephone call came a short while after the chief of police left my house."  
While Chief Eberstein was at her house he seemed to forget that Cain had been suspended. "Call the station and tell Cain to come out here at once," the chief instructed Detective Cunningham, who accompanied him.  
"Cain has been suspended, don't you remember?" Cunningham is alleged to have prompted.  
"That's right," Chief Eberstein remembered.  
Eberstein left the house with Cunningham and the latter returned again with Cain, who was wearing his badge, star and revolver despite his "suspension."

# TEN-STORY FILM BUILDING TO BE BUILT IN OMAHA

### Announcement Also Made by H. M. Christie of New Apartment House to Cost Over \$200,000.

Two important building projects, for which negotiations have all been completed, were announced Saturday night by Harry M. Christie, realtor.  
One is a new 10-story film building to be erected at the northeast corner of Tenth and Harney streets. The other a 6-story apartment house to go up at Thirty-fifth street and Dewey avenue.

The film building will cost more than \$250,000, and the apartment house, over \$200,000.  
The film building, according to Mr. Christie, will house all the film companies in Omaha, and will increase Omaha's importance as a distributing center for motion pictures. The building will be 60x132 feet, and will be on ground owned by George Warren Smith, millionaire of Watterton Park, Me.  
Mr. Smith will finance the building and will retain ownership of the ground.  
In the negotiations, Mr. Christie represented all parties, owner and lessee.  
The film building will have stores on the ground floor for film accessories, and upper floors will contain film offices, display rooms and vaults.  
William Duke Harrison of New York, architect for the Lasky pic-

ture corporation, has been retained as architect for the film building in Omaha.  
The apartment house building to be erected by Mr. Christie is on ground he recently purchased. It will be a strictly modern building, and will be rented furnished.
