

HOARDERS MOVE STOCK TO ESCAPE PROSECUTION

Destroy Storage Records at Columbus—Probe Only Just Starting, Says Governor Cox.

Continued from Page One.
 By 10,460,000 eggs and 300,000 pounds of butter, all of which had been held in storage for some time.
 Statistics announced by the bureau of markets, showing a great increase in the amount of food held in storage, were said by Judge Ames, assistant to the attorney general in charge of enforcing the food control law, to bear out the department's contention that a prime reason for enhanced prices was the holding of supplies from the market.

"We are going to force these hoarders and profiteers to disgorge," Judge Ames declared, "wherever they are found to hold greater amounts than are necessary for the conduct of their business and the safeguarding of the food situation during the winter."

Committees Continue Work.

The agriculture committees of both senate and house continued work on legislation asked by Attorney General Palmer extending the provisions of the food control act and giving a criminal penalty for violation of it. Opposition by several senators balked an immediate report by the senate committee, which now plans to act Tuesday. Judge Ames appeared before the house committee, explaining to the Department of Justice thought the legislation necessary.

Another witness before the house committee was John D. Miller of the national board of farm organizations who urged that farm associations should be exempt from any regulations as to the price and distribution of food products. L. D. H. Weld of Swift & Co., testifying before the house interstate commerce committee, which is considering cold storage legislation, declared that to force stored food on the market now would create a serious situation next winter.

Through the putting on sale of 2,000,000 surplus army blankets the War department made another attack on high living costs. Large quantities were quickly disposed of at prices ranging from \$6 to \$1.50 a blanket.

Prosecution Probable.

Chicago, Aug. 15.—Criminal prosecution of sugar operators, some of whom it is alleged have been taking three profits through wash sales, is likely to follow the work of federal investigators here in disclosing hoarders and profiteers, according to R. A. Milroy, assistant district attorney.

The work of the federal investigators branched out late today to suburban towns, where it is claimed Chicagoans are holding some of their stocks in order to escape investigation.

Nine carloads of government

foodstuffs now are enroute to Chicago for distribution in the nine states of the seventh zone. These will be in addition to the enormous quantities in storage in the quarter-master's warehouses here. The population of the seventh zone is about 43,500,000.

Mayor Thompson will have general supervision of the distribution in the city and sales will start Monday at two department stores. A portion of the supplies for the city, as well as great quantities for the remainder of the seventh zone will be distributed by parcels post. Illinois, Indiana, Iowa, Kentucky, Michigan, Minnesota, Ohio, West Virginia and Wisconsin comprise the zone.

Seize Sugar Supply.

Cleveland, Aug. 15.—J. C. Breitenstein, assistant United States district attorney for northern Ohio, late Friday announced that a libel has been filed under the Lever act to seize and condemnation of 200,000 pounds of sugar belonging to the C. D. Kenny company of Baltimore and held in storage by the Canton Storage and Transfer company at Canton, O.

Deputy Sheriff T. E. Walsh of Cleveland seized the sugar tonight. E. S. Wertz, United States district attorney, will ask Judge West in federal court here to adjudge the sugar hoarded and order it condemned. If such order is made the sugar will be sold by the government and the proceeds, less the cost of seizure turned over to the owners.

Firmen to Search.

New York, Aug. 15.—Inspection of all cold storage and other warehouses by firmen for the purpose of discovering hoarded food supplies was ordered today by Mayor Hylan.

The fair-price committee held a two-hour secret meeting, preliminary to an investigation of food stocks and naming a fair price at which they should be sold.

1,000,000 Eggs Taken.

Nashville, Tenn., Aug. 15.—Nearly 1,000,000 eggs were seized by the federal authorities here today at the cold storage plant of Noel & Co. The eggs, which were the property of local produce dealers, were declared by the district attorney to constitute a supply largely in excess of the reasonable requirements of business.

Five Killed When Traction Car Strikes Automobile

Strike Ties Up Street Cars in East St. Louis and Suburbs

East St. Louis, Ill., Aug. 15.—Street car service in East St. Louis, Alton, Belleville and nearby cities was paralyzed completely Friday as a result of the carmen's strike.

Railway officials told the strikers they could not grant the demand for a 50 per cent increase unless they were permitted to increase fares.

RENEWS PLEDGE OF RESTITUTION OF SHANTUNG

Japanese Premier in Interview Declares Attitude of China Will Determine Time of Restoration.

Tokio, Aug. 15.—(By the Associated Press.)—Restitution of Shantung and also Kiao Chau to China by Japan will be made without unnecessary delay, but the time required will be dependent upon the attitude of China, said Takashi Hara, Japanese premier, today in an answer to a question as to whether actual restoration would take place. The premier in answering the query of the Associated Press made the following statement: "The question is not whether we are willing to restore Shantung to China and would enter into negotiations with the Peking government as soon as possible after the Versailles treaty should be ratified by Japan." "My colleague, Viscount Uchida, minister of foreign affairs, made a statement on August 2 in explanation of our policy respecting the Shantung question. That statement represents the considered opinion of this government and I have little to add in dealing with the same subject."

Light Saving Repeal Again Vetted by Wilson

Mogy Bernstein Shot to Death in His Store

(Continued from Page One.)
 nor heard nothing of him. I told her if she did not hear from him soon to call me again. About 45 minutes later she called me and said that a client in the Getten-Wick said that a clerk in the store, 1605 Farnam street, had told her over the telephone that the front door of Mogy's store was open.

"Mrs. Bernstein and I then went to the store and found Mogy."

Discredited Suicide Theory.
 "I can't believe it was suicide," Nathan Bernstein said. "I talked to him Friday morning and he was actually beaming over the prospect of opening up his store again. He had a little financial trouble recently but that had all been cleared up. He left no note."

Mogy opened up his restaurant last winter. Hot doughnuts and coffee were his specialty. According to Nathan Bernstein the store was a success. "Mogy was forced to close temporarily this summer on account of being unable to get much business abroad. 'Friday he put a big sign in his window announcing his reopening on Saturday, August 23.'"

Known for Acts of Charity.
 Mogy was known throughout the middlewest by his acts of charity. Every year for the last score or more he has given Omaha newsboys a picnic. During the war he spent his time almost exclusively in war work. On the street corners every moon Mogy could be seen drumming up a collection for the entertainment of soldiers and sailors. He was prominent in Red Cross work here, also.

Mogy came to Omaha 36 years ago from his birthplace, Albany, Ind. He started to work as a newsboy. For 10 years he sold papers in downtown streets and saved enough money to open a shining parlor at 1416 Farnam street. He later opened a coffee department in the Central market, Sixteenth and Farnam streets, and when that closed its door he outfitted his restaurant.

Mogy was a member of Ak-Sar-Bern, the Fraternal Order of Eagles. He is survived by his wife, Blanche Sunfield Bernstein, two children, Helen, 17 and Amy, 9; his parents, Mr. and Mrs. Jacob Bernstein; four brothers, Nathan of Omaha; Herman of St. Paul; Abe of Detroit and Rabi Louis of St. Joseph; and two sisters, Mrs. Harry Sunfield of Wichita, Kan., and Miss Rose Bernstein of Omaha.
