Society

THE school year is almost upon us. Many of the soror-ities have already made their plans for "rush week," which is one of the most interesting seasons of the year at any large university. Be-cause of the large number of Omaha girls who attend the State university the sororities at Lincoln give many of their affairs here. The Alphi Chi Omega sorority, of which Beatrice Montgomery is a member, is one of those which has made extensive plans for a "rush party." The date has been set for August 22 and the affair promises to be a most unusual event. Dorothy Darlow, Edith Howe and Mary Thomas are members of the Delta Gamma sorority; Barbara Roedling is a Chi Omega girl and Jocelyn Stone is a member of the Delta Delta Delta. Among the Alpha Phi members are Frances Wall and Margaret Lina of Omaha. The sororities give a number of their "rushes" here each season and this year will probably give much larger ones than last, as the wartime restrictions are removed. The Lincoln sororities claim a number of the most popular school girls each year and will, no doubt, make many Omaha "pledges" this fall.

Omaha Girl Weds.

Announcement is made of the marriage of Miss Margaret Metcalte to Dr. T. E. Byers, which took place in Denver, July 21. The bride is the daughter of Mrs. George Metcalfe of Council Bluffs and went ago. It was at this time that she met Byers, and the marriage fol-

The young couple are honeymooning on an automobile trip through the Rocky mountains.

Surprise Wedding.

A surprise wedding was that of Miss Fay Stayner to Marcus Poteet, which took place in Council Bluffs two weeks ago. The ceremony was a very quiet one and the young coule are now at Colorado Springs. Upon their return they will be at home at Drake Court.

The bride came to Omaha two months ago from her home in St. Louis. Mr. Poteet was a lieutenant in the Rainbow division and was in overseas service two years.

Movie for "Tag Day." Tag day for the Visiting Nurses

is sure to be a great success this year for appeal to public sympathies will be offered in a way that will make everyone respond by opening their purse strings and giving freely. The means lies in the motion pic-ture camera of Mrs. E. John Bran-

Mrs. Brandeis started work this morning upon a motion picture that depicts the Visiting Nurses going to Heir work in their various districts. It follows them into the homes of the needy and shows the great relief of suffering that they bring. This picture will be shown in the

motion picture houses of the city before the drive.

The first scenes "shot" were those of the Visiting Nurses before the ity hall. Other scenes were filmed at the South Side Social settlement. Mrs. Walter Roberts is in charge

of the publicity.

Mayor Ed. P. Smith has the distinction of being the first one "tagged" for the Visiting Nurses he refused to take back his \$5 bill after being filmed in the movie Tuesday. In the course of the film written by Mrs. E. John Brandeis for the occasion, Miss Menie Davis 'tags" the mayor and when the acting was over and Miss Davis tried to return the money, he laughingly refused telling her to drop it in the coffers of the Visiting Nurses' ass's

There is no objection to ice water if it is taken slowly and in small quantities. It should never be taken when the person is in a great perspiration nor immediately after excessive exertion. It is not advisable to drink ice water at meals, as it arrests digestion, and if excessively ndulged in will in time impair the digestive system. When compelled to drink it, as may be the case in restaurants, it should be drunk lowly and in moderation.

At home it should never be necessary to drink ice water. The refrigerator should be well stocked with cold water kept in covered jars and bottles. If these are kept directly against the ice they will be suffi ciently cool and will quench thirst better than ice water.

The Episcopal church proposes to be the first orthodox denomination to grant full equality to women in church affairs, provided the canon now in course of preparation is ap-proved at the Triennial General convention to be held in Detroit next October.

hair in curl? Thanking you in advance,

Skirts seem to be fairly long, but not so narrow as the spring models. If you are acquainted with the boy and you meet casually at a party or a theater I see no harm in the fact that you walk home together. However, it is decidely cheap and bad form to meet and walk home with boys whom you know only slightly or not at all. Silnferine is supposed not to injure the hair. I believe it is a gluey preparation. It may keep the hair in curl in cold weather, but I doubt it.

Information.

Dear Miss Fairfax, Omaha Bee: Please may I ask a few questions? What papers, magazines, etc., should I read that will help me to keep up with the world? I meet a good many society people who a good many society people who soft cloth in washing and dry have good education and I always quickly. feel as though I can't keep up con-versation with such people. If one wishes to join church (Presbyterian), do you just tell the

minister and does one have to con-fess your faith to the church or how? How much does one have to pay into the church each year? What should you talk about when the minister calls?

Is the Conservation of the Public Health.

Chiropractic strikes at the cause of disease and is not concerned merely with symptoms. Doctors of Chiropractic seek to put the human system in good order, so that the whole organism will function as nature intends it shall do. This done,

CASE NO. 1

Mr. of Petersburg, Neb. Aged 49. Sciatic Rheumatism for 15 years. Consulted specialists throughout the U. S. Was finally operated on, on the Sciatic nerve as an operated on, on the Sciatic nerve as an experiment. Proved of no avail. Electricity and medicine tried, with no results. Began CHIROPRACTIC adjustments December 26, 1917, and continued them until April 23, 1918, in which time he took exactly 100 adjustments. While here he walked with a cane and was not able to walk more than a quarter of a block without resting. This continued until about the last four weeks of his stay, when he could walk several blocks without pain and without being kinked over to the side. Today, after 14 months of no adjustments, he is in perfect health and works all the time, and does anything any man could expect to do.

Sciatic Rheumatism is a terrible disease. Thousands suffer untold agonies from it. There is no medicine that will reach it, as everybody knows. The highest medical authority tells us no specific for Rheumatism has ever been

health is the result.

Parties wishing to have the name and address of patient mentioned in Case No. 1 will please address:

Skinner's the Best Macaroni and Spaghetti made of Durum Wheat

My Baby's Health THAT baby of mine radiates health and happiness like a little roll of sunshine! I never knew how easy it was to take care of a perfectly well baby. Why, he takes care

of himself! He just lies in his crib all day and smiles dreamily at the world, and grows like a flower, and gets sturdier, it seems to me, every minute.

It's all because of his food. We used to have so much trouble with milk. when I found I couldn't nurse him And then my mother told me that I had been brought up on Nestle's Milk Food when I was little-so we tried it.

It is really just pure milk, you know, only changed into powder so the tough curds are broken up and it is easier to digest And it is more nourishing, too, because they add lust the right amount of sugar and ereal. All I do is add pure water

and boil a minute-and my baby is safe and well.

I know that if your baby has trouble with his food, the Nestlé Company will be glad to help you. They will send you free, as they sent me, a big Mother's Book on how to take care of your baby, and enough Nestle's Food for twelve feedings. All you have to do is to fill out and send the coupon. Then you can be, with me, the happiest woman in the world-because your baby is well.

Nestle's is pure milk in powder form that is already modified and does not require the further addition of milk. Always pure and safe, always uniform, and free from the dangers of home modification, Nestle's has stood the test of three generations and has today the largest sale of any baby food in the world.

FREE! Enough Nestle's for 12 feedings. Send the coupon.

NESTLÉ'S FOOD COMPANY Dept. 95, 130 William St., N. Y. City. Flease send me free your book and trial package.

Is it Possible to Legislate Life and Brains?

Swift & Company is primarily an organization of men, not a collection of brick, mortar, and machinery

Packing Plants, their equipment and usefulness are only outward symbols of the intelligence, life long experience, and right purpose of the men who compose the organization and of those who direct it.

Will not Government direction of the packing industry, now contemplated by Congress, take over the empty husk of physical property and equipment and sacrifice the initiative, experience and devotion of these men, which is the life itself of the industry?

What legislation, what political adroitness could replace such life and brains, once driven out?
