BISHOP STUNTZ TELLS OF UNREST IN FAR EAST

Young Men Back From Colleges Urge Their People to Adopt New and Higher Plane of Living.

Lincoln, Aug. 8.—Bishop Homer C. Stuntz, at the Epworth assembly yesterday afternoon, spoke on "The Orient and Its Problems." The unrest in the Orient, according to the bishop, is caused by the fact that students of those countries have learned the higher points of civilization in the schools and colleges of England and the United States, and returned to their homes telling of the conditions and urging their people to set themselves upon a higher plane of living.

"These people of the Orient have lain dormant for centuries," said the bishop, "and now they are awakening and will soon become the greatest market for our produce. They contain half of the world's population and are practically without any large industry of their own. To them we are already sending a large share of our supplies, from typewriter ribbons and automobiles to imitation tea."

Will Contend for Trade.
"Within the next 200 or 300 years the great nations of the world will be contending for the trade of these countries of the far east. And these countries will soon awaken to the fact that they are an important factor in the world, and take a hand in international diplomacy, industry and war. I want to see the league of nations adopted with the peace treaty. It can be amended later."

"The spirit of unrest that exists in the Orient," he continued, "is not a cause for us to feel alarmed. It is a sign that the nations are beginning to think, and when even a nation or an individual begins to think, that shows they are studying conditions, and it will eventually do more good than harm. They are becoming dissatisfied with their governments, the sanitation of their cities, their illiteracy and want to improve their conditions. They have started to awaken since their young men have returned from our colleges."

Knowledge of World.
"The advent of the missionary, the steamboat, the telephone and the telegraph and cable lines have aroused them into a knowledge of what the rest of the world is doing. The spirit of unrest in fermenting and in a few decades will burst forth and revolutionize their lives."

Bishop Stuntz was in Japan when the armistice was signed and said that there was not a more disappointed people than the military power in Japan evidenced when the word came of the closing of the war. This applied to the old party in power. The new party, which represents the younger generation, which have been educated and which the bishop believes will soon control things in Japan, but which is now in the minority and which he believes will control things in less than a year, will do the right thing by the rest of the world.

South Africa has more than 32,000,000 sheep, producing annually more than 170,000,000 pounds of wool.

Fremont Welcomes Soldier Boys Back From Camp and Field

Fremont, Neb., Aug. 8.—(Special.)—Capt. C. E. Adams, Omaha, commander-in-chief, G. A. R., will be the speaker at the homecoming for returned soldiers, sailors and marines in Fremont, August 15. Preceding the speaking there will be a band concert. A base ball game between Fremont and Scribner will follow the program at the city park. In the evening there will be dancing in the park. Exhibition airplane flights will be made during the afternoon by Lieut. E. J. Robins. All Dodge county boys who served during the war will be guests of Fremont during the day. Saturday, Pilot Robins will make a trip over the county dropping literature advertising the homecoming.

Mrs. Lulu Andrews to Work for Republican Committee

Lincoln, Neb., Aug. 8.—Mrs. Lulu Andrews, formerly connected with the State Board of Health before its reorganization under the new law two years ago, but who has more recently been at work in one of the departments in Washington, has been appointed assistant secretary of the republican state committee, to look after the work of organization of the women voters of the state.

Mrs. Andrews is a sister-in-law of Congressman W. E. Andrews of Hastings.

Kansas Man Named as York County Engineer

York, Neb., Aug. 8.—(Special.)—The county board has employed Glen L. Vayle, Phillipsburg, Kan., as county engineer at a salary of \$3,000 a year. He will commence work September 1.

Limit Put on Manufacture of Brooms at Penitentiary

Lincoln, Aug. 8.—No more brooms will be made at the state penitentiary, except sufficient to supply state institutions, according to an action taken by the Board of Control following a conference with broom manufacturers of the state with the board a week ago, the former protesting against convict-made brooms coming in conflict with their products.

Morning Fire Destroys Store.

Superior, Neb., Aug. 8.—(Special Telegram.)—Fire early Friday destroyed the largest general store in Bostwick, seven miles west of here. Regalia and lodge equipment of the Woodmen and Odd Fellows, who had halls above the store, was burned. The drug store of Dr. Pinkerton and the bank adjoining were damaged.

Charters for National Banks.

Washington, Aug. 8.—(Special Telegram.)—Application for charters for national banks have been filed with the Treasury department as follows:
First National bank, Garden City, S. D.; capital, \$25,000.
National Bank of Commerce, Casper, Wyo.; capital, \$125,000.

PUBLIC INVITED TO REPORT CASES OF PROFITEERING

Secretary Stuhr Sends out to All Dealers in State Instructions Relative to Weights and Measures.

Lincoln, Neb., Aug. 8.—Any individual who has knowledge of profiteering and can produce the evidence of such acts, can bring the attention of the matter to Secretary of Agriculture Leo Stuhr at the state house and an investigation will be made. This is the information given out by the department.

One of the problems which confront the public at the present time is the method used by retail dealers in disposing of fruit, says Secretary Stuhr. A dealer will fill up a bushel basket of peaches and put a sign thereon, "83.40." The purchaser naturally believes that there is a bushel in the basket if it is reasonably full.

Recently a woman called on Mr. Stuhr and asked for information as to how many pounds of peaches there should be in a bushel, and when told 48, she said she had bought a basket which she supposed contained a bushel, but it weighed only 39 pounds.

Notice to Dealers.
This bushel problem will be one which the Department of Agriculture will try to solve. Secretary Stuhr has sent out communications to all dealers in the state, explaining the law on weights and measures.

It is in the intention of the department to rigidly enforce the provisions of the weights and measures law and violators are subject to prosecution. This matter is being given publicity and the public is being called upon to co-operate by insisting upon articles being sold by weight or count and also to report any violations to the department for investigation and prosecution.

Wilson Looks Pp Law.

Asst. Atty Gen. Ralph Wilson is going through the statutes gathering legal data relating to punishment of all kinds of profiteering, with a view of discovering just how far the legal department of the state can go in bringing to time those engaged in enriching themselves at the expense of the average citizen.

Powell Resigns Position.

Lincoln, Aug. 8.—U. G. Powell, for many years rate expert with the State Railway commission, has resigned and will engage in personal work along rate-fixing lines. His first work will be for the Lincoln Traction company, assisting in making a valuation of its property as ordered by the federal court. The company was given a raise in fares to six and seven cents.

CORN FORECAST DROPS, DUE TO EXCESSIVE HEAT

Estimated Crop Based on August 1 Estimates Is 27,000,000 Bushels Less Than In July.

Washington, Aug. 8.—The country's corn crop showed a decrease of 27,052,000 bushels as a result of weather and other conditions during July. The Department of Agriculture in its August forecast announced the crop promised 27,880,000 bushels, based on conditions existing August 1, compared with a forecast of 28,152,000 bushels made early in July.

Wheat production fell off 221,000,000 bushels, as compared with the July forecast, the total being placed at 1,161,000,000 bushels. There was a decrease of 124,000,000 bushels of spring wheat and 97,000,000 bushels of spring wheat.

Forecast of Crops.
Forecasts of the crops based on August 1 conditions follow:
Winter wheat, 715,000,000.
Spring wheat, 225,000,000.
All wheat, 940,000,000.
Corn, 27,880,000,000.
Oats, 1,266,000,000.
Barley, 204,000,000.
Rye, 100,000,000.
Buckwheat, 16,100,000.
White potatoes, 357,000,000.
Sweet potatoes, 100,000,000.
Tobacco, (pounds), 1,335,000,000.
Flax, 10,200,000.
Rice, 43,400,000.
Hay, 111,000,000.
Sugar beets, (tons), 6,690,000.
Apples, (total) 155,000,000 bushels.
Apples (commercial), 23.1 barrels.
Peaches, 49.8 bushels.

Condition of Crops.
Conditions of various crops on August 1 follow:
Spring wheat, 53.9.
Corn, 81.7.
Oats, 76.5.
Barley, 73.6.
Buckwheat, 88.2.
White potatoes, 75.1.
Sweet potatoes, 87.1.
Tobacco, 75.1.
Flax, 90.4.
Rice, 91.
Sugar beets, 75.6.

Condition by States.
Condition of corn by principal states follows:
Ohio, 86.
Indiana, 76.
Illinois, 76.
Minnesota, 90.
Iowa, 87.
Missouri, 74.
Nebraska, 81.
Kansas, 69.
Texas, 100.
Condition of spring wheat:
Minnesota, 56.
North Dakota, 53.
South Dakota, 55.
Montana, 20.
Washington, 64.

TROOPS REMOVED FROM SCENES OF CHICAGO RIOTS

Strike to Continue Until Police Are Taken From Yards.

Chicago, Aug. 8.—On request of Mayor Thompson state troops were ordered removed from the scenes of last week's race riots and the stock yards after a general strike of union workers had badly crippled the packing companies and five stock dealers had notified the mayor that they would temporarily withdraw their shipments temporarily. Union leaders declared the strike would continue until policemen and deputy sheriffs also had left the yards.

Mayor Thompson wrote Governor Lowden that conditions demanding the presence of troops no longer prevailed and requested their removal. The governor then directed the adjutant general to withdraw the soldiers.

J. W. Johnston, secretary of the stock yards labor council, declared that with 6,050 work workers who had agreed to return to work, 36,000 men had quit work and that 4,000 carpenters and woodworkers and 1,200 stationary engineers were expected to join them.

Norris Urges Repeal Of Price Guarantee On Wheat Crop of U. S.

Washington, Aug. 8.—Repeal of the government price guarantee for wheat to enable farmers to secure higher prices, was urged at a special meeting today of the senate agriculture committee. Action by the committee was deferred.

Senator Norris, republican, Nebraska, proposed repeal of the price guarantee, and T. C. Atkeson, Washington representative of the National Grange, endorsed it. "That is exactly what the farmers are praying for," said he.

Senator Norris, Chairman Gronna and other committee members said the wheat price guarantee law has not been carried out. The \$2.26 guarantee, the declared, was intended by congress to be the minimum price, with a higher price possible under the law of supply and demand. Instead they asserted the United States Grain corporation had made the minimum guarantee the maximum price for the farmer.

Mr. Atkeson told the committee that the farmer would receive an average of only \$1.50 per bushel for wheat this year. He and Senator Gronna declared that had the government not fixed the price, farmers would receive much more than the guarantee because of the prospective wheat shortage and world demand.

How to Los Your Tan, Freckle or Redness

A day's mooring, an afternoon on the beach or exposure on a lake trip, often brings on a deep tan or vivid crimson or more. Instead of a vigorous crop of freckles. A very necessary thing then is mercolized wax, which removes tan, redness or freckles quite easily. It literally melts off the affected skin—just a little at a time, so there's no hurt or injury. As the skin comes out almost invisible (faint particles, no trace of the treatment is discernible) an outline of mercolized wax as you would cold cream, washing it off. Presenting an entirely new, beautiful, clear, transparent and of a most delicate whiteness.

BITES--STINGS

Wash the affected surface with household ammonia or warm salt water then apply

What a pity she doesn't know that Resinol Soap would clear her skin

"She would be a pretty girl, if it wasn't for that pimply, blotchy complexion!" In the regular use of Resinol Soap, aided at first by a little Resinol Ointment, would probably make it clear, fresh and charming. If a poor skin is your handicap, begin using Resinol Soap and see how quickly it improves.

Resinol Soap and Resinol Ointment are sold by all druggists. For free sample of each, write to Dept. of Resinol, Baltimore, Md.

SAY MILK MEN IN OMAHA MAKING TOO MUCH PROFIT

Producers Organizing to Cut Down Distribution Expenses and Profits of Dealers.

An organization of milk producers of Nebraska and western Iowa to be known as the Midwest Milk Producers' Co-operative association is being formed.

Its purpose is to cut unnecessary distribution expenses and cut down the profit of the milk dealers of Omaha.

Over 300 men have pledged to take stock in the association and application for the sale of stock has been made before the state trade commission at Lincoln. The capital stock is \$50,000.

According to John Frazer, Bellevue, Neb., secretary of the association, the milk dealers of Omaha are

making a larger profit than those of any other city in the country. "In the course of four weeks Omaha milk dealers have raised the price to farmers from \$2.75 to \$3.25 for 100 pounds," said Mr. Frazer. "Then they advanced the price to the consumers 2 cents a quart. There are 47 quarts in 100 pounds of milk. Hence the dealers make 94 cents more on every hundred pounds, while they only pay the producers 6 cents a quart."

"The association plans to build a warehouse in Omaha and, if necessary, it will distribute its own milk. We may ask the mayor to allow us to distribute it from municipal ice houses. Eventually we expect to build a creamery here."

Men Out at Superior.

Superior, Neb., Aug. 8.—(Special Telegram.)—Burlington, Santa Fe and Northwestern roundhouse men employed here went out on strike Friday afternoon.

Files as a Candidate.

Geneva, Neb., Aug. 8.—(Special.)—Richard A. Matteson has filed as candidate to the constitutional convention. He is a farmer and has been active in public life for 30 years.

For the best results place a Want Ad in The Omaha Bee.

The Bee's Fund for Free Milk and Ice

A number of needy babies in families where the fight against poverty is hard are waiting for help from The Bee's fund for free milk and ice. The high price of these necessities makes a heavy drain on the fund. Scores of babies are dependent upon it daily.

Your help will be greatly appreciated by The Bee, the visiting nurses and the poor mothers and babies.

Several weeks of hot weather are still ahead. DO something NOW for this CAUSE. Every cent goes to buy milk or ice or both for families who are in the direst poverty. It means very much to them.

Previously acknowledged: Mrs. Ellen Watts, Chapman, Neb., \$778.85; Mary H. Learned, \$3.00; Ladies' Aid Society, North Gosper County, Lexington, Neb., \$5.00. Total \$791.85

Put your contribution in an envelope with your name and address it to The Bee. Or bring it to the office. It will be acknowledged in this column.

We Close Saturday at 6 P. M. Opposite Hotel Rome.
