

NEGRO HELD HERE IS HALF BROTHER OF RIOT VICTIM

Man In Jail Weeps When He Hears of Death of Kin In Race Trouble.

Walter Benson, Chicago negro, arrested by police and held at the county jail for investigation, received a letter from his sister in Chicago yesterday telling him of the death of his half-brother, Eugene Williams, who was drowned at a Chicago beach after being stoned by a white man.

The county jail for two weeks, said he had heard nothing of the riots. He wept when he read the news of his half-brother's death. The letter is dated July 31. It reads in part as follows: "I must tell you that Eugene is dead. He got killed in the lake last Sunday by a bunch of whites throwing stones at him while he was in bathing. That started all this trouble we are having. Everything is very sorrowful here now. I am sending you \$1. It is the best I can do. Get a job and make a man of yourself." It is signed by Luella Benson, 3921 Prairie avenue. Walter explained that the beach where his brother was bathing was divided by a rope, one side for whites and the other for blacks. Eugene probably got on the wrong side of the rope, he said. "He was always a good boy, though, and went to church and Sunday school. I came to Omaha in June and knew nothing of the trouble till I got this letter." Opportunity knocks at your door every time you read The Bee Want Ads.

COUNTY UNABLE TO GIVE RELIEF FROM H. C. OF L.

County Attorney Says State Laws Will Not Stop Profiteering—Evidence Hard to Obtain.

Relief from the high cost of living will come through action by the federal authorities and not state authorities, is the belief of County Attorney Shotwell. "I am anxious to give the public relief," said Mr. Shotwell, "but it is impossible to proceed without evidence. After investigating I find that the state law makes no provision for the prosecution of the individual charging an exorbitant price. It does provide for the prosecution of parties who have conspired or entered into an agreement to maintain fixed prices. This office will welcome any information that establishes an illegal combination to fix prices and will prosecute such a combination to the fullest extent of the state law. I invite anyone who has information to come to this office. I have no power to call a grand jury, but I am sure if facts necessary for the conviction of profiteers were presented to the district judges they would call a jury at once. The only case that I can remember where anyone was prosecuted, under the state law, making a combination to fix prices illegal, was in 1906 when 75 coal dealers were indicted. One man was convicted, but the supreme court reversed the decision. The difficulty in prosecuting under this law is that it is almost impossible to get evidence. Unlawful combinations are formed and maintained with utmost secrecy. The high cost of living is caused by these combinations here and throughout the country." Assistant United States District Attorney Petersen said yesterday that he had no information regarding the calling of a federal grand jury. A. F. Allen, United States district attorney, is out of the city.

NEBRASKA-IOWA NEWSPAPER MEN SEE SHOW AT DEN

High Temperature Fails to Dampen Enthusiasm of Actors—Shadow-Wrestle Big Hit. Nebraska and Iowa editors were guests of honor at the Ak-Sar-Ben den last night and a large delegation from Walthill, Neb., also added to the crowd. It was the hottest night of the season. But, though the actors and audience perspired copiously, their pep was close to the 100 mark. The great show was changed somewhat to suit the occasion. In the second act which is laid in the realm of Satan, a boy came rushing in with an armful of papers and shouting, "Extra." Many jokes were "pulled" at the expense of the visiting journalists. Charlie Gardner assisted Henry Dunn in the second act. A. D. Scott's quartet from Lincoln, which is part of the editors' traveling aggregation of wonders, drew much applause in a special number of vocalization. Shadow Wrestling Act. John Blake, a South Side man, made one of the biggest hits of the season at the den vaudeville when he put on a shadow wrestling act. Continuous laughter and applause followed him as he secured hammer locks, toe holds, etc., upon himself in rapid succession and finally, after a terrific struggle with himself, threw himself and pinned his own shoulders to the mat and got a decision over himself. Announcement was made of a large number of new subscriptions to Ak-Sar-Ben field stock, ranging from \$1,000 to \$10,000 each. The membership list reached 3,761. The last meeting of the hustling committee will be held today at the Hotel Castle. An effort to get 4,000 on the roll for the year will be made.

On a charge of illegal transportation of liquor, he was sentenced to 30 days in the county jail. The liquor was confiscated. Ben Borlen, living at Forty-fourth and X streets, said to be a companion of O'Keefe, was sentenced to 30 days in the county jail on a charge of illegal transportation of intoxicating liquor. BELLAN'S

FOR INDIGESTION

Don't Spoil Your Hair By Washing It

When you wash your hair, be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Mulsified coconut oil shampoo, for this is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.—Adv.
