

GUS HYERS MADE GOAT OF SHOW AT AK-SAR-BEN DEN

Chief State Agent Accused of Carrying Bottle of 2.75 Plus — Out-of-Town Guests Present.

Gus Hyers, Governor McKelvie's chief state agent, was the goat at last night's initiation ceremonies at the Ak-Sar-Ben den, where a large delegation from Lincoln, Nebraska City and Havelock was entertained. Several attaches of the den alleged that they found a bottle of 2.75 plus elixir in one of Hyers' pockets and they held the state officer for investigation. Hyers offered a plausible alibi, claiming that he came "clean from Lincoln," and that he was "a perfectly respectable man." When Hyers endeavored to make a short talk at the close of the evening's program an anvil chorus drowned his first words. Order finally was restored. It was all in fun and it made great sport for the visitors. More than 500 attendants came from the up-state towns. They were escorted to the den in chartered street cars and returned to their homes on a midnight train. They all agreed that this year's Ak-Sar-Ben show, "The Wandering Juice," is the classiest bit of entertainment they ever witnessed.

John J. Ledwith of Lincoln was introduced by C. E. Black of the board of governors as "an honest democratic lawyer." "I am delighted to state that Lincoln has learned much from Omaha and we realize that when Omaha prospers Lincoln also prospers," Mr. Ledwith said. "We are proud of Omaha and we want you to be proud of Lincoln. The building of a new capitol will mark the beginning of a new Lincoln." George Risdon of Lincoln recited several poems and offered a few words on behalf of the visiting Lincolites. C. H. Koper, president of the Lincoln Automobile club, and R. V. Pepperberg, president of the Lincoln Rotary club, were among the visitors who enjoyed the show.

Woman, Victim of 'Mystery Shot,' Dies; Man Again Arrested

Mrs. T. D. Jones, mysteriously shot July 27 while sitting in a buggy near her home, Fifty-eighth street and Fowler avenue, died yesterday at St. Joseph's hospital. M. B. White, 4702 Ames avenue, arrested in connection with the shooting, but later released on a bond of \$3,000, will be re-arrested, police said yesterday. Mrs. Jones was thought to have been shot by a .32 caliber rifle bullet. The shot was fired from a corn field near the spot where Mrs. Jones' buggy was standing. The bullet penetrated her temple and was never extracted. Police say White was firing a rifle the evening Mrs. Jones was wounded. The county attorney will conduct an inquest into the death Tuesday afternoon at 2 o'clock.

Acid-Stomach Makes 9 Out of 10 People Suffer

Doctors declare that more than 70 per cent of all people suffer from acid stomach. Starting with indigestion, heartburn, belching, food-repeating, bloating, sour, heavy, gassy, nervous, and finally becoming affected, every vital organ suffering in some degree or other. You see these victims of Acid-Stomach everywhere—people who are subject to nervousness, headache, insomnia, dizziness—people who suffer from rheumatism, lumbago, sciatica and aches and pains all over the body. It is safe to say that about 9 people out of 10 suffer to some extent from Acid-Stomach.

Wife, Set for Long Vigil, Scorns "that Fat Old Thing"

Mrs. Edith Mudge of Chicago, Says Daughters Count on Her to Bring Vanishing Husband to Justice—Court Hands Down Writ.

Two nights of waiting for her husband's return, in a suite in the exclusive St. Regis apartment, has discouraged Mrs. Edith Mudge of Chicago, who charges her husband has been living in Omaha under the assumed name of Don Wallace.

"I am going to bring him to justice, if it takes a year," said Mrs. Mudge yesterday. "I have two daughters in Chicago depending on me, and I cannot fail." A restraining order was granted Mrs. Mudge by District Judge Sears yesterday, preventing Mr. Mudge, alias Wallace, from disposing of any of his property until a hearing in court set for August 14.

"Other Woman" Hit, Too.

The order also restrains Frances Reeme, named by Mrs. Mudge as the "other woman," from disposing of any property belonging to Mr. Mudge which she may have in her possession. The United States national bank and the Updike Grain Co. are included in the order, which prevents either organization from having any money to Mr. Mudge. "I am so glad the order was granted," sighed Mrs. Mudge. "I am sure Mr. Mudge has large holdings in Omaha and I am positive that during the last year he has made over \$200,000 in the stock business. "Mr. Mudge is not bad, he is just like many other men who are led astray. Frances Reeme seems to have some influence over him, but I can't see what her attraction is."

Mrs. Mudge told of the beautiful Chicago home that she and her husband had enjoyed before his alleged desertion. Her two daughters, Alfa and Delta, 19 and 17 years old, were used to every luxury she said, and associated with many of the best people in Chicago. "When Mr. Mudge left me two years ago," continued Mrs. Mudge, "I had no reason to believe he intended to stay away. He had some financial trouble. He was a piano manufacturer, but quit the business. "He seemed to care for me and his daughters. But when he had been away so long I became worried and tried to find him. I did at last, in Sioux City. He was with that Reeme woman there, but told me he cared nothing about her and would come back to Chicago. He did not."

"I traced him to Omaha last week, and found he was still living with this Frances Reeme. They seemed to be of high standing socially here. I couldn't stand it."

SHOPMEN BACK TO WORK PENDING STRIKE BALLOT

Railroad Situation in West Near Normal—Firemen to Ask Raise.

Washington, Aug. 11.—Reports to the railroad administration today indicated that the strike situation west of Chicago and in the southwest virtually was normal. In New England and in Chicago, however, many men still were reported out.

Engineers to Seek Raise.

Cleveland, O., Aug. 11.—Three hundred local chairmen of the Brotherhood of Locomotive Firemen and Engineers will meet here Tuesday for the purpose of making a request on the railroad administration for further increases in wages of more than 100,000 firemen and hostlers on all federal-controlled railroads in the United States and all nonfederal controlled roads in the United States and Canada, it was learned Monday.

President (to applicant)—You state you have eleven children, and give your age as 32. Surely you have made a mistake?

NEW FARE MAKES MORE WORK FOR STREET CARMEN

Conductors Earn Increased Wages—Rush for Tickets Causes Delay in Downtown Sections.

Although the 7-cent fare, which went into effect Sunday morning, caused but little confusion, it did result in some delay and forced conductors to work harder than for some time past, thus fully earning the increased wages granted them by the street car company Friday. Successive waves of patrons of the street railway company succeeded in almost overwhelming conductors Sunday and yesterday by their demand for the car tickets. At the downtown intersections cars were delayed several minutes because conductors were unable to handle the crowds that jammed the cars and clamored for the tickets, which sold at the rate of four for 25 cents, or 3 cents below the standard figure for four tickets. Motormen were forced to extend themselves to make up for lost time in the less thickly populated sections of the city.

"I've worked harder today than ever before on this job," said one flustered conductor to a back platform audience just after disposing of a large number of tickets to a crowd that swarmed on his car at Sixteenth and Douglas streets about 11 last night.

It was reported by conductors that by far the greater majority of people purchased tickets. Practically the same number of people rode Sunday as the Sunday price to the increased fare, it was said. All cars managed to keep on schedule despite the delay caused by the demand for tickets, R. A. Leussler, assistant general manager of the street railway company, stated yesterday.

Borealis Plays Havoc With Wires of U. S. and Canada

New York, Aug. 11.—Telegraph and telephone communication throughout the United States and Canada was seriously interrupted and in many cases completely stopped shortly after noon today by the aurora borealis, the "merry dancers" of arctic explorers. The electrical phenomenon put out of commission thousands of miles of wire and made its influence felt as far south as Kansas City, according to reports to the telegraph companies here. Roswell B. Tocker, wire chief for one of the large telegraph companies, said the atmospheric disturbance was the heaviest and most extended in the records of the company. Denver, Colo., Aug. 11.—The aurora borealis, an unusual phenomenon for this section of the country, was visible for 20 minutes this morning, beginning at 8:45 o'clock. Electrical disturbance caused by the aurora resulted in some interruption to telegraph and telephone wires in this region today.

U. S. Protests Agrarian Law Found in Mexico

Washington, Aug. 11.—Repeated protests against the agrarian law of the Mexican state of Sonora, which is regarded as inimical to American interests, have been made to the Mexican government by the State department, the senate was informed today by President Wilson. The president wrote in reply to a senate resolution and transmitted a report from the State department. This said that when the Sonora legislature was considering the law last December, the American embassy was directed to object and again last month another protest was made. The law now is being studied by the State department experts with a view to further action by the American government.

CAR PLUNGES INTO CANYON; 2 DEAD, 5 HURT

One Member of Party Saves Lives of Four By Dragging Them From Water.

Colorado Springs, Aug. 11.—Hubert Stevens of Jewell county, Kan., and Miss Tressie Wigginton of Brington, Colo., were killed and Hugh Lewis of Greenville, Ky.; Mrs. Henry M. Jones and son, Keith, of Danville, Ill., were seriously injured and Mrs. W. R. Cobb and daughter, Rowena, of Greensburg, Kan., were less seriously hurt early Monday when a large touring car in which they were riding in Phantom canyon plunged off the road and into a creek. Mrs. Cobb saved the lives of four members of the party by dragging them from the water.

Eight-Year-Old Boy Struck by Automobile; May Not Live

John O'Brien, 8 years old, 2318 F street, was probably fatally injured yesterday when struck by an automobile driven by Elgin Ayers, 1709 Dodge street, at the intersection of Twenty-fourth and F streets. The boy was playing near his home at the time of the accident. He was taken to the St. Catherine's hospital where an X-ray examination will be made to determine the extent of his injuries. Ayers is being held by South Side police officials. The lad is believed to be suffering from concussion of the brain. His left collar bone is also broken.

Prof. Monroe's lecture is one of a series of addresses in connection with the campaign for funds for the extension of the University of Omaha.

Plan to Seize Autos Of Traffic Violators Approved by Council

The city council committee of the whole yesterday recommended for passage Mayor Smith's amended ordinance, which provides that automobiles may be "impounded" for a period not to exceed 30 days in cases where owners are convicted of violations of the traffic laws. The existing ordinance imposes a fine or jail sentence. The "impounding" feature is intended as an alternative.

"To fine a man may work a hardship on his family," said the mayor. "To place him in jail may mean the loss of his job. Deprive him of his automobile for 30 days and I believe you will have impressed him."

It is proposed to require the owner of an impounded car to pay storage charges.

Thieves Steal Yacht and Kidnap Two Girls

Chicago, Aug. 11.—Chicago police today received a telegram from the authorities at Grand Haven, Mich., asking them to search for the two-masted yacht, the Briar, which they declare was stolen by seven young men in the Michigan port yesterday. The men also are said to have kidnaped two 16-year-old girls, who are being held prisoners on the boat.

Later in the day the Grand Haven police telegraphed to Chicago that the yacht had been recovered and the girls had returned to their homes.

Omahans Include Capital in Sightseeing Tour in East

Washington, Aug. 11.—(Special Telegram)—Joseph Maher, Edward Courty and Maurice Moore of Omaha are in Washington on a sightseeing tour of eastern cities, Niagara Falls and Canada. They are returning from the recent convention of the Knights of Columbus held in Buffalo early in August.

Morris to Succeed Jordan.

Col. J. E. Morris of Washington, D. C., has been ordered to report at Fort Crook to assume the command vacated by Col. W. H. Jordan, former commanding officer, who was ordered to Fort Leavenworth. Colonel Morris is expected this week.

Rheumachol

FOR RHEUMATISM

Get Back in the Swim

Don't be an outcast from pleasure. Don't lie around nursing a painful grouch while others enjoy themselves. Don't kill their joy by suffering their sympathy.

Get back in the game quickly and surely by taking RHEUMACHOL for your rheumatism. Scores of people credit RHEUMACHOL with complete cures. Thousands upon thousands of bottles have been sold under the makers' money-back guarantee without one dissatisfied claim.

There's a reason—a splendid reason. Nature and science are wedded in RHEUMACHOL. The curative, healing waters pulsing from the heart of the Rockies at Idaho Springs, Colorado—the great American Spa for rheumatism—are so scientifically blended with other cleansing and purifying chemicals that the acid poisons causing rheumatism in its various forms are ejected, leaving clean, healthy organisms in their stead.

Rheumatism is SO unnecessary now since the great discovery of RHEUMACHOL. Get a \$1.00 bottle today from your druggist!

On Sale in Omaha at
The Sherman & McConnell Drug Store

The RHEUMACHOL LABORATORIES CO
IDAHO SPRINGS, COLORADO
