SUES TO ENJOIN ELECTION FOR CONSTITUTION

Action Filed in District Court by Benjamin S. Baker Against Election Commissioner Moorhead.

A suit to enjoin Harley G. Moorhead, as election commissioner for Douglas county, from holding an election for candidates to the state constitutional convention in November, and from spending public funds in preparation for the election, was filed in district court yesterday by Benjamin S. Baker, Omaha attorney.

Mr. Baker alleges that the 1919 legislature act providing for the nomination and election of membership is in direct violation of section 2, article 15, of the state constitution, and section 22, article 1, known as the bill of rights.

Section 2, article 15, provides that if three-fifths of the members of each branch of the state legislature find it necessary to call a convention to revise or amend the state constitution, they shall recommend this convention to the electors to vote at the next election of members of the legislature, for or against the convention. If a majority vote for the convention, the legislature shall,

DISCRIMINATION AGAINST POSTAL CLERKS DENIED

Second Assistant Postmaster General Praeger Explains Situation on Mail Runs into Omaha.

By E. C. SNYDER, Staff Correspondent of The Omaha Bee.

Washington, Aug. 14.—(Special Telegram.)—Some time ago, Congressman Jeffries, who left Thursday night for Omaha, having received permission from Speaker Gillette to go home for a few days to visit his family, called the attention of the postoffice authorities to information reaching him that clerks in Huron and Omaha railway post-offices were being discriminated against as compared with clerks at Sioux City.

Second Assistant Postmaster General Praeger, in a letter to the Omaha representative, states that after full investigation the department finds no evidence of any discrimination against the Omaha clerks. The letter says: "The situation which exists on the Huron & Omaha R. P. O., which was established as a separate organization on October 1, last, was the outcome of the reorganization of what was prior to that time the Minneapolis & Omaha R. P. O. via Sioux City and the Aberdeen, Huron & Sioux City R. P. O."

The authorized force for the new lines on October 1, 1918, was 20 clerks and they resided as follows: Thirteen at Sioux City, six at Omaha, and one vacancy. There are two sets of trains on which the R. P. O. service is performed, a day and a night run, and to each set 10 clerks are assigned. The day run, when started, was manned by 10 clerks, nine of whom lived in Sioux City and at Omaha and in order to avoid deadheading as much as possible, and not to disturb residences it was arranged to have runs in that set of trains begin and end at Sioux City. Of the 10 clerks assigned to the night run when the service started, five lived in Omaha, four at Sioux City and one vacancy. Runs in this set of trains were arranged to begin and end at Omaha. The present organization of the line calls for 21 clerks. These reside, 11 at Sioux City, eight at Omaha and two vacancies.

"When a clerk is selected for the day run he is required to begin at Sioux City. If he resides in Omaha he does not necessarily have to change his place of residence, but must deadhead to and from Sioux City before beginning and after ending his tour of duty. On the other hand, when a clerk is selected for the night run he must begin at Omaha, and if he resides in Sioux City he must deadhead to and from Omaha."

"The information that Clerk A. W. Zierdt was denied promotion to the position of clerk-in-charge because he refused to move from Omaha to Sioux City is incorrect. His name was considered with that of other eligibles and the selection was made irrespective of the places of residence. It is not practicable to arrange the service of the R. P. O. lines so as to permit every clerk to begin his run at his place of residence."

T. L. Hall, chairman of the Nebraska Railway commission, is in Washington to appear before the interstate and foreign commerce committee of the house, which has under consideration railroad legislation, and also before the federal electric railway commission. Mr. Hall said he was unalterably opposed to the Esch or Pomerene bills for railroad regulations.

Plot for a Movie. It is a humorous suggestion that government ownership of railroads would "cut the cost of living." Mr. McAdoo should write a scenario on it for his distinguished client, Charley Chaplin.—St. Louis Globe-Democrat.

Governor Holds Long Conference Regarding High Cost of Living

Lincoln, Aug. 14.—Most of the day Thursday was spent by Governor McKelvie in consultation with his cabinet created under the new code bill. The cabinet is composed of P. F. Bross, secretary of finance; Leo Stuhr, secretary of agriculture; J. E. Hart, secretary of trade and commerce; Frank L. Kennedy, secretary of labor; George Johnson, secretary of public works, and Capt. H. H. Antles, secretary of public welfare. All were present but the latter, who has not returned from France.

The day was spent in talking over organization of the different departments, most of the discussion being on the best methods of going after the profiteers. The appointment of George A. Williams of Fairmont, as chief of the market and marketing department, placing that department in charge of the work of investigation of profiteering, is the first appointment given out.

Mr. Williams is present member of the legislature from Fillmore county. He has lived in Nebraska since 1888 and in Fillmore county since 1890.

Mr. Williams' department comes under the agricultural department, in charge of Mr. Stuhr.

Nuckolls Pig Raisers Call Upon Governor

Lincoln, Aug. 14.—Thirty-one boys, members of the Nuckolls County Pig Club, visited the state house Thursday afternoon and were received by Governor McKelvie. The boys came to Lincoln in six automobiles and were in charge of Speaker George Jackson, F. R. Schweitzer, secretary of the Y. M. C. A. of Nuckolls county, who has charge of the work of the boys; W. W. Hawley, J. G. Richmond and W. A. Hawthorn of Nelson. They spent the day in sight-seeing and spent the night at the state farm. Friday they will be given a chance to learn some of the fine points in stock judging and in the evening will return home.

State Board Awards Potash Rights Leases

Lincoln, Aug. 14.—The State Board of Educational Funds has awarded leases to several parties asking for mineral and potash rights in Nebraska. One was granted in Cheyenne county, four in Garden, three in Sheridan and 11 in Sioux. The state treasurer was instructed to invest \$200,000 in different kinds of bonds at 5 per cent. Heretofore the rule of the board has made the minimum rate 5 1/2 per cent, but the present financial conditions led the board to reduce the limit.

Burlington Train Wrecked

Beatrice, Neb., Aug. 14.—(Special Telegram.)—Burlington passenger train No. 96 on the Holdrege, Neb., branch went into the ditch Thursday near Deweese, injuring Fireman George Roderick of Wymore. NONPARTISAN LEAGUE HEADS ASK CONFERENCE

Call on Governor Regarding Disturbance at Beatrice Last Week—No Date Set.

(From a Staff Correspondent.) Lincoln, Aug. 14.—(Special Telegram.)—Irresponsible parties attempting to break up public meetings and officers who refuse to arrest the disturbers will be dealt with according to their just deserts, according to Governor McKelvie, who was visited Thursday morning by Jesse R. Johnson, manager of the non-partisan league in Nebraska.

Mr. Johnson's visit was prompted by the disturbance at Beatrice last week when a meeting of leaguers was broken up and some of the members roughly handled, according to reports emanating from that city.

The purpose of Mr. Johnson's visit was to arrange for a conference of leaders of the league at some future time, but he was told by the governor that unless a meeting could be held Friday it would be impossible for him to see them for some time, as he expected to be away for most of the time during the next two weeks.

In speaking of the matter, Governor McKelvie said: "I know that the whole unpleasant matter does not reflect the sentiment of the very great majority of the people of Nebraska, and they are just as anxious as anyone to see that it is cleared up in such a way as to remove the stigma that attaches to their community as a result of what happened. In fact, I shall not be surprised if the sentiment in that community is so preponderant that the whole matter will be disposed of without bringing it to the further attention of the state authorities."

Agricultural Department Asks Big Appropriation

Washington, Aug. 14.—Appropriations totaling nearly \$600,000 with which to help carry out the president's suggestions for reducing living costs were asked of congress today by the Agriculture department.

How to Instantly Have a Beautiful White Skin

A Free Prescription Does This for You. You Can Prepare It At Your Home. New York: It is my own discovery and it takes just one application to get such marvelous results, says Mae Edna Wilder, when her friends ask her about her wonderful white skin and the improved appearance of her hands and arms. You can do the same thing if you follow my advice, she says. I feel it is my duty to tell every girl or woman what this remarkable prescription did for me. Just think of it. All this change in a single application. I never tire of telling others just what brought about such remarkable results. Here is the identical prescription that whitened my skin and removed every defect from my face, neck, hands and arms. Until you try it you can form no idea of the marvelous change it will make. The prescription which you can prepare at your own home is as follows: Go to any grocery and get 10 cents worth of ordinary oatmeal, and from any drug store a bottle of Derwillo. Prepare the oatmeal as directed in every package of derwillo and apply night and morning. The first application will astonish you. It makes the skin appear white, transparent, smooth and velvety. I especially recommend it for freckles, tan, sun spots, coarse pores, dark, sallow, rough skin, ruddiness, wrinkles, and in fact, every blemish the face, neck, hands and arms are heir to. If your neck is dark one application of this Derwillo-Oatmeal combination will make it look as white as a lily. It is absolutely harmless and will not produce or stimulate a growth of hair. No matter how rough and unsmooth the hands and arms, or what abuses they have had through hard work and exposure to the sun and wind this prescription will work a wonderful transformation in 12 hours at the most. Thousands who have used it have had the same results as I have had. NOTE—To get the best effect be sure to follow the complete directions contained in every package of Derwillo. You have only to get derwillo and oatmeal. You need nothing else and it is so simple that anyone can use it, and so inexpensive that any girl or woman can afford it. Druggists and department stores guarantee that there will be a noticeable improvement after first application or they will refund the money. It is sold in this city at all toilet counters under a money-refund guarantee by all department stores and druggists, including Sherman & McConnell, the Beaton and Merritt Drug Co.—Adv.
