

ALLIED PROTEST LETTER REFUSED BY ROUMANIAN

British Envoy Seeks to Deliver Message to Commander in Budapest Unsuccessfully.

(Continued from Page One.)
These are necessary for reconstruction.
Copenhagen, Aug. 9.—A dispatch from Budapest says that the new ministry at its first meeting resolved to recognize Archduke Joseph as regent until a national assembly is elected "so that in these unsettled times there may be one firm center in the country."
The archduke then entered the chamber where the meeting was being held and after a short speech by Premier Friederich the ministers took the oath to the archduke. He asked them to do their utmost to support him during Hungary's reconstruction.

Allies O. K. Government.

Geneva (via Bern), Aug. 9.—The inter-allied mission at Budapest, after a conference with Archduke Joseph and Premier Friederich, has forwarded to M. Clemenceau, president of the peace conference, a report to the effect that the entente representatives are in full accord with new Hungarian government officials, according to Vienna dispatches received here.

It is reported that in view of pogroms which had been threatened in Hungary, menacing the Jews, the commander of the Roumanian troops has issued an order that any crime against Jews will be punished immediately by death.

State of Siege.

Vienna, Aug. 9.—(Via Bern).—A stage of siege has been proclaimed in Budapest, according to advices received here.

Ban On Newspapers.

Berlin, Aug. 9.—The Roumanian army officials at Budapest have forbidden the newspapers to print the note of Premier Friederich announcing the creation of a mission of allied generals to go to Budapest in an attempt to adjust the Hungarian situation and take charge of the armistice question, according to reports reaching here.

An English and an Italian aviator learning of this left Vienna and flew over Budapest, dropping thousands of placards bearing Premier Clemenceau's message. The Roumanians then prohibited telegraph service between Budapest and Vienna for 12 hours.

The Hungarian proletariat and bourgeoisie have expressed fears that a monarchy is coming in Hungary, while the adherents of the Szegein government and royalists are openly championing the monarchistic ideal.

Airplanes last night dropped placards over Budapest proclaiming "King Joseph."

The social democrats are much averse to having the reins of government in the hands of Archduke Joseph and it is improbable that any socialist will participate in his government.

Transition Government.

A transition government in Hungary with representatives of the bourgeoisie, peasants and workmen will be formed shortly, it is understood here.

At the request of the Budapest officials, Archduke Joseph has treated a volunteer force of 8,000 men to keep order in the capital.

The Roumanians are reported guilty of further acts of violence in Budapest. General Mardarecu, head of the Roumanian occupying forces, it has been announced, will retire from the city and most of his troops will be withdrawn within a few days.

Vienna advices say it is understood the action of the entente is creating a military commission of four generals to supervise the situation in Budapest has had a depressing effect upon the Roumanians.

Wife Waits in Vain for Husband's Return

have been living as man and wife for the last year, and that the Reeme woman is acquiring some of his property.

Mrs. Mudge declares that she was married to Mr. Mudge in Chicago July 1, 1895. There are two children, Delta, 19 years old, and Alfa, 17 years old, she says.

Her husband is a member of Ak-Sar-Ben in Omaha, she says. At a late hour last night neither Mr. Mudge, alias Wallace, nor Frances Reeme had returned to the apartment.

Lives at St. Regis.

Mr. Mudge, alias Mr. Wallace, lives in a luxurious apartment at the St. Regis. It is furnished richly and in good taste. Although it resembles a bachelor's quarters, there is a feminine touch about its orderly appearance.

Several photographs of a beautiful woman are scattered about the rooms. One picture includes not only the woman but Mr. Mudge.

Other occupants of the St. Regis speak well of "Mr. and Mrs. Wallace." Several women defended the woman's character when told of charges brought against her by Mrs. Mudge, and declared they would only believe it when it was proven.

The family life of the Wallaces has been a quiet one, according to reports. They preferred the quiet home life, neighbors say, and always seemed perfectly happy. The Wallaces have lived at the apartment for a little over a year.

That Mr. Wallace has been connected with large business interests in Sioux City is verified. His name is listed in the telephone book as Don Wallace but is not in the Omaha directory.

The St. Regis apartment is considered one of the most exclusive in the city. It is located at 617 South Thirty-seventh street. Mrs. Mudge is stopping at a private roominghouse. She has employed Attorneys Mulfinger, Ratchford and Webb as counsel.

road today, except milk, ice and certain perishable goods. Passenger service also was greatly curtailed as a result of the shoppmen's strike.
It was announced that the number of trains suspended because of the walkout of the mechanical force had increased from 102 to 141 and threatened to mount still higher.
Company officials announced that they were doing the best in their power to give service but they were forced to take off nine of the Saturday trains that they had planned on running and to withdraw five more from tomorrow's schedule.

Vote To Go Back.

Baltimore, Aug. 9.—The 2,000 shoppmen in this city of the Baltimore & Ohio railroad tonight voted to return to work Monday pending action by Director General Hines on the question of an increase in wages.

To Remain Out.

Minneapolis, Aug. 9.—By virtually a unanimous vote the 4,500 railway shoppmen, on strike here have voted to remain out. The vote was taken at a huge outdoor mass meeting. Only men with union cards were allowed to vote.

St. Paul Also.

St. Paul, Minn., Aug. 9.—Striking shoppmen in St. Paul voted to remain out, according to a statement given out at the close of the mass meeting. There are about 3,000 on strike in St. Paul.

4,000 Are Returning.

Atlanta, Ga., Aug. 9.—Although union railway shoppmen in Atlanta and Birmingham continued to remain away from their work Saturday the promised return Monday of 4,000 striking shoppmen at Macon, Ga., and Albany, Ala., appreciably improves the situation in the southeast. At Columbus, Ga., 500 more strikers voted to return.

Two thousand shop workers of the Central of Georgia, southern, Georgia Southern & Florida and Macon, Dublin & Savannah railroads employed in Macon shops voted by a substantial majority to resume their work Monday. At Albany, Ala., where 2,000 men have been on strike at the Louisville & Nashville shops, a mass meeting was held with a result that a vote favorable to return was tabulated. At Savannah, Ga., and Montgomery, Ala., shop workers agreed to return under conditions which have not as yet been definitely settled.

So far as Atlanta was concerned the shoppmen remained firm in their refusal to resume work. Resolutions were adopted and emphasized the men's determination to remain out until wage increases were granted.

Secret Strike Movement Is Discovered in Berlin

Berlin, Aug. 9.—(By the Associated Press).—The government announces the discovery of an extensive secret strike movement, which it successful, will lead to a general railroad strike September 1. Spartacist and communist agitators are charged with being the leaders of the movement, which the government is using every means to suppress.

STOCKYARDS MEN VOTE TO RETURN TO JOBS MONDAY

Withdrawal of Militia and Deputy Sheriffs Satisfies Workers in Chicago and Ends Strike.

Chicago, Aug. 9.—Striking stock yards workers have decided to return to work Monday. Withdrawal of the militia from the yards Friday and of the deputy sheriffs Saturday was satisfactory to the men.

The decision, if adhered to, will remove a serious situation that had promised to become a general strike with resultant reduction of meat products for a large part of the nation with a possible increase in prices.

In some quarters it had been believed the union leaders would demand a closed shop with discharge of 9,000 negroes not members of the unions. About 3,000 negroes are said to be members of the unions.

The stock yards were placed under guard of militia and police during the race riots last week, when numerous race clashes occurred in the neighborhood.

The return of negroes to work two days ago was followed by a strike of union workers. The union leaders, however, said the presence of armed guards was the cause of the strike.

The militia was withdrawn yesterday. Chief of Police Garrity declared the 300 policemen would remain on duty in the vicinity of the stock yards to prevent any recurrence of racial trouble.

The larger packing companies had been crippled by the walkout, but had said they were operating today on a 50 per cent basis. While many of the smaller companies were seriously affected, the "big five" reported not many more than 10,000 of their men were out.

Union officials had claimed 36,500 men had walked out.

Bandit Surrenders.

Washington, Aug. 9.—President Carranza has advised the Mexican embassy here that the bandit chief, Roberto Jameson, has surrendered to Mexican forces in Coahuila and that bandits in the Tamesi river region have been attacked by government troops which recovered 86 horses and more than 200 head of cattle.

Says 5,000,000 Jews Will Go to Palestine

(Continued from Page One.)
paid to the immense and wonderful support given to resettlement of Palestine by the Jews of New York and of America in general.
"These tributes came not only from the Jews but from the Arabs, Syrians and Circassians who are equally benefited by the movement.
"America is the beacon light to those people. It stands for big things; for absolute political selfishness or ambitions."
Speaking of the practical difficulties in the resettlement of Palestine, Mr. De Haas said:
Improvement Gradual.
"The improvement of agriculture in Palestine will be gradual and slow, but sure, and there are possibilities for incidental industries. The rainfall in Palestine is about the same as in London, but it falls between October and February.
"Since the time of the Romans there has been no attempt at conservation except by private cisterns. We see possibilities of water conservation for private homes as well as for municipal and irrigation purposes.
"At present the great difficulty of settling Palestine lies in the prevalence of malaria, which has spread over the whole country through the movement of troops who are carrying it with them from the swamps.
"We must drain the country and sanitize it. Proper sanitation will cost the Zionists more than \$1,000,000 at the present time we are sending \$25,000 monthly there for medical purposes.
"Our American Zionist medical unit saved Jerusalem from an epidemic of malaria. But we must sanitize the country—that is the first thing. We are going to do it with voluntary funds just as it was done in Panama.
"This must be emphasized—the modern exploitation of Palestine will not spoil the historical places. We have no thought of touching biblical grounds. On the contrary, we want to do everything to preserve them—keep them sacred and enhance them."
Mr. De Haas added:
"We shall get tremendous support for our scheme of reviving the ancient glory of the Jewish race. It is agreed among authorities on Palestine that Haifa will be the principal port. All of us think so. It has all the natural advantages and serves all Palestine. Our visit to the Holy Land has opened our eyes. The Jews are going home at last."

Truth Is Our Principle

Our Business Policy is MUCH LITTLE, Rather Than LITTLE MUCH

The man who was truthful from principle opened the eyes of the man who became truthful from policy. But you can never trust the sort of a man who becomes truthful from policy, for temporary gain often keeps him from seeing policy.

One price and no commissions, the Oakford Plan, is the only truthful way to sell pianos. It means telling the truth to every one. The dealer who varies his price on the same piano to different customers, certainly does not tell each customer the truth about quality. A falsehood about price makes a falsehood about quality as sure as two plus two are four.

The fact that we do not pay commissions is one reason our prices are uniformly the lowest in the United States. The other reason is found in our business policy. We believe that to make big profits on a few pianos is a short-sighted policy. To make a small profit on each one of a great number of sales insures permanency. "Volume gains momentum, and momentum gains volume."

The benefit from our principle, and policy, is mutual—yours and ours. Let's get together. We are factory distributors for the Steinway, Weber, Steck, Wheelock and Stroud Piano Pianos, also Conover, Cable, Haddorf, Clarendon, Wellington and Kingsbury Pianos.

Of special interest just now are the many fine bargains to be had in our great sale of used and returned from rent stock.
